WE have a tremendous stock of goods both at Great Mills and St. Inigo's, which must be sold to make way for Holiday Goods. Our stock is always complete. We never allow it to become reduced.

We grew up in the business. We know the business. We studied the people's wants. We know what they want. We keep what they want. We sell at prices to suit them.

returns to my customers at Great Mills my sincere thanks for the generous encouragement which I have received at their hands, and to the whole people of St. Inigo's district, with whom I have been so pleasantly associated in business for more than a year, I am equally grateful. Having been forced to build a new store at St. Inigo's, my stock will be much larger and more varied, and whilst I have no time or desire to sit around my store and boast that "I am able to buy and sell at a discount," I hope always by industry, perseverance and fair dealing to command a share of the people's patronage.

Very respectfully,

JOS. S. ALLSTAN.

Ague Cure

It is a purely vegetable matter and powerful tonic, and is warranted a speedy and certain cure for Fever and Ague, Chills and Fever, Intermittent or Chill Fever, Remittent Fever, Dumb Ague, Periodical or Bilious Fever, and all malarial disorders. In malarial districts, the rapid and constant change of temperature, loss of appetite, pain in the back and limbs, and colic of the spine and extremities, are only premonitions of severe symptoms which terminate in the fever paroxysm, succeeded by high fever and profuse perspiration.

It is a startling fact, that quinine, arsenic, and other poisonous minerals form the basis of most of the "Fever and Ague Preparations," "Spondies," "Syrups," and "Poultices," in the market. The preparations made from these mineral poisons, although they are palatable, and may break the chill, do not cure, but leave the malarial and their ever drug poison in the system, producing quinine, dizziness, ringing in the ears, headache, vertigo, and other troubles more formidable than the disease they were intended to cure. AYER'S AGUE CURE thoroughly eradicates these noxious poisons from the system, and always cures the severest cases. It contains no quinine, mineral, or any thing that would injure the most delicate patient; and its crowning excellence, above its certainty to cure, is that it leaves the system as free from disease as before the attack.

For Liver Complaints, AYER'S AGUE CURE, by direct action on the liver and biliary apparatus, drives out the poisons which produce these complaints, and stimulates the system to a vigorous, healthy condition.

We warrant it when taken according to directions.

Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.

SOLE BY ALL DRUGGISTS EVERYWHERE.

Ho! For THE HOLIDAYS!
