A Paper for All Classes of the People and in every Department of Life. Independent and Conservative.
The Sun is conservative in politics, independent in tone and non-sectarian. Its proprietor points to the principles that have governed it in the past as a guarantee of its course in the future. On all subjects of public interest it will continue to express its opinions, according to its best judgment, with a view only to the promotion of the best interest of the public. All the freshest news, at home and abroad, including the latest stock and other intelligence, is given from day to day in its columns. In addition to what is furnished by the Associated Press and by the best telegraphic services, the Sun, in its own office, employs a corps of special correspondents, that from Europe as well as from the Pacific Coast, and from its Washington Bureau, it receives the latest intelligence, as occasion may require, at every other point to which the current of events give prominence.
The Financial and Commercial Reports of the Sun contain at all times full and trustworthy accounts of all movements and operations in the leading markets, as well as that of Baltimore, with special telegraphic services from New York, the latest stock and other transactions; while its reports of the ruling prices of breadstuffs, provisions, and other leading articles of trade and commerce, will embrace the latest intelligence, both at home and abroad, of each day's doings, up to the hour of going to press.
As a paper for the people, filled with the freshest and most varied news, the Sun has acquired a reputation which is not surpassed by any of its contemporaries, while its large circulation, not only locally, but in many of the States of the Union, makes it the most valuable medium for all classes of advertisers.

Farmers Attention
AND DON'T FORGET THAT
MANN'S
Old Reliable Agricultural Implement,
Hoes and Seed Houses leads the race for bargains. See below a partial list of the immense stock in store and being daily received, all of which was purchased before the late advance in prices.
200 tons Peruvian Guano, in dry condition at market prices.
300 Tons Bone Meal, (guaranteed pure) 100 tons Turner's Premium.
100 " Ammoniated Bone.
50 " Superior Grain Drills."
These are the celebrated adjustable force feed drills and combine all points of excellence known; but admit more favorable prices than any on the market.
50 Montague's Fan Mills.
Call to find with me, every farmer must admit, then who is it he has so greatly increased at his communications on the school question?
Since "Progress" still contends Mr. Holmes' vote shows a vindictive spirit of the School-Board, and as I have apprehended him in his base of digging comparisons, I am quite willing to follow him on his own ground.
The official returns of 3rd, 4th, 8th, districts give Gary 303, 200, —888. Holmes 388, 217, 218— a difference in his favor of 135 v. evidently Democratic, but no man of judgment would for a moment entertain the idea that Mr. Holmes' received the unanimous support of republicans in these districts.
"Progress" admits that H. lost 95 in the district. Then it must be clear that he received a greater demerit than the judgment of "Progress" oversteps. Now, if "Progress" oversteps, I will make a wager of two "beers," that the farmers and plasterers will at present, as in the past, be sold my friends and patrons at prices so decidedly favorable that their best interests will be advanced by favoring me with orders or calling when contemplating purchases.

COMMON SENSE WASHER.
JOSHUA JONES, Esq., has obtained the Agency for the "Common Sense Washer," which we have on hand for sale. The inventor was a pioneer in the use of washers and has given to the public several that have gained a world-wide reputation. In producing the present one, he had the benefit of large experience, which he has skillfully applied, sparing no pains to make it as perfect as it is possible to make any piece of machinery for a special purpose. It contains all the good points found in all the others, reduced to the most practical form, and has no weak parts. Mr. Jones also sells the Walker Washer and the Walker Lever Wringer.
The price of the Common Sense Washer is \$2—the Walker Washer is sold for \$3—the Walker Lever Wringer also for \$3. Persons desiring of making inquiries in regard to these machines, or wishing to purchase, will do well by calling on me for the agency, or generally or communicate with him by letter, addressed to the Oakville Post Office.
