LEONARDTOWN, MARYLAND.

Reasonable Advice.

Don't let the door stand open, but shut it with much care. Without a bang, without a whang, yes, shut it fair and square. Without a slam, without a jam, without a slat or jerk. For if you've left it open, go shut it, and don't shirk.

No Christian man or woman, no well trained chick or child, will let the door swing idly, to make weak nerves run wild. When chilly winds are blowing—and some one taking cold—While the open door is creaking and muttering like a scold.

Haste makes but waste, remember, so plenty take of time; Don't leave the door half open—a fault almost a crime—And if you've ever done this, don't do so any more; Whatever else you fail to do, don't fail to shut the door.

PREACHING AND PRACTICE.

Several workmen some of them without any work at present, seated around a stove, which, likewise, had but little work to do owing to the mildness of the prevailing weather, were discussing the interesting questions of wages, dull times, and kindred matters. Said the one who did most of the speaking:

"I tell you \$1.50 isn't enough. A man ought to get \$3 a day at the least. If I was in Congress I'd bring in a bill so that employers would have to pay every man \$3 for a day's work; no less than that."

"It's no use talking," said another, "they couldn't afford to pay that much."

"Couldn't afford it! Why, there's a firm in this city that cleared over \$2,000,000 last year. Do you mean to say they couldn't afford to pay \$3? I know a man that makes \$20,000 a year and only pays his help \$2 or \$3 a week, with board, such as it is, not fit for a dog, and a place to sleep in where the rats'll eat up your boots if you leave them on the floor at night."

"You'd do the same if you got the chance. If you was a rich man you wouldn't pay a darned cent more to your help than you had to."

"Yes, I would. If a poor man asks me for a nickel to get something to eat do you think I'd give him 5 cents? No, Sir; I let him have a quarter."

"You? You wouldn't give a man a pipeful of tobacco?"

"No," answered the former, hotly, "I won't give tobacco to any one. I draw the line at tobacco. I've sworn off. If a man makes a practice of giving tobacco he is liable to be imposed on, and a ten-cent package won't last."

But the laugh that went round the circle made the remainder of his exculpatory remarks quite inaudible.

WHAT IT COST.—"I'll declare," said a gentleman who had just returned from a trip through the South, "it's an outrage, that's what it is."

"What's an outrage?" said a man with a bad limp who had just come up.

"Why, this thing of fencing in the battlefields, and making a man pull out his pocketbook before he can look at them. I even had to pay a quarter to view the battlefield of Lookout mountain, a piece of scenery that ought to be national property."

"Is that what they charge now?"

"Yes."

"They've reduced the price, then, since I was there."

"You don't say! What did it cost you?"

"Why, sir, it cost me as good a leg as any man ever stood upon, and I've had to stomp along on cork the best I could ever since. A quarter! Umph! You got off cheap."—Chicago Ledger.

CURE FOR CHAPPED HANDS.—The easiest and simplest remedy is found in every household. Take common starch and grind it with a knife until it is reduced to the smoothest powder. Take a clean box and fill it with starch thus prepared. Every time the hands are taken from the suds or dish water wipe them, and while they are yet damp rub a portion of starch through the surface. The effect is magical. The rough, smarting skin is cooled, soothed and healed, bringing and insuring the greatest degree of comfort and freedom from this by no means insignificant trial.

EXPERIENCE TEACHES.—"Well, we are penniless or mighty near it," he said, as he reached home and threw the evening paper to his wife.

"What's the matter?"

"The Mechanics' Bank has busted and we had \$4,000 on deposit there."

"But, Richard," she said, after glancing at the article, "the president says that he hopes to be able to pay all the depositors in full."

"And didn't I say the same thing to my creditors when I failed in the grocery business, and did a single one of them receive five cents on the dollar?" he howled.

"How the heart of a crowd swell and throb with pitiless hatred against the man who coughs during the performance at a theatre, when they know he is too stony to invest twenty-five cents in a bottle of Dr. Bull's Cough Syrup."

"No," said the dying punster, with a grim smile, "no, I don't object to flowers, but don't have any violets. I shouldn't care to have my grave visited, you know."

H. H. Flick, Esq., Mayfield Farm, Lavansville, Pa., says since 1880 he has used a large quantity of Powell's Prepared Chemicals for corn, wheat and buckwheat. Always gets from five to seven bushels more of wheat, the same proportion of corn, and double the quantity of buckwheat, than when he used no fertilizer. We think this pays well over \$6.00 per bu. a sufficient quantity to make one-half ton of complete fertilizer. Address Brown Chemical Co., Baltimore, Md.

Woman (in a provision store)—Let me see, I hardly know just what I want; have you any spare ribs? Man (new in the business)—Ma'am? Woman—Have you any spare ribs? Man—No, ma'am; do you think I'm Adam?

Certain minerals, once forming a part of almost every medicine, are now regarded as dangerous and unnecessary. The evils they produce are worse than the diseases they were supposed to cure. Dr. Walker's California Vinegar Bitters contains nothing but the juices of plants—and cures all disorders of the liver, skin, kidneys, digestive organs, and blood.

"How is this, doctor, you charge me five francs a visit?" "It is less than I charge anybody else." "That may be so, but then, you forget that it was I who introduced the small pox into the neighborhood."

Dr. Henley's Celery, Beef and Iron nourishes the blood, soothes the nerves and restores lost vitality.

JOB WORK

Only Temperance Bitters Known.

No other medicine known so effectively purifies the blood, cures indigestion, biliousness, neuralgia, rheumatism, and all other ailments of the system. It is a purely vegetable preparation, made from the native herbs and roots of California, the medicinal properties of which are extracted therefrom without the use of Alcohol.

It removes the cause of disease, and the patient recovers his health.

It is the great Blood Purifier and Life-giving Principle; a Gentle Purgative and Tonic; a perfect Renovator and Invigorator of the system. Never before in the history of the world a medicine has been compounded containing the power of Vinegar Bitters in healing the skin of every disease known to man.

The Alternative, Aerial, Diuretic, Carminative, Nutritive, Laxative, Sedative, Condenser, Sanguiferous, Anodyne, Stimulant, Diabetic and Tonic properties of Vinegar Bitters exceed those of any other medicine in the world. No person can take the Bitters according to directions and remain long unwell, provided their bowels are not destroyed by medicinal poisons or other means, and the vital organs wasted by excessive use of opium.

Biliousness, Hemorrhoids, Intermittent Malarial Fevers are prevalent throughout the United States, particularly in the valleys of our great rivers and their vast tributaries during the Summer or Autumn, especially during seasons of unusual heat and drouth.

These Fevers are invariably accompanied by excessive derangement of the stomach, liver and bowels. In their treatment, a purgative, exerting a gentle influence upon these organs, is absolutely necessary.

There is no cathartic for the purpose equal to Dr. J. Walker's Vinegar Bitters. It will speedily remove the dark-colored stool from which the bowels are loaded at the same time stimulating the secretions of the liver, and generally restoring the healthy functions of the digestive organs.

Fortify the body against disease by purgation. Dr. J. Walker's Vinegar Bitters. No epidemic can take hold of a system thus purified. It is a powerful and safe cathartic, and stimulates the torpid liver and bowels, and cleanses the blood of all impurities, imparting life and vigor to the frame, and carrying off without the aid of Calomel, or other minerals, all poisonous matter from the system. It is a safe and certain, prompt in action, and certain in its results.

Dyspepsia or Indigestion, Headache, Pain in the Shoulders, Coughs, Hoarseness of the Voice, Pleurisy, Hiccoughs, Indigestion in the Mouth, Bilious Attacks, Pain in the Heart, and a hundred other painful symptoms, are at once relieved by Vinegar Bitters.

For Indigestion and Chronic Rheumatism, Gout, Neuralgia, Pains of the Back, Liver, Kidneys and Bladder, the Bitters have no equal. In these, as in all constitutional diseases, Walker's Vinegar Bitters have shown its great curative powers in the most obstinate and intractable cases.

Technical Diseases.—Persons engaged in Painting and Minerals, such as Lead, Zinc, Copper, Gold, Silver, and Tin, are subject to Paralysis of the Bowels. To guard against this, take occasional doses of Vinegar Bitters.

Skin Diseases.—Eruptions, Felt Rheum, Urtica, Scabies, Eczema, Prurigo, Itch, Herpes, Ring-worms, Scald-head, Sun Burn, Erysipelas, Bores, Abscesses, Hemorrhoids, and all diseases of the Skin, of whatever nature or origin, are literally dug up and carried off by the system in a short time by the use of the Bitters.

Worms, Tape and other Worms.—Burrowing in the system of so many thousands, are effectually destroyed and removed. No system of medicine, no vomiting, no cathartics, will free the system from worms like Vinegar Bitters.

Measles, Scarlet Fever, Mumps, Whooping Cough, and all children's diseases may be made less severe by keeping the bowels open with mild doses of the Bitters.

For Female Complaints.—In young or old, married or single, at the dawn of womanhood, or the turn of life, this Bitters has no equal.

Cleanse the Vitiated Blood when its impurities burst through the skin in Eruptions or Sores; cleanse it when obstructed and sluggish in the veins; cleanse it when it fouls; your feelings will tell you when, and the health of the system will follow.

For Female Complaints, in young or old, married or single, at the dawn of womanhood, or the turn of life, this Bitters has no equal.

Arround each bottle are full directions printed in different languages.
