**To Wheat Growers!**

The undersigned, PIONEER in the manufacture of Fertilizers in this city, and  
ORIGINATOR in 1858 of the Formulas and processes of manufacture of  
"Excelsior" and Ammoniated Phosphate,

So well and favorably known by the Agricultural public, relying upon his ex-  
perience and personal reputation hitherto acquired in the uniform excellence of  
these Fertilizers, as manufactured by him, continues to offer them to the Farm-  
ers and Planters of Maryland and Virginia, with the assurance that the high  
standard quality of each will be maintained as heretofore.

The above are the most concentrated FERTILIZERS ever offered to the  
farmer—combining all the stimulating qualities of Peruvian Guano, and the  
ever-durable fertilizing properties of Bones, in fine, dry powder, prepared  
expressly for drilling.  
For growing Wheat, it is the universal opinion of the farmers of Maryland and  
Virginia, after over twenty years experience in the use of these FERTILIZERS  
manufactured by me, that an application of 100 pounds is equal in its effects to  
200 pounds of any other Fertilizer or Guano, therefore fully 50 per cent. cheaper.  
With my present advantages and superior facilities for manufacturing, I chal-  
lenge competition with any Fertilizer sold in the United States, in Quality, Me-  
chanical Condition and Price.  
By strictly adhering to my Original Formulas, using only the most concentra-  
ted materials, and superintending in person their manufacture—as for the past  
TWENTY YEARS—

**Uniform Quality is Guaranteed.**  
Farmers, to secure the ONLY GENUINE EXCELSIOR and PHOS-  
PHATE, prepared according to my Original Formulas established in 1858,  
should see that every Bag is branded as above, with the ANALYSIS and MY  
NAME IN RED LETTERS.

**To Wheat Growers.**  
1858. 1880.  
Forming the most concentrated, universal  
and durable FERTILIZER ever offered  
to the Farmer—combining all the stimu-  
lating qualities of Peruvian Guano and the  
ever-durable fertilizing properties of Bones,  
in fine dry powder, prepared expressly for  
drilling, and can be applied in any quantity,  
however small, per acre. It is the opinion  
of many close-calculating Farmers, after  
TWENTY-TWO YEARS experience in test-  
ing it side by side with other popular ferti-  
lizers, that an application of 100  
pounds of "EXCELSIOR" is equal to 200 lbs.  
of any other fertilizer or guano, and therefore fully 100 per cent. cheaper.  
Uniformity of quality Guaranteed by Manufacturers.  
Farmers can only be deceived from inferior imitations by seeing that every  
Bag is BRANDED WITH OUR NAME AND THE ANALYSIS IN RED LETTERS.

**AMMONIATED**  
**BONE**  
**SUPER**  
**Phosphate.**  
Composed of the most concentrated materials, it is  
RICHER IN AMMONIA AND SOLUBLE PHOSPHATES  
Than any other fertilizer sold, except OUR EXCELSIOR, and is made with  
the same care and supervision; uniform quality guaranteed. Fine and dry, in  
excellent order for drilling. We have also a very superior quality of  
PURE DISSOLVED BONES,  
And keep constantly on hand a large supply of high grade PERUVIAN GU-  
ANO.

**BONE FERTILIZERS.**

AS Agent for Western Factories, I can sell  
a genuine Pure Bone and Pure Bone Fertiliz-  
ers at a less price than any other party in this  
market. The following from the Hon. Jas. A.  
Bland, of Calvert, and J. M. Parr, of Baltimore,  
is a sufficient endorsement.  
Prime Frederick, Calvert Co., Md.  
June 17, 1880.  
Wm. R. Griffith, Esq., Deer Cr.—Years of  
June the 9th asking how I liked your Fertilizer  
"Hard Times" is at hand. In answer, I would  
say, that I used a bag of Guano with a bag of  
Fertilizer, &c., and I was much pleased with the  
result. I used the mixture on Corn Land WHEAT  
and the crop was the best I ever grew after Corn.  
I would have tried it on Tobacco this spring,  
but having failed in plants, prevented me. If I  
live to the Fall, I think I will try it again.  
Yours truly, Jas. A. Bland.  
I. M. PARR & SON, Commission Merchants,  
Baltimore, Aug. 27, 1879.  
Mr. Wm. R. Griffith, Deer Cr.—Referring to  
our conversation of this A. M., I beg to say, I  
will take two car loads about 35 tons of the  
"Pure Bone Ground Bone," like sample exhibited  
and at the price agreed upon.  
Please have it shipped promptly. Having  
bought this Bone from you last year and used it  
upon about 150 Acres of Wheat, the result was  
sufficiently satisfactory to cause me to use it again,  
with hopes of similar results. I believe my crop  
of Wheat was the very best in the section where  
used and that my land is materially improved.  
Very respectfully,  
I. M. Parr.
