State of Md., Treasury Department, Comptroller's Office, Annapolis, Sept. 28th, 1873. E. T. WROTH, Esq., Baltimore, Md. Dear Sir: Yours in regard to the Guano was received some time ago, and as I know very little personally about the effect of it, I laid it aside until I could go home and inquire. I learn that it did improve the wheat to some extent. I did not apply any other Guano. I applied \*\*\*\*\* Bone Dust, and I learn your Guano was about the same efficacy in fertilizing, so far as the appearance of the crop indicated.

Please send me bill for the Guano, and I will send you a check. I am, very truly, in haste, yours, &c. LEVIN WOOLFORD, Millstone Landing, Md., Dec. 1, 1873.

Mr. E. A. DUNLAP, Dear Sir: I am in receipt of your letter, but regret that I did not receive it sooner. I used your Guano, side by side with \*\*\*\*\* Ammoniated Super-Phosphate, and could perceive no difference, only in the growth of the straw. The straw from \*\*\*\*\* is rather the largest. The grass from it was equally as good, and I do not hesitate in recommending it to farmers as a reliable fertilizer.

Very respectfully, A. L. KANAH WISE, Aug 20, 1874-2t.
