To Wheat Growers!

The undersigned, PIONEER in the manufacture of Fertilizers in this city, and ORIGINATOR in 1858 of the Formulas and processes of manufacture of "Excelsior" and Ammoniated Phosphate,

So well and favorably known by the Agricultural public, relying upon his experience and personal reputation hitherto acquired in the uniform existence of these Fertilizers, as manufactured by him, continues to offer them to all Farmers and Planters of Maryland and Virginia, with the assurance that the high standard quality of each will be maintained as heretofore.

The above are the most concentrated FERTILIZERS ever offered to the farmer—combining all the stimulating qualities of Peruvian Guano, and the ever-durable fertilizing properties of Bones, in fine, dry powder, prepared expressly for drilling.
For growing Wheat, it is the universal opinion of the farmers of Maryland and Virginia, after over twenty years experience in the use of these FERTILIZERS manufactured by me, that an application of 100 pounds is equal in its effects to 200 pounds of any other Fertilizer or Guano, therefore fully 50 per cent. cheaper.
With my present advantages and superior facilities for manufacturing, I challenge competition with any Fertilizer sold in the United States, in Quality, Mechanical Condition and Price.
By strictly adhering to my Original Formulas, using only the most concentrated materials, and superintending in person their manufacture—as for the past TWENTY YEARS—

Uniform Quality is Guaranteed.

Farmers, to secure the ONLY GENUINE EXCELSIOR and PHOSPHATE, prepared according to my Original Formulas established in 1858, should see that every Bag is branded as above, with the ANALYSIS and MY NAME IN RED LETTERS.

"EXCELSIOR," "AMMONIATED BONE SUPER PHOSPHATE," "PURE DISSOLVED BONES."

ESTABLISHED 1858.

To Wheat Growers.

Forming the most concentrated, universal and durable FERTILIZER ever offered to the Farmer—combining all the stimulating qualities of Peruvian Guano and the ever-durable fertilizing properties of Bones, in fine dry powder, prepared expressly for drilling, and can be applied in any quantity, however small, per acre. It is the opinion of many close-calculating Farmers, after TWENTY-TWO YEARS experience in testing it side by side with other popular fertilizers, that an application of 100 pounds of "EXCELSIOR" is equal to 200 lbs. of any other fertilizer or guano, and therefore fully 100 per cent. cheaper.
Uniformity of Quality Guaranteed by Manufacturers.
Farmers can only be secure from inferior imitations by seeing that every Bag is Branded with OUR NAME AND THE ANALYSIS IN RED LETTERS.

AMMONIATED BONE SUPER Phosphate.

Composed of the most concentrated materials, it is RICHER IN AMMONIA AND SOLUBLE PHOSPHATES than any other fertilizer sold, except OUR EXCELSIOR, and is made with the same care and supervision, uniform quality guaranteed. Fine and dry, in excellent order for drilling. We have also a very superior quality of PURE DISSOLVED BONES, and keep constantly on hand a large supply of high grade PERUVIAN GUANO.

PURE ANIMAL BONE FERTILIZERS.

AS Agent for Western Factories, I can sell genuine Pure Bones and Pure Bone Fertilizers at a price less than any other party in this market. The following from the Hon. Jas. A. Bond, of Calvert, and I. M. Parr, of Baltimore, is sufficient evidence.

Price Frederick, Calvert Co., Md., June 11, 1880.
Wm. R. O'Grady, Esq. Dear Sir—Years of June the 9th asking how I liked your Fertilizer "Hard Times" is at hand. In answer, I would say, that I used a bag of Guano with a bag of Fertilizer, &c., and I was much pleased with the result. I used the mixture on Corn Land Wheat and the crop was the best I ever grew after corn. I would have tried it on Tobacco this Spring, but having failed in plants, prevented me. If I live to the Fall, I think I will try it again.
Yours truly, Jas. A. Bond.

I. M. PARR & SON, Commission Merchants, Baltimore, Aug. 27, 1879.
Mr. Wm. R. O'Grady, Esq. Dear Sir—In answer to our conversation of the 11th A. M., I beg to say, I will take two car loads about 25 tons of the "Pure Bone-Guano Bone" like sample exhibited and at the price expressed. Please have it shipped promptly. Having bought this Bone from you last year and used it upon about 150 Acres of Wheat, the result was sufficiently satisfactory to induce me to use it again, with hopes of similar results. I believe my crop of Wheat was the very best in the section where used and that my land is materially improved.
Very respectfully, I. M. Parr.

A full stock of Fertilizer Ingredients and Chemicals, &c., on hand.

KEEP COOL

It is folly to experiment with the numerous low-priced mixtures of cheap materials and without medicinal virtues, offered as blood-purifiers, while disease becomes more firmly seated. AYER'S SARSAPARILLA is a medicine of such concentrated curative power, that it is by far the best, cheapest, and most reliable blood-purifier known. Physicians know its composition, and prescribe it. It has been widely used for forty years, and has won the unqualified confidence of millions whom it has benefited.

THE NEW YORK SUN FOR THE CAMPAIGN.

THE WEEKLY SUN will be found a useful auxiliary by all who are earnestly working for the reform of the National Government. Believing that the evils which have so long beset the country can be cured only by change of the party in power, THE SUN earnestly supports for President and Vice-President, HANCOCK and EXCELSIOR.
In order that all those who sympathize with our purpose may most efficiently co-operate with us, we will send THE WEEKLY SUN to clubs, or single subscribers, post paid, for twenty-five cents for the next three months. Address THE SUN, New York City.
