Aug 19, 1880-2m.

To Wheat Growers!
The undersigned, PIONEER in the manufacture of Fertilizers in this city, and ORIGINATOR in 1858 of the Formula and process of manufacture of
"Excelsior" and Ammoniated Phosphate,
So well and favorably known by the Agricultural public, relying upon his experience and personal reputation hitherto acquired in the uniform existence of these Fertilizers, as manufactured by him, continues to offer them to all Farmers and Planters of Maryland and Virginia, with the assurance that the high standard quality of each will be maintained as heretofore.

The above are the most concentrated FERTILIZERS ever offered to the farmer—combining all the stimulating qualities of Peruvian Guano, and the ever-durable fertilizing properties of Bones, in fine, dry powder, prepared expressly for drilling.
For growing Wheat, it is the universal opinion of the farmers of Maryland and Virginia, after over twenty years experience in the use of these FERTILIZERS manufactured by me, that an application of 100 pounds is equal in its effects to 200 pounds of any other Fertilizer or Guano, therefore fully 50 percent cheaper.
With my present advantages and superior facilities for manufacturing, I challenge competition with any Fertilizer sold in the United States, in Quality, Mechanical Condition and Price.
By strictly adhering to my Original Formula, using only the most concentrated materials, and superintending in person their manufacture—as for the past TWENTY YEARS—

Uniform Quality is Guaranteed.
Farmers, to secure the ONLY GENUINE EXCELSIOR and PHOSPHATE, prepared according to my Original Formula established in 1858, should see that every Bag is branded as above, with the ANALYSIS and MY NAME IN RED LETTERS.
J. Q. A. HOLLOWAY, Originator and Manufacturer,
107 McElderry's Wharf, Baltimore, Md.
For sale by J. J. ALLSTAN, Great Mills, Md.
Aug 5, 1880-2m.

J. J. TURNER, J. D. KEILEY, Jr., J. J. TURNER, Jr.
J. J. TURNER & CO'S
"EXCELSIOR,"
"AMMONIATED BONE SUPER PHOSPHATE,"
"PURE DISSOLVED BONES."
ESTABLISHED 1828.

To Wheat Growers.
1858. 1880.
Forming the most concentrated, universal and durable FERTILIZER ever offered to the Farmer—combining all the stimulating qualities of Peruvian Guano and the ever-durable fertilizing properties of Bones, in fine dry powder, prepared expressly for drilling, and can be applied in any quantity, however small, per acre. It is the opinion of many close-calculating Farmers, after TWENTY-TWO YEARS experience in test it side by side with other popular fertilizing material, that an application of 100 pounds of "EXCELSIOR" is equal to 200 lbs. of any other fertilizer or guano, and therefore fully 100 per cent. cheaper.
Uniformity of Quality Guaranteed by Manufacturers.
Farmers can only be secure from inferior imitations by seeing that every Bag is BRANDED WITH OUR NAME AND THE ANALYSIS IN RED LETTERS.

AMMONIATED BONE SUPER PHOSPHATE.
Composed of the most concentrated materials, it is RICHER IN AMMONIA AND SOLUBLE PHOSPHATES than any other fertilizer sold, except OUR EXCELSIOR, and is made with the same care and supervision; uniform quality guaranteed. Fine and dry, in excellent order for drilling. We have also a very superior quality of PURE DISSOLVED BONES.
And keep constantly on hand a large supply of high grade PERUVIAN GUANO.

PURE ANIMAL BONE FERTILIZERS.
As Agent for Western Factories, I can sell genuine Pure Bone and Pure Bone Fertilizers at a low price than any other party in this market. The following from the Hon. Jas. A. Bond, of Calvert, and J. W. Parr, of Baltimore, is sufficient endorsement.
Price Reduced, Calvert, Md., June 17, 1880.
Wm. E. Griffith, Esq., Dear Sir:—Yours of June the 9th asking how I liked your Fertilizer "Hard Times" is at hand. In answer, I would say, that I used a bag of Guano with a bag of Fertilizer, etc., and I was much pleased with the result. I used the mixture on Corn Land Wheat and the crop was the best I ever grew after corn, and I would have tried it on Tobacco this Spring, but having failed in plants, prevented me. I live to the Fall, I think I will try it again.
Yours truly,
Jas. Bond.

Ague Cure
Is a purely vegetable bitter and powerful tonic, and is warranted a speedy and certain cure for Fever and Ague, Chills and Malaria, Intermittent or Chill Fever, Headache, Fever, Dengue, Ague, Periodical or Bilious Fever, and all malarial disorders. In malarial districts, the rapid quinine, combined with the tonic, loss of appetite, pain in the back and loins, and coldness of the spine and extremities, are only pronounced of severe symptoms which terminate in the ague paroxysm, succeeded by high fever and prostrate prostration.
It is a startling fact, that quinine, arsenic, and other poisonous minerals form the basis of most of the "Fever and Ague" preparations, "Specific" "Syrups" and "Tonics," in the market. The preparations made from these mineral poisons, although they are palatable, and may break the chill, do not cure, but leave the material and their own drug poisons, in the system, producing quinine, arsenic, and other disorders more formidable than the disease they were intended to cure. ATMY'S AGUE CURE, thoroughly eradicates these noxious poisons from the system, and always cures the disease. It contains no quinine, arsenic, or any thing that could injure the most delicate patient; and its crowning excellence, there is no tendency to cure, in that it leaves the system as free from disease as before the attack.
For Liver Complaints, Ague and Anemia, by direct action on the liver and biliary apparatus, drives out the poisons which produce these complaints, and restores the system to a vigorous, healthy condition.
We warrant it when taken according to directions.
Prepared by Dr. J. C. Ayer & Co., Lowell, Mass.
SOLD BY ALL DRUGGISTS EVERYWHERE.

Friends, Take Warning!
SPEND not your time and money in visiting the Prisons of Potomac or B. & O. R. R. Fine-fare, and a listening ear to those
That patter with us in a double sense; That keep the word of promise to our ear, And break it to our hope, but come at once and see for yourselves.
