Dissolution of Copartnership.
BALTIMORE, March 19th, 1878.
The Co-Partnership heretofore existing between the undersigned under the name of J. J. TURNER, NEER & CO., is this day dissolved by mutual consent. Either will sign in liquidation.
J. J. TURNER.
J. Q. A. HOLLOWAY.

To Tobacco Planters and Corn Growers.
The undersigned FARMER in the manufacture of FERTILIZERS in this city, and engaged, since 1858, as a member of the firm of J. J. TURNER, NEER & CO., to manufacture and process of
"Excelsior" & "Ammoniated Phosphate"
Very experienced, and since 1864 a member of the late firm of J. J. TURNER & CO., relying upon his experience and personal reputation, hitherto acquired in the uniform excellence of these FERTILIZERS as manufactured by him, offers them in his own name to the agricultural public.
Having secured the works of the old firm, THE HOLLOWAY'S WHARF, with the complete machinery, specially constructed for their manufacture, he will continue the manufacture of
"EXCELSIOR" AND AMMONIATED PHOSPHATE
On his own account, with his office adjoining the works, where he will be pleased to see his friends and patrons, assuring them that the FERTILIZERS manufactured by him shall be of the same quality and high standard quality as sold by the old firm since their introduction.
J. Q. A. HOLLOWAY,
Originator and Manufacturer
The above are the most concentrated, universal and durable FERTILIZERS ever offered to the Farmer—combining all the stimulating qualities of Peruvian Guano and the ever-durable fertilizing properties of Bone, in fine, dry powder prepared expressly for drilling, and it is the opinion of many close-calculating farmers, after over twenty years' experience in testing the "EXCELSIOR" manufactured by me, side by side with other popular Fertilizers, that an application of 100 pounds is equal to 200 pounds of any other Fertilizer on Guano ever offered for sale, therefore fully 50 per cent. cheaper. By strictly adhering to my Original Formulae, using only the most concentrated materials, and superintending in person their manufacture—as for the past twenty years—**UNIFORM QUALITY IS GUARANTEED.**
Farmers to secure the GENUINE EXCELSIOR AND PHOSPHATE prepared according to my Original Formulae established in 1858, should see that every bag is branded as above, with the Analysis and my name in Red Letters.
EXCELSIOR 800 PER TON. PHOSPHATE 340 PER TON.
