Nerick steamers to Washington from Piney Point on Tuesdays, Thursdays and Saturdays, at 10:30, P. M. Returning, Mondays, Wednesdays and Fridays.
See advertisements elsewhere.

Local Notings.

Lost.
On road leading from St. Joseph's Church to Leonardtown a 22 caliber five shot revolver. Finder will please return to this office.

Commissions Received.
The commissions of magistrates and other officers recently appointed by the Governor have been received at the Clerk's office. The newly appointed officials must qualify within thirty days.

Teachers' Association.
At the meeting of the Teachers' Association, on Friday last, routine business was transacted and the following officers elected: President, Webster B. Herbert, Vice-President, Jos. W. Goldsborough, Rec. Sec., Charles Adams, Cor. Sec., Miss Helena Link, Treasurer, Jno. F. Duke.

Mr. Conard's Lecture.
The attendance at last Monday night's lecture in the Town Hall was small, not over sixty persons being present. Our time and space will not admit an extended criticism and we will content ourselves with stating that the subject was skillfully and entertainingly handled and the lecturer succeeded in accomplishing a feat that is often attempted and seldom accomplished - greatly pleasing his audience.

Charlotte Hall Hall.
The students of Charlotte Hall Academy have begun preparations for their annual ball by electing Mr. J. Wheeler Bond, of this county, Treasurer, and the following managers: Messrs. E. M. Herbert, M. R. Stone, M. Plummer, E. Dent, W. B. Dorsey, F. Burch, Duke Bond, H. C. Legg, E. Sutherland, C. T. Peed, B. W. Burch, B. B. R. Johnson, J. C. Reeves, C. C. Marbury, M. B. Freeman and Cornelius Barber.

Commissioners' Court.
The County Commissioners met on Tuesday last, present, Messrs. Parsons, Buckler, Tyler, Dent and Carroll. The Board was principally engaged in considering the Roads and Pension roll. Court expenses, including Jurors, Inquisitions, Attorneys and Sheriff's accounts, were acted upon. The return of Judges of Election as to expenses was revised and reduced. The Board then adjourned to 2nd Tuesday of May, on which day the Road Supervisors will be appointed and Pension List finally settled.

St. Mary's Female Seminary.
The Trustees of this Institution, through their President, Mr. Harris, presented to the Legislature at its late session their Biennial Report of the condition and working of this institution, and gave in this connection, a historical resume of the causes that led to its foundation in 1839 and the passage of the Endowment Act of 1868 and its subsequent management up to the present time. The report is published on the first page of our present issue and will no doubt be read with great interest by the friends of the Institution.

Lecture.
The Rev. J. R. Schultz, A. M., will deliver his lecture on "Six Years Residence on the Plains of Kansas," at the Cedar Point M. E. Church, on Thursday evening, April 30th. Prof. Schultz was educated in Great University and is a fine lecturer and orator, and the people may expect a treat. His lecture will embrace the three following points, viz. Kansas - its people, 2nd, its climate, 3rd, its agricultural advantages. Proceeds of lecture to go for the benefit of the Sunday School. Admission, adults, 25 cts. Children, 15 cts. Tickets at the door. A hearty welcome to all.

Orphans' Court.
There was a meeting of the Orphans' Court on Tuesday, the 27th, instant, present, Judges Love, Payne and Jones. John N. Graves, adm. of Susan Bond, agent for sale of personality granted. W. A. Langley and Indiana Langley were appointed admrs. of James R. Langley. Same, Wm. F. Stone and W. C. Welch appointed appraisers. Same notice to creditors. G. W. Gattou, appointed guardian to Louisa Gattou and Anna Gattou. Commissions to administrators and executors allowed. The administrators of William Holly were ordered to sell all property of deceased in their hands which remain unsold. A number of accounts passed against decedent's estates. The Court then adjourned until the 2nd Tuesday in May.

Harm and Contents Destroyed.
A Barn and contents, including 9000 lbs. of tobacco, belonging to Mr. J. W. Tippet, in the 5th district, was destroyed by fire a few nights ago. In a conversation with Mr. Tippet yesterday, he estimated his loss at \$2,000 and thought that it would exceed that amount. His provender, corn, farming machinery, a new buggy, were also destroyed, and it was with great difficulty that his horses were extricated from the burning building. Mr. Tippet was not at home at the time, but he appeared to be satisfied that all was done that could be to save his property, upon which, we regret to say, there was no insurance. He expressed a determination to rebuild at once and to supply his farm with such of the destroyed machinery as may be necessary to secure the pending crop. Notwithstanding his heavy loss he speaks hopefully of his prospects.

Important to Fruit Growers.

Mr. C. S. Carter, representing the old and reliable nursery of Franklin Davis & Co., is now traveling through our county soliciting orders for all kinds of fruit and ornamental trees. The nurseries of this company are located near Baltimore and Richmond and the experience of fruit growers in this section of country proves that their trees succeed much better in our climate than those from Northern Nurseries. The firm is an old established one and uses every endeavor to satisfy those who patronize them. Give their trees a trial.

Peabody Series of Readers, Publishers, Messrs. G. B. H. Co.
This is a most admirably arranged series of Readers. It consists of 6 volumes and the gradual advance in difficulty makes them easy for the young reader to take hold of. Unlike many readers in use in the schools of our State the leap from one to the grade above is not very wide. The Infant reader as well as the whole series is attractive. The Sixth or highest is not only useful as a text book but is well worth the examination of any one on account of the very excellent literary selections. On the whole, we highly recommend the Readers, for their superiority in finish, matter, &c., and above all we think they should be introduced into Maryland schools not only as a tribute to that great man, George Peabody, but especially since they are edited and published by a Maryland House.

Tribute of Respect.
At a meeting of the Trustees of Charlotte Hall School, held April 8th, 1886, the following resolutions were adopted and ordered to be published in the St. Mary's Beacon and Port Tobacco Times:
An All-Wise Providence having taken from us our friend and colleague on this Board, Dr. H. G. Garner, it is proper that we should give expression to the sorrow occasioned by his death.

Resolved, That we recognize in Dr. Garner an earnest and able worker in the cause of education; a valued friend; a kind and genial gentleman; and that in his death this Board and Charlotte Hall School have sustained a loss which we most deeply deplore.
Resolved, That this tribute to his memory be entered upon our proceedings and that a copy be furnished to the family of our deceased friend with the assurance of our heartfelt sympathy in their affliction.
By order of the Board,
Wm. T. Buscous, Secretary.

Death of Father Maguire.
It will be regretful intelligence to many of our readers to learn that Rev. Bernard A. Maguire, S. J., died at St. Joseph's Hospital, Philadelphia, on Monday last. Father Maguire had been ailing for some time past, and when last in our county, advertised in touching terms to his infirm condition and appeared to anticipate an early death, the immediate cause of which was a tumor, which as soon as it developed itself, his attending physician pronounced incurable. He was among the most celebrated of Catholic Preachers and his services were in such great demand that it was regarded as a great privilege to secure them on a Mission. It is not unlikely that his laborious life had an evil effect upon his health. However this may be, he was ever to the good and never repented his life in the when doing the hardest work of his church. He was twice President of Georgetown College and greatly endeared himself while occupying this position, to the students, and especially those who were so fortunate as to be members of his Christian Doctrine class. May he rest in peace!

Capitulated and Drowned.
About 7:30 o'clock, p. m., last Sunday, the Pungy Olive Leaf, of Georgetown, D. C., sailed off Swan Point in the Potomac River and all on board with the exception of G. B. Norris, part owner, were drowned. The names of the parties lost, were: Capt. Biswell, of Chaptin, St. Mary's county, Garrett Gault, a passenger, and a white boy, name unknown. After the vessel went over all hands succeeded in reaching the mainmast head and clinging to it until it gave way, when Mr. Norris was the only one who again succeeded in reaching a support. At 10 o'clock, his cry for help was heard by officers of the Steamer Saa and he was rescued. The night was very dark, the lack of getting near the capsize pump, a very difficult one and too much prize cannot be given the Saa's officers for their gallantry and hard work. Captain Geoghegan, who has been tried in many emergencies and never yet been found wanting, has again proven himself a "right man in the right place" and vindicated the claim of his friends that he is the best Captain who goes out of Baltimore. During the past ten years Captain Geoghegan has been instrumental in saving twenty-four lives.

Railroad.
A short time ago a gentleman well acquainted with the topography of St. Mary's wrote to Col. Pelsler, the President of the Washington and Potomac R. R. in reference to the route of his proposed road through our county. We have been permitted to read the President's answer to the communication and glean therefrom that he was so impressed with the arguments advanced that he had laid the letter before the Board of Managers. As explained to us, the new program is about as follows:
"I object from the main stem at or near St. John's church, run to Gleebe, about 3 miles below Leonardtown, thence to Clay Hill road near Ridgeley's Store, thence to Bessie Adams' gate and thence to St. Mary's River. The advantage of this course is the avoidance of the heavy grading or bridging which the branch to Bromes' would necessitate. To construct a road to Bromes' it would be necessary to bridge Chancellor's Run, White Plains Run, Eastern Branch, Martin's Creek, Horseshoe Creek, Governor's Spring, a short bridge at St. Mary's City and a long and expensive one across the broad marsh at head of St. Inigo's Creek. The proposed route to the western shore of the St. Mary's River would be through a comparatively level country and would require no very heavy grades and bring the road conveniently near the county town."

The people of the county are anxious to have the road built and hope soon to see the work on it begun. No matter what the route be, let the building of the road be pushed.

Foxes.

A correspondent writing from St. Inigo's boasts that Mr. D. Raley and others of that favor of the fox have the first pack of fox-hounds in the county, and address as proof of the fact of their having recently killed seven foxes in one day. Some of our upper county friends have pretty fair dogs and we call upon Messrs. W. R. L. Raley, T. D. Edwards, Col. Cotton, Jack Dorsey and others to meet the lowlanders not in battle array but in a friendly foxchase and show what kind of dogs and huntsmen we raise in this part of the world. As to killing foxes, even a day is no work for friend Willie's dogs.

Flashes.

House-cleaning time is upon us. Maying parties will soon be in order. From all sections of the county come encouraging reports of a fine wheat prospect. The river and harbor appropriation bill allows a small sum for dredging out Brittan's Bay. The law reducing the marriage license fee will not go into effect until after June 1, prox.

Asparagus is ripe and the small boy can soon secure along the bay shore a ten cent bunch. There is a bill before Congress to decrease letter postage to one and a-half cents. Penny postage is not far in the future.

We are in receipt of the smallest daily paper in the Union. It is from the State and its name is the *Houston News*.

We notice that our young friend, Larry Lee Downs, Esq., has been admitted to practice in the Superior Court of Baltimore.

Now that peach trees are in full bloom growers inform us that the prospect of a fair crop is somewhat brighter than at first supposed. During Easter week, the Charlotte Hall students residing in and around our town visited their homes. Mr. R. Ford Combs also came home.

No person now living ever saw an Easter celebrated at late a date as the one just past and the probabilities are that none now living will ever see the like again. Messrs. R. C. Combs and W. L. Dawkins, Trustees, sold in this village last Monday, the stock in trade of Mr. Jno. H. Auld. Many of the articles sold very low.

All merchants and other dealers are required to renew their licenses on or before the 1st of May. The Sheriff has called attention to this fact and all interested will do well to heed his notice. Mr. John Palmer, of Milestown district, has been chosen one of the Vice-Presidents of the Maryland State Temperance Alliance. Rev. C. O. Isaac, formerly of this county has been similarly honored.

Mrs. R. H. Camalier has returned home with health very much benefited by her recent trip. Mrs. Jno. F. and Miss Nell Fenwick, who for some time past have been visiting in Washington, are, we learn, expected to return to-day.

There may be gardens in the county that look better and are more forward than Mrs. D. C. Hammett's, of this village, but we have never seen them. There may also be some one with larger and finer early vegetables, but they have never seen any.

Our colored friends indulged in a match game of base ball last Monday. The contestants were the Holly Hill and Leonardtown Nines and the score was 68 to 57 in favor of the town boys. We would like to hear of a game during which more runs were made.

[Local Correspondence.]
St. Inigo's Nicks, April 30th, 1886.
Messrs. Editors - As I am somewhat given to scribbling and do not wish this section to sink into total oblivion, again I beg space in your valuable paper wherein to indulge a few lines.
Spring, in its beautiful mantle of green, is come, and farmers are busy wading from Voluna her long continued frost and assigning her to duty. Much corn has already been planted. Wheat is far in advance for the season and promises a bountiful harvest.

Father Walker has had a belly erected at St. Inigo's church, and the old bell from St. Aloysius hung thereon, which it is needless to assert gives much tone to the neighborhood. Mr. J. P. Tarlton did the work.

Mr. D. Raley and others have just returned from to-day's hunt and report having killed seven foxes - three old and four young ones. Have they not good reason for declaring their pack of dogs to be the best in the county? Perhaps, their unusually great success to-day is due to their strict observance of Lent.

With an Easter greeting, without the egg, and a promise of more ere long, I am your old friend
Nap.

Orders by Mail
For our Men's and Boys' Clothing, will be scrupulously careful attention, or sample and rules for self measurement will be forwarded, free, on application. We will take care of your parcels, free of charge when visiting Baltimore. OREM & SON corner Hanover and Pratt Sts., Baltimore, Md.
