

"UNNECESSARY TAXATION IS UNJUST TAXATION."

HOW THE ARABS RETREAT.—When the Arab tribe is pursued by an enemy they sleep and take their food without halting. That they may not fall from their camels when sleeping they stretch themselves out at length, placing their feet in a bag on each side of the animal's neck. Their food is prepared by the women. One mounted on a camel loaded with wheat continues grinding with a hand-mill, and passes the meal to another, who is provided with leather bottles containing water, suspended on each side of her camel; she, having prepared the paste, passes it to a third, who completes the operation by baking the bread in thin slices on a chafin-dish, or a portable oven, which is heated with wood or straw. This bread, with a portion of cheese and dates, is then distributed by her to those whom it is her province to feed, and the fragrant meal is finished with a draught of camel's milk. The camels are also milked as they walk, the men using for this purpose large wooden bowls, which are passed from one to another.—N. Y. Ledger.

STARTING CHILDREN.—Many an unwise parent labors hard and lives sparingly all his life for the purpose of leaving enough to give his children a start in the world, as it is called. Setting a young man adrift with money left him by his relatives, is like tying bladders under the arm of one who cannot swim; ten chances to one he will lose the bladders and go to the bottom. Teach him to swim and he will not need the bladders. Give your child a sound education, and you have done enough for him. See, too that his morals are pure, his mind cultivated and his whole nature made subservient to the laws which govern men, and you have given him what will be of more value than the wealth of the Indies. You have given him a start which no misfortune can deprive him of. The earlier you teach him to rely upon his own resources the better.

To be a successful politician the first and foremost thing to learn is to keep your head clear. That means—be sober. The most successful politicians in Maryland are either total abstainers or almost so. Senator Gorman never touches anything stronger than a spoonful of anything a tumbler of brandy or a glass of claret in man's life. "Johnnie, I free Johnnie," doesn't even drink beer. "Quinn, the boss" of the Fourth ward, doesn't know what liquor tastes like. Ex-Councilman John J. Mahon who is one of the coolest and longest-headed Democratic politicians in Baltimore is a practical prohibitionist. Morris Thomas is in the same category. R. J. Slater hasn't taken a drink of liquor since his 20th birthday.—Herald.

ABOUT LOCAL NEWS.—A great many people think a newspaper should have about a page of local news, whether anything happens or not. Deluded mortals! Local editors cannot make people break their necks, commit suicide, or do any of the other exciting things that go to make up the material out of which the local reporter delights to weave paragraphs. Furnishing domestic news, when there is none, is very much like extracting blood from a turnip. It is no more than fair, that those who grumble at the lack of local news in their paper should stop and think whether they could not give the editor an item or two worth printing, and if so let them hold their peace or growl at their own remissness.

These stockings are all wool, I presume," she said, as she requested the clerk to wrap her up half a dozen pairs. "Oh, yes, miss," he answered; "they're all wool and a yard wide." "Sir!" she exclaimed indignantly, and before he had fully realized what he had said she whisked out of the store.

It is useless to attempt the cure of any disorder, if the blood is allowed to remain impure. Neuralgia and rheumatism are traceable to a disordered condition of the blood, and in numberless cases have been cured by taking a few bottles of Ayer's Sarsaparilla.

Let Democrats lay aside factional strife and present a united front to the enemy; let every voter who desires the success of the Democratic party on the Sixth of November deposit his ballot for Cleveland and Thurman and Barnes Compton.

To reduce the surplus by laying on heavier duties, says an exchange, is a remedy quite equal in heroism to that originated by the small boy, who, to counteract the uncomfortable effects of having swallowed a mouse, tried to swallow a cat.

An editor advising his contributors says: "Brevity always gets to the front." Not if it happens to be doing duty as a rabbit tail.

Be rude to none; rudeness harms not even the humblest and poorest to whom it is directed, but it injures the exhibitors.

If you are willing to be as pleasant and anxious to please at home as you are in the company of your neighbors you would have the happiest home in the world.

A vote for Cleveland, Thurman and Compton is a vote to take the tariff off the necessities of life.

New York produces four-fifths of all the hops grown in the United States. In the year 1890 the production of the Union was 26,500,000 pounds, and that of the Empire State 21,600,000.

Invaders should remember that the causes of sick and nervous headaches may be promptly removed by taking Ayer's Pills. These Pills speedily correct irregularities of the stomach, liver, and bowels, and are the mildest and most reliable cathartic in use.

ADVICE TO MOTHERS.—Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of the Cutting Teeth? If so send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers there is no mistake about it. It cures Diarrhoea, regulates the Stomach and Bowels, cures Wind Colic, softens the Gums, reduces Inflammation, and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children's teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price twenty-five cents per bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

No Universal Remedy has yet been discovered; but, as at least four-fifths of human diseases have their source in Impure Blood, a medicine which restores that fluid from a depraved to a healthy condition comes as near being a universal cure as any that can be produced. Ayer's Sarsaparilla affects the blood in each stage of its formation, and is, therefore, adapted to a greater variety of complaints than any other known medicine.

Boils and Carbuncles, which defy ordinary treatment, yield to Ayer's Sarsaparilla after a comparatively brief trial. Mr. C. K. Murray, of Charlottesville, Va., writes that for years he was afflicted with boils which caused him much suffering. These were succeeded by carbuncles, of which he had several at one time. He then began the use of Ayer's Sarsaparilla, and after taking three bottles, the carbuncles disappeared, and for six years he has not had even a pimple.

That insidious disease, Scrofula, is the fruitful cause of innumerable complaints, Consumption being only one of many equally fatal. Eruptions, ulcers, sore eyes, glandular swellings, weak and wasted muscles, a capricious appetite, and the like, are pretty sure indications of a scrofulous taint in the system. Many otherwise beautiful faces are disfigured by pimples, eruptions, and unsightly blotches, which arise from impure blood, showing the need of Ayer's Sarsaparilla to remedy the evil. All sufferers from blood disorders should give Ayer's Sarsaparilla a fair trial, avoiding all powders, ointments, and washes, and especially cheap and worthless compounds, which not only fail to effect a cure, but more frequently aggravate and confirm the diseases they are fraudulently advertised to remedy.

Ayer's Sarsaparilla, PREPARED BY Dr. J. C. Ayer & Co., Lowell, Mass. Sold by all Druggists. Price \$1; six bottles, \$5.

Before purchasing your Fertilizers for the coming season, it will be to your interest to give us a call. All the above brands are strictly reliable, besides we keep in stock all kinds of the best grade material from which we can make you any grade fertilizer you may need. This House is an old-established one, and everything they sell you is as represented. As an evidence of the superiority of our goods, my sales have increased from 20 tons per annum, the first year, to 1,065 tons, this being my sales in Charles and St. Mary's counties the past year. I shall not be satisfied until I sell every reasonable farmer in Southern Maryland, as it is not only for my own interest, but for the benefit of the State. My greatest desire is to induce planters of Southern Maryland to use a strictly first-class fertilizer, and I will devote as much time as I can in the two counties the coming season in order to induce the farmers of Southern Maryland to buy the best Fertilizers offered to the people of any State in the Union. All responsible orders sent direct to the Company will receive prompt attention. Yours very truly, JOHN M. LLOYD.

N. B.—What Mr. James F. Mattingly, a large and practical farmer of Choptick District, St. Mary's county, says of our Tobacco Compound:—He says that he can grow as good as to quality, it weighs from 2 to 4 more than any other fertilizer that he has used. I will here add that Mr. Mattingly is not only a very good and prosperous farmer but strictly reliable. Mr. Mattingly has used our goods for several years and says he will use no others for both Wheat and Tobacco. JOHN M. LLOYD.
