MALTY HOUSE, BALTIMORE.

April 1st, 1879.

Recognizing the fact that the relationship existing between the Counties of Maryland and the City of Baltimore is such that residents of the Counties have occasion to visit the City frequently during the year; in consideration of these facts and the liberal patronage extended the "Maltby House" in the past, I deem it but a matter of justice that some discrimination should be made in their favor. I have therefore concluded to

Reduce the Price of Board to \$2.00 per Day,

feeling confident that the same will be fully appreciated by them, and at the same time merit and secure an increased share of their patronage. Assuring them that nothing will be left undone that can add to their comfort during their stay.

Rooms without board, 75 cents and upward per day.

C. R. HOGAN, Proprietor.

NOTICE.

To my Friends and Customers.

I have leased No. 98 N. Gay Street and added to it my

STOVE-TINWAREHOUSE

I now have double the room I formerly had. I have also added several new styles of Stoves to my list.

With these increased facilities I shall spare no effort to make my place popular with all purchasers.

I invite suggestions as to what improvements can be made to make my goods still more perfect than ever.

I desire to express my thanks to the ladies and gentlemen of this State for the noble manner in which they have patronized me in this light I have been making against extravagant prices and inferior goods. I solicit a continuance of their patronage, assuring you that Price will still be the lowest and Quality the best.

I still sell the celebrated

"TIMES COOK,"

Envious rivals to the contrary notwithstanding.

I guarantee every article I sell.

WHEAT SEEDING.

Office of R. C. DAVIDSON,
Manufacturer of Fertilizers,
36 W. Lombard St.,
Baltimore, Aug. 27, 1878.

Dear Sir:—Our Agent, Mr. W. J. H. Gluck, is about to call upon you. He will offer our different grades of Fertilizers at prices fixed with a view to ruling rates for produce. Whilst we offer for Wheat Seeding, two articles at a material difference in cost, we would state that the more costly differs from the other almost entirely in its stimulating constituent—Ammonia—in other and more lasting properties, such as Available Phosphoric Acid, it is substantially the same.

Yours truly,
R. C. DAVIDSON.

will be offered in every kind of goods in his line.

He has just added to his stock of fine goods a large line of medium priced, substantially made Boots and Shoes, which he is offering at prices to suit the times. It is certainly the best assortment he has been able to show, and they are to be sold at lower prices than ever. He cordially and confidently invites criticism, and an examination and inspection of his stock, feeling assured that his customers will be convinced that it is his aim to give the best goods at the lowest prices. He has a large and varied assortment of HEAVY BOOTS and SHOES, suitable for farmers and planters, to which he invites the particular attention of COUNTRY MERCHANTS, being satisfied that he can sell them cheaper than they can be bought the side of New England. Don't buy a dollar's worth of goods in our line until you investigate his stock.
