In the introduction of Keller's Vegetable Life Drops, a new departure has been instituted. Instead of appealing to the credulity and desperation of the sick, the judgment of all is addressed in "A Brief Manual of Purgative and Depurative Medicine," to be had of druggists free of charge, and given with every bottle of the Drops.

Diseases of the Blood. LIVER AND STOMACH. INDIGESTION, DYSPEPSIA, CONSTIPATION, &c. Keller's Vegetable Life Drops by their peculiar alterative and purgative influence act especially upon the Blood, purifying it, and removing such diseases as

Liver Complaint, Biliousness, Ulcers, Rheumatism, Pimples, Skin Diseases, Blisters, Neuralgia, Boils, Eruptions, Headache, Nervousness, Jaundice, Fever & Ague, Colds, Loss of Appetite, and kindred diseases, resulting from impure and vitiated Blood.

LIVER COMPLAINT. When from any of the numerous itching causes the Liver begins to act abnormally, the bile remains in the system, vitiating and perverting every vital process, and causing Boils, Carbuncles, Blisters, Pimples, Coughs, Bronchitis, Asthma, Constipation, Dysentery, Kidney and Bladder diseases, and many other disorders, all originating directly or indirectly from the Liver.

CONSTIPATION. The suppression and retention of the contents of the alimentary canal produce Foul Breath, Indigestion, Dyspepsia, Piles, Chronic Headache, Skin affections, and many other diseases referable to the morbid influence of Constipation. Keller's Vegetable Life Drops promptly cure this disease, and all the bad effects attending upon or resulting from it.

Keller's Vegetable Life Drops are the safest remedy for those peculiar diseases arising from the structural differences between the sexes, and known as Female Complaints.

Fire! Fire! Fire! DWELLINGS, Furniture, Farms, Out-houses, Farm Produce, &c., insured on the Mutual Plan by the STATE OF MARYLAND MUTUAL FIRE Insurance Company OF BALTIMORE.

Office No. 17 South Street, B. G. HARRIS, President.

This is a Home Company, gotten up expressly in the interest of the citizens of Southern Maryland, to enable them to overcome the difficulties they experienced in procuring insurance in the ordinary Insurance Companies, with a majority of its Directors well known in that community.

It has been in business now over four years. All losses accrued, and they have been unusually large, have been faithfully and promptly paid, which is our best guarantee for the future.

The plan adopted is the safest and cheapest known in Insurance, and affords to all Insurance at its exact cost, and ought to be encouraged by all who wish to protect themselves against loss or damage by fire.

If those interested will get their patronage and interest themselves in the increase of its business, in a few years it will rank among the largest Insurance corporations in Maryland, a credit and a benefit to all, and an honor to the State. June 26, 1873—41n

GRAMPTON'S IMPERIAL SOAP IS THE BEST.

Crampton's Imperial Soap is the Best. Crampton's Imperial Soap is the Best. Crampton's Imperial Soap is the Best. Crampton's Imperial Soap is the Best.

This Soap is manufactured from pure Sulfuric acid and it contains a large percentage of Vegetable Oil, is warranted fully equal to the best imported Castile Soap, and at the same time contains all the washing and cleaning properties of the celebrated French and Laundry Soap.

It is especially adapted for use in the Laundry, Kitchen and Bath Room, and for general household purposes; also for Printers, Painters, Engineers, & Machinists, as it will remove spots of Ink, Grease, Tar, Oil, Paint, etc., from the hands.

The Huntington (Pa.) Monitor of April 5th 1871, pronounces this Soap the best in the market, as follows: "Reader, we don't want you to suppose that this is an advertisement, and pass it over unheeded. Read it. We want to direct your attention to the advertisement of 'Crampton's Imperial Soap.' Having used it in our office for the past year, we can recommend it as the best quality of soap in use. It is a rare thing to get a Soap that will thoroughly cleanse printing ink from the hands, as also from linen, but Crampton's laundry soap will do it, and we know whereof we speak. It is especially adapted for printers, painters, engineers and machinists, as it will remove grease of all descriptions from the hands as well as from clothes, with little labor. For general household purposes it cannot be excelled."
