

Fire! Fire! Fire!

DWELLINGS, Furniture, Barns, Out-houses, Farm Produce, &c., insured on the Mutual Plan by the

STATE OF MARYLAND

MUTUAL FIRE Insurance Company OF BALTIMORE,

Office No. 17 South Street,

B. G. HARRIS, President.

Directors:

S. H. Caughy, of Noah Walker & Co. Philip T. George, of George & Jenkins. T. D. Anderson, of Anderson & Bro. John Stack, Carpenter and Builder. Hon. George Brent, Court of Appeals. George P. Jenkins, Charles county. J. T. Ballenger, St. Mary's county. B. G. Harris,

This is a Home Company, gotten up expressly in the interest of the citizens of Southern Maryland, to enable them to overcome the difficulties they experienced in procuring insurance in the ordinary Insurance Companies, with a majority of its Directors well known in that community.

It has been in business now over four years. All losses accrued, and they have been unusually large, have been faithfully and promptly paid, which is our best guarantee for the future.

The plan adopted is the safest and cheapest known in Insurance, and affords to all insurance at its exact cost, and ought to be encouraged by all who wish to protect themselves against loss or damage by fire.

If those interested will get it their patronage and interest themselves in the increase of its business, in a few years it will rank among the largest Insurance corporations in Maryland, a credit and a benefit to all, and an honor to the State.

The Weekly Sun

1876. NEW YORK. 1876

Eighteen hundred and seventy-six is the Centennial year. It is also the year in which the Opposition House of Representatives, the first since the war, will be in power at Washington; and the year of the twenty-third election of a President of the United States. All of these events are sure to be of great interest and importance, especially the two latter; and all of them will be fully and freshly reported and expounded in the Sun.

The Opposition House of Representatives, taking up the line of inquiry opened years ago by the Sun, will steadily and deliberately advocate the corrupt and mischievous of Grant's administration; and will, it is to be hoped, lay the foundation for a new and better period in our national history. Of all the events of the year, this will be the most important, and will be remembered as a landmark in the history of the party of Reform, and as electing that candidate. Concerning all these subjects, those who read the Sun will have the constant means of becoming thoroughly well informed.

The Weekly Sun which has attained a circulation of over thirty thousand copies, all ready to receive its news in every State and Territory, and to read its columns in every part of the world, will continue to give its readers a constant stream of miscellaneous reading, such as stories, tales, poems, scientific intelligence and agricultural information, for which we are not able to make room in our daily edition. The agricultural department especially is one of its prominent features. The fashions are also regularly reported in its columns; and so are the markets of the world.

The Weekly Sun, eight pages with fifty-five broad columns is only \$1.20 a year, postage prepaid. As this price barely repays the cost of the paper, no discount can be made from his rate to clubs, agents, Postmasters, or anyone.

The Daily Sun, a large four page newspaper of twenty-eight columns, gives all the news for two or ten copies. Subscription, postage prepaid, 66c a month or \$6.60 a year. Sunday edition extra, \$1.10 per year. We have no traveling agents, address, THE SUN, New York City. Nov. 25, 1875-6t.
