The Weekly Sun.

Eighteen hundred and seventy-six is the
Centennial year. It is also the year in which
an Opposition House of Representatives, the
first since the war, will be in power at Wash-
ington; and the year of the twenty-third
election of a President of the United States.
All of these events are sure to be of great in-
terest and importance, especially the two lat-
ter; and all of them and everything con-
nected with them will be fully and ably re-
ported and expounded in THE SUN.
The Opposition House of Representatives,
taking up the question of inquiry opened, years
ago by the Secs, will stir up, and diligently
investigate the corruptions and misdeeds of
Garrison's administration; and will, it is to be
hoped, lay the foundation for a new and bet-
ter period in our national history. Of all
this THE SUN will contain complete and ac-
curate accounts, furnishing its readers with early
and trustworthy information upon these
absorbing topics.
The twenty-third Presidential election, with
the preparations for it, will be memorable as
deciding upon Grant's aspirations for a third
term of power and plunder, and still more as
deciding who shall be the candidate of the
party of Reform, and as electing that candi-
date. Concerning all these subjects, those
who read THE SUN will have the constant means
of being thoroughly well informed.
THE WEEKLY SUN which has attained a cir-
culation of over eighty thousand copies, al-
ready has its readers in every State and Ter-
ritory, and we trust that the year 1876 will
see their numbers doubled. It will continue to
be a thorough newspaper. All the general
news of the day will be found in its columns,
when unimportant, at full length when of
moment; and always, we trust, treated in a
clear, interesting and impartial manner.
It is our aim to make THE WEEKLY SUN
the best family newspaper in the world, and we shall
continue to give in six columns a large amount
of miscellaneous reading, such as stories,
tales, poems, scientific intelligence and agri-
cultural information, for which we are not
able to make room in our daily edition. The
agricultural department, which is one of its
most prominent features. The fashions are also
regularly reported in its columns; and so are
the markets of every kind.
THE WEEKLY SUN, eight pages with fifty-
four columns is only \$2.00 per year, postage
prepaid. As this price barely repays the cost
of the paper, no discount can be made from
this rate to clubs, agents, Postmasters, or
anyone.
THE DAILY SUN, a large four page news-
paper of twenty-eight columns, gives all the news
for two cents a copy. Subscription, postage
prepaid, 50c a month or \$4.50 a year.—
Sunday edition extra, \$2.50 per year. We
have no traveling agents, and
