Ref. Com. sold. R. C. Combs sold at Trustee's sale on Tuesday last a track of land called Hope...

Capt. Smoot, of the Oyster Police Dept., Katie Hines, arrested on Monday last Capt. John S. Smith, of the Oyster Police Dept., Herman Ellis, and Capt. George L. Lawson, of the Oyster Police Dept., were arrested...

The Capt. of the Steer reports, that the schooner John Jasper, of Charles D., was run into on the Potomac on Thursday last by an unknown vessel and was so badly damaged as to be compelled to take refuge in the stream of the river, where she sank during the afternoon of Friday last...

Mr. Joseph A. Hillow is erecting an additional story to his shop. It will be a very complete establishment when it is completed. Messrs. Norris & Garner have the work in charge.

A report reaches us that something like a free fight was indulged in between certain residents of Charles and St. Mary's at Lancaster's Wharf on Saturday last. We have not learned the cause of the unprovoked assault, and have only learned that St. Mary's was victorious.

The body of Mrs. Orcewell, whose death in B. J. motor is reported in our paper to-day, was brought to the county on the steamer Sue on Saturday last and buried at Newmarket. The remains of Mrs. Bledy, sister of the late Wm. Blair, was also brought to the county from Washington last week by the Arrowsmith and buried at Sacred Heart.

Our purpose of reporting the proceedings and incidents of the temperance meeting at Charlotte Hall on Friday evening last, having been anticipated by the kindness of our correspondent, Puziss, we shall not refer to the meeting further in our paper to-day than to say that we shall make report of the remarks of the Rev. J. R. Gantt in our next.

They evidently mean "business" on the South side of the Potomac when ye dredger is caught trespassing on forbidden oyster beds, as one of this fraternity was brought to our town on Wednesday evening last for medical assistance via a bullet-hole through his left arm. It proved, however, to be only a flesh wound, and the wounded man was cared for Dr. Spalding & Combs.

Personal. The Washington papers announce the death of Dr. Wm. Plater, of Georgetown, D. C., in the 84th year of his age. Dr. Plater belonged to St. Mary's county, and is a son of Judge John B. Plater.

Tobacco inspection. From information derived from a reliable source, we learn, that 983 bushels of tobacco have been inspected since the commencement of the current year up to the present time. There is now on hand 10,500 bushels, but none of it is held by original owners, but is the property of speculators. We are informed that this is a less number of bushels than has been on hand at any time during the last twenty years.

Oakville Items. Death has again visited our community. Mrs. Ellen R., wife of Mr. John S. Pogue, died of consumption at the residence of her mother, Mrs. Susannah Newton, in the district, on Friday, the 16th instant, aged about 35 years. She had been a great sufferer and death was a welcome release from misery. Our warmest sympathies are extended to her children, relatives and friends in their sad bereavement.

Other news scarce. Farmers are as well up with their work as the bad winter would permit. Some have commenced plowing.

Wants to find her kindfolk. We are in receipt of a letter from Albia, Monroe county, Iowa, signed India Thomas, which requests us to inquire about her kindfolk in St. Mary's. She was called Nancy whilst she lived here, and was a daughter of J. H. and Sarah Lee. She states that she was taken from her kindfolk about five years before the war, and she mentions the names of several well-known gentlemen in the county that she knew, among others, Dr. Brome, Alexander Martin, John A. Camaller and others "I am married," she says in conclusion, "to Cornelius Thomas, and when my folks want to write to me, they should address their letters to India Thomas, Albia, Monroe county, Iowa."

Circuit Court Proceedings. Monday, March 19th, 1883. The March Term of the Circuit Court began to-day, Judges Stone and Brooke on the bench. Judge Stone, was selected for one of the Grand Jury, and that day was sworn and charged by His Honor, Judge Stone, who explained to them their duties and obligations in his usual clear, concise and forcible manner. The Appearance, Recognition and Appeal Dockets were then called. The preliminary call of the Trial Docket was then made and judgments entered in uncontested cases. There being no cause ready for trial this day, the Court, at 12 o'clock, took a recess until 3 o'clock, and at the latter hour adjourned for the day. The colored juror, Geo. C. Maddox, was drawn on the Grand Jury.

Tuesday, March 20th. This being the day for hearing appeals from Justices of the Peace, the Appeal Docket was called, and the first case tried was No. 4, Levi J. Wise vs. J. Stephen Bailey, appeal from Justice Thompson. Judgment affirmed. Messrs. Wilson for appellant and Camaller & Abel and D. R. Magruder for appellee. This was the only case tried to-day and the Court adjourned at the usual hour.

Francis Gantt, of the Prince Frederick Bar, was on Tuesday, the 20th, on motion of the Hon. Benj. G. Harris, admitted to practice at this Bar.

Among the many desirable results of pure blood are, an elastic step, buoyant spirits, and clear complexion. The possessor of healthy blood has his faculties at command, and enjoys a clear and quick perception which is impossible when the blood is heavy and sluggish with impurities. Ayer's Sarsaparilla is the best blood purifier and vitalizer known.

Lead Sales to-day.

The attention of parties wishing to invest in lead is called to the valuable estates which are offered through the Beacos at public auction to-day. The first we have to mention is the property known as "The Debutts Land," containing about 823 acres, Messrs. Harris & Ker, trustees. The second, the two valuable farms of the late James Dillaway, Robert O. Combs, trustee. The Home Farm, which is within a few miles of Leonardtown, contains about 400 acres, is highly improved and has a very fine dwelling on it, with good outbuildings. The farm belonging to the same estate, located near the Head of the Bay, contains 260 acres, and is thought by many judicious farmers to be one of the most desirable estates of its size in the county. The soil of this farm is particularly commended, as is also its productive capacity. It is improved by a comfortable dwelling and the necessary out-buildings, which are in good condition. Read the advertising notices in another column.

Deadly Weapons. "The habit," says a contemporary, "of carrying concealed weapons is at the root of most of the crimes of violence chronicled from day to day." If men had not a weapon ready to their hands when they become incensed, they would neither cut nor shoot as often as they do. If they had to seek a weapon at home or at a distance when their passions are aroused, in nine cases out of ten they would not make themselves criminals. It is within the experience of the great majority of men, young men especially, and men in active business or political life, that the distance of means to get an effect by deadly weapons on the spot where it was desired has saved them from the commission of lawless acts, and, perhaps, from a lifelong regret. Again, many of the distressing accidents that clouded families cut short of precious lives are due to keeping loaded weapons at home where they are likely to be handled recklessly. In discharging a boy, who was acquitted of shooting a companion, on the ground that, though he handled a loaded revolver carelessly, the shot was accidental, Judge Gilchrist, ex-captain of the American Rifle Team, said: "You should not have a loaded pistol upon your person, or about you. I may claim that I have had an extensive experience in handling fire-arms, yet I would as soon have a rattlesnake near me as a loaded gun, and one is as likely to be as dangerous as the other."

Bedlam Neck High School. By reference to our advertising column, it will be seen that a Supper and Ball will be had at River Springs in the 7th district on the 27th of March, instant, for the benefit of the Bedlam Neck High School. The entertainment will be under the direction of the ladies of the district, which affords ample security that nothing will be wanting either for the satisfaction of the palate or the pleasures of the ball. The amount realized from the supper will be used, we learn, in enlarging and beautifying the grounds of the school. The liberality and interest with the people of the district, in having shown toward this school deserve to be held forth as an example to other districts. It was their generous response to the call of the Board of School Commissioners, in the first place, that the school owes its existence. Dr. R. P. Blakstone gave the site—two acres lot—and the people contributed largely in putting up the school house, which was as large and comfortable as any in the county. Finding it too small, however, for the increasing number of pupils, it was found necessary to enlarge it to more than twice its former dimensions and to employ an assistant teacher. Again the people came to the front, did all the hauling and contributed liberally toward fitting up the new apartment by using all the painting and calicoing, besides putting black-boards in the wall of the old room. The school house now has two large rooms, which can be easily thrown into one, making an Exhibition Hall or Lecture Room 44 X 24 feet. A bell being added, they purchased and put up a 23 cwt 150 lb. bell, the deep tones of which may easily be heard three or four miles. When a military company was established in the school, they furnished the boys with guns, swords and uniforms at considerable extra expense, presented them a handsome flag and have never failed to promptly respond when anything was asked for the school. They now propose to enclose the school grounds for which purpose the Supper above mentioned is to be given. We hope, therefore, that the entertainment will be well patronized by the general public and that our section may be liberally represented on the occasion.

COMMUNICATED. OAKVILLE, March 19th, 1883. Messrs. Editors:—You have noticed in your paper the removal of Dr. John T. Spalding from this district to Leonardtown. As an old resident and having had his professional services in my family ever since he engaged in the practice of medicine, I cannot refrain from bearing testimony to the high estimation in which he is held by the people of this district, professionally and socially. Prompt in attendance, kind in the sick room and an expert in practice, he has established himself in the confidence of our community and although we are pleased to see that he will still continue his practice here, yet it is a source of general regret that he has removed so far from us. We thus desirously "render justice to whom it is due."

[Correspondence of the Beacos.] ST. CLERMONT'S BAY, March 19th, 1883. Messrs. Editors:—The wrath of the weather god seems to be, at last, appeased, and once again he has begun to smile upon us, and this has made us joyful.

Farmers realize the importance of taking advantage of the fine weather, and are "going ahead" with a vim. The fields present the appearance of busy industry; and on every side the plow is running. Gardening is next in order, and if the fine weather continues through the present week, it will be energetically attended to.

What is beginning to show some improvement, though yet in a backward state. Mr. Billy Mattingly has sustained a heavy loss in the death of two fine horses, for which I am truly sorry. I hope that the disease of which they died may not develop into an epidemic.

Mr. Harry Reeder, teacher of School No. 6, at Maryland Springs, has been unable to attend to the duties of his school for more than a week, from an attack of Pneumonia. I hope that he will soon be recovered and able to attend his school.

That young man is still "wearing of the Green." Some young man in this neighborhood wrote a letter to his sweet heart—a real lover letter. Well, there is no mystery in this; but the man to whom it was addressed, it was heavy and sluggish with impurities. Ayer's Sarsaparilla is the best blood purifier and vitalizer known.

got the letter in her stead. From this letter it appears that the love, on his part, is of long standing, and was once a mutual affair, but something destroyed the reciprocity of it, and he now lies, in the most tender manner, to be reinstated in her favor; and concludes by asking her to be his "loving bride" in 1884 is gone. Yours &c., G.

[Local Correspondence.] CHARLOTTE HALL, March 17, 1883.

Messrs. Editors:—Among the many topics which engage the attention of the day—religion, politics, science, etc.—none are more absorbing interest than the temperance question. Indeed, temperance is but the handmaid of religion. According to the advertisement, which appeared in the last issue of the Beacos, the Temperance Society of this district held its second meeting here yesterday evening. The evening was a lovely one, and so far it seems that Providence is favoring the glorious temperance cause. About 7 o'clock the bells chimed forth a merry peal; strangers were joyfully welcomed, and hospitably entertained by the villagers. St. Mary's and Prince George's each sent their quota of speakers. Rev. Mr. Gantt, of Chaptico, was the first speaker introduced. He made a long and enthusiastic lecture, and was frequently interrupted by spontaneous outbreaks of applause. The second speaker was Mr. R. T. Barber, Jr., of Chaptico, who delivered a brief but forcible lecture. Mr. W. R. B. Turner, of Aquasco, Prince George's county, addressed the meeting next. He arose with his usual gravity and was greeted by the audience with lively demonstrations of joy. His lecture was a miscellany of pathos and humor. Rev. Mr. Chesley made a brief extemporaneous address, saying that he had been requested to act as substitute for several absent speakers. He made an earnest appeal to the people to support the grand temperance league with all their ability. The temperance choir rendered music, vocal and instrumental, which constituted no insignificant part of the program. After the doxology was sung, the meeting adjourned to meet again at Mechanicville, in April.

The Students lately held their election of managers to the annual ball, which will take place in June. Much spirit was exhibited by the rival parties. The choice of the following Students was the result: F. Shaw, of St. Mary's; Crain, Bean, Mitchell, Keech and Smoot, of Charles; L. Clagett, of Prigge George's; T. F. Shemwell, of Calvert; Compston, Armstrong, Melley and Elbery, of Baltimore, and Pligge and Sophron, of Washington Master Wm. Compton, of Baltimore, was chosen Treasurer. Messrs. L. H. Jackson, of Milford, Del., and Mrs. E. T. Chapman, of Washington, are visiting relatives here. Mrs. Jackson is in very feeble health. Possibly the visit to "old Charlotte Hall" may have a recuperative effect upon her physical health.

The "palace" car which has recently been attached to the Southern Md. train for the accommodation of passengers is quite a novelty. Patented 1883. Yours truly, PABER.

FOR THE LEGISLATURE. Messrs. Editors of the Beacos.—We suggest that if Mr. A.
