Ayer's Ague Cure,

For Fever and Ague, Intermittent Fever, Chills, Fever, Remittent Fever, Dumb Ague, Periodic or Bilious Fever, &c., and indeed all the affections which arise from malarious, marsh, or miasmatic causes.
R. No one remedy is under called for by the masses of the American people than a safe and sure cure for Fever and Ague. Such we are now enabled to offer, with a perfect certainty that it will eradicate the disease, and with assurance, founded on proof, that no harm can arise from its use in any quantity.
That which prevents or prevents the disease, must be of immense service in the commission where it prevails. Prevention is better than cure, for the patient escapes the risk which he must run to violent attacks of this baneful disease. This "Cure" expels the miasmatic poison of FEVER AND AGUE from the system, and prevents the development of the disease, if such be the first approach of its precursive symptoms. It is not only the best remedy ever yet discovered, or this class of complaints, but also the cheapest. The large quantity we supply for a dollar brings it within the reach of everybody; and in bilious districts, where FEVER AND AGUE prevails, everybody should have it, and use it freely, both for cure and prevention. It is hoped this price will place it within the reach of all. A great superiority of this remedy over any other is its safety. It is perfectly safe, and does not interfere with the action of the system, or produce any other injurious effects whatever upon the constitution. Those cured by it are left as fresh and vigorous as before, and free from the usual accompaniments of this class of complaints. This "Cure" expels the poison from the blood, and consequently cures all the various forms of malarious fever, or bilious periodicity. It is a valuable protection to immigrants and persons who are exposed to malarious influences in the various districts. If taken occasionally or daily while exposed to the infection, it will be created in the system, and cannot accumulate in sufficient quantity to ripen into disease. Hence it is even more valuable for protection than cure; and few will ever suffer from Intermittent or Remittent Ague, or Bilious Fever, if they use this remedy. For Liver Complaints, arising from torpidity of the Liver, it is an excellent remedy, stimulating the Liver into healthy activity, and producing many truly remarkable cures, where other medicines fail.

Attention Farmers!

I am now prepared to furnish planters with my Patent Tobacco Prize, upon the shortest reasonable notice. This Prize is now being quite generally used in this locality and has, so far, given universal satisfaction. The advantages it possesses over all other Prizes now in use are too varied and manifold to admit of description in this advertisement. It is conceded by all who have used it to be a great economizer of labor, and is so limited that it places Tobacco in market at a condition very superior to that of any other Prize now in use.
Prize with railway attachment to prize two lbs. of tobacco, \$50. Without railway, \$60.

This is a Home Company, gotten up expressly in the interest of the citizens of Southern Maryland, to enable them to overcome the difficulties they experienced in procuring insurance in the ordinary insurance Companies, with a majority of its Directors well known in that community. It has been in business now over four years. All losses accrued, and they have been unusually large, have been faithfully and promptly paid, which is our best guarantee for the future. The plan adopted is the safest and cheapest known in insurance, and affords to all insurance at its exact cost, and ought to be encouraged by all who wish to protect their selves against loss or damage by fire. If those interested will get in their patronage and interest themselves in the increase of its business, in a few years it will rank among the largest insurance corporations in Maryland, a credit and benefit to all, and an honor to the State.
