THE NEW YORK TRIBUNE.

"The Leading American Newspaper," FOUNDED BY HORACE GREELEY.

In the recent elections the people have declared in favor of honesty in politics and independence in journalism.

It publishes all the news earlier, more fully, and more intelligently than any other paper.

It publishes scientific news, reports, discussions and discoveries to a degree of fullness and accuracy never before attained by any paper.

WHAT THE SOUTHERN PRESS SAYS OF THE TRIBUNE.

We consider The Tribune a very valuable paper—[Asheville (N.C.) Citizen]

The N. Y. Tribune, in its faithful and searching exposure of our slaveholders in Alabama and other States, has done immense service to truth and justice.

We thank The New York Tribune for its manly and powerful words in demanding justice for the people of Alabama—[Montgomery (Ala.) News]

The best paper in the world is the New York Tribune. It combines the dignity and sagacity of the London Times with the representative news enterprise of America—[Baltimore Bulletin]

A paper to be admired for its independence of tone and its reliability of news—[Episcopal Methodist, Baltimore, Md.]

Any one who wants a first class paper which keeps fully up with the times in literature, science and art should subscribe for the Tribune—[Cincinnati (O.) Commercial, Spartan]

The imperial sheet of the world, the New York Tribune—[The Jacksonville (Fla.) New South]

We regard it as the best paper, in all, published in the United States—[Norristown (Pa.) Gazette]

Today the New York Tribune is undoubtedly the first of American newspapers; whatever may be said of its rivals, it has clearly won pre-eminence of the very creditably does it represent the journalism of the country.

Among all the papers coming within the range of a newspaper, the Tribune makes a specialty of the great subject of agriculture. It comes therefore a matter of vital importance to the country that the direction of the ideas of this vast section should be in able and conscientious hands, and a matter for congratulation that the former newspaper par excellence has the high standing of the Tribune—[The (N.Y.) South]

The New York Tribune is doing a great work in popularizing Science by the publication of cheap extracts to that great daily—[Our Monthly]

American newspaper enterprise is probably at this time more fully illustrated in the daily issues of the New York Tribune than in any other journal—[Washington (N.C.) Star]

Unequaled in culture, dignity, comprehensiveness, breadth, polish or expression and intellectual; fettered by no party ties, biased, independent, and true to the facts of the case—[Baltimore (N.C.) Agricultural Journal]

Surely the paper has maintained successfully the high popularity which he begrudged it, and the name of an entirely correct and independent journal, which it now deserves even more justly than at any time during Mr. Greeley's life—[Petersburg (Va.) Index and Appeal]

TERMS OF THE TRIBUNE. Daily, by mail, \$10 per year, Semi-Weekly, \$2 per year; five copies, \$25 each; Weekly, \$2 per year; ten copies, \$1 25 each; twenty copies, \$1 10 each.

Z. D. BLAKISTONE'S PATENT TOBACCO MILLER.

The Simplest and Greatest Labor-saving Implement in existence. It will do the work of 20 men or more in striking cheap hills, and do the work better, as the plants live and grow off better, and less crab-grass grows after it; and, with a good stand and favorable seasons, a hoe is not needed in the field.

One man can cultivate as much as six under any other mode, giving a clear gain of five days to devote to other cultivated crops.

Any written order, received before the first day of February, 1875, I will manufacture a Miller at \$25, deliverable on or before the first day of April, 1875. The rebate of \$5 (\$30 is my fixed price) is in consideration of the outlay a few months before the machine is needed.

The past season I hired out every machine I had on hand, at \$1 per working day, to my neighbors. Send your address, and I will send you the testimonials of those who have used it.
