Fine corned "Taylors" for sale at Holme's Store, at 5 cents a pound.

hard rubbing and be boiled, nor should an opportunity be neglected to give them a bleaching, either on the snow or on the grass. There is no reason why they should become the stained malodorous rags into which they are quickly transformed, even in otherwise well regulated kitchens.

"You have travelled considerably, I presume?"
"Well, yes, I've done a powerful lot of it in my time, stranger."
"Hidden a great deal on the rail?"
"Waal, not much of that. I always opined that it war about time to get a town when the rail-riding business war hinted."

AT A BALTIMORE HOTEL.—Mrs. Fitchberg—What's this?
Miss Fitchberg—S-s sh, mother; it's terrapin!
Mrs. Fitchberg—Well, tell that colored person to bring me some of the white meat and a drum-stick. They's nothing but giblets in this.

A man writes the following to the Smithville News: I want to pay for my subscription, but I'm a little short of money; so I send you a half dozen eggs. If you'll put 'em under a setting hen, they'll hatch out enough chickens to pay for a year's subscription.

Of interest to Ladies.—The scalp may be kept white and clean, and the hair soft, pliant, and glossy, by the use of Ayer's Hair Vigor. This preparation never fails to restore to faded and gray hair its original color. Sold by druggists and perfumers.

IT WOULD SEEM SO.—"Why do doctors always write their prescriptions in Latin?" asked little Johnny.
"My son," replied old Brown, "they do that in order to give the druggist a chance to add a dollar on the prescription for translating it."

THEY ARE A BAD LOT.—"Those Thompsons are a bad lot. Three out of the four ought to be in the penitentiary."
"What of the fourth?"
"He's there."

ADVICE TO MOTHERS.—Are you disturbed at night and broken of your rest by a sick child suffering and crying with pain of cutting teeth? If so send at once and get a bottle of Mrs. Winslow's Soothing Syrup for Children Teething. Its value is incalculable. It will relieve the poor little sufferer immediately. Depend upon it, mothers; there is no mistake about it. It cures Diarrhoea, regulates the Stomach and Bowels, cures Wind Colic, softens the Gums, reduces Inflammation, and gives tone and energy to the whole system. "Mrs. Winslow's Soothing Syrup" for children teething is pleasant to the taste and is the prescription of one of the oldest and best female physicians and nurses in the United States, and is for sale by all druggists throughout the world. Price twenty-five cents per bottle. Be sure and ask for "Mrs. Winslow's Soothing Syrup," and take no other kind.

Having reached a commanding position overlooking the small bridge that spans the creek on Brooke picnic about one mile from the Yellow Tavern, we went into battery, and then commenced an artillery duel with the enemy, who had taken possession of our former position. Under this fire we saw approaching us a solitary horseman; man and horse seemed one; the man was lying down upon his steed, with hands clasped around his neck. Soon he reaches the foot of the elevation on which Breathed's guns still thundered; new life seems to animate the man, or perhaps it is the music of the guns that arouses him, for he with difficulty managed to sit upright, and beneath the blood and dust of battle we recognize our beloved Breathed. He returns to us as one from the dead. One long, glad shout ascends to Heaven in thankfulness for his safety. Breathed says, "Boys, I'm not dead yet!" Now, I ask, shall the fame of this great man die?—George Trust, Breathed's Battery, Stuart's Horse Artillery, C. S. A., in Baltimore Sun.

ETIQUETTE OF THE PANTRY.—The mistress should lend her cooperation to the task of making the pantry look attractive. Papers should be supplied for the shelves, either plain white or grayly colored cut borders that come for the purpose. The latter show dirt less than the white, and are not costly. An excellent plan is to cover the shelves with white marble oilcloth, tacked on neatly, that the edges may not curl. This can be wiped off with a damp cloth at less expenditure of time and labor than could be required to scrub shelves. The bright papers may still be used along the edges.

It is not enough simply to keep the pantry looking neat; it will need to be overhauled every week, and each article wiped inside and out, as well as the shelves on which they stand. The tins should be brightened once in a while, and the stone china and pressed glasses in use there should be kept as clean and bright as the finer ware in the dining room. Added diligence must be practiced in hot weather, when flies abound. No cooking utensils should then be used without having been rinsed out. No pots or pans must ever be put away after washing without taking care that the inside is perfectly dry. Rust gathers quickly, and is not readily removed.

While the cook should be supplied with a sufficient number of dishtcloths, mopcloths and towels, it is not wise to be too lavish in this respect. Profuseness on the part of the mistress breeds extravagance in the maid. "Easy come, easy go." The towels are made to do duty as iron holders, to open oven doors, to scrub the floors, or to scour out the sink. There should be cloths provided for all these officers, and the towels preserved for their own special use. They should be washed out daily, and when greasy should be thrown into hot water strong with borax or household ammonia. At least once a week they should have a

hard rubbing and be boiled, nor should an opportunity be neglected to give them a bleaching, either on the snow or on the grass. There is no reason why they should become the stained malodorous rags into which they are quickly transformed, even in otherwise well regulated kitchens.

"You have travelled considerably, I presume?"
"Well, yes, I've done a powerful lot of it in my time, stranger."
"Hidden a great deal on the rail?"
"Waal, not much of that. I always opined that it war about time to get a town when the rail-riding business war hinted."

Hon. C. Edwards Lester,
Late U. S. Consul to Italy,
author of "The Glory and Shame of England," "America's Advancement," etc., etc., etc., writes as follows:—

New York, August 1, 1886.
122 E. 27th St.
Gentlemen:—A sense of gratitude and the desire to render a service to the public impel me to make the following statement:
My college career, at New Haven, was interrupted by a severe cold which so embittered me that, for ten years, I had a hard struggle for life. Hemorrhage from the bronchial passages was the result of almost every fresh exposure. For years I was under treatment of the ablest practitioners without avail. At last I learned of

Ayer's Cherry Pectoral,
which I used (moderately and in small doses) at the first recurrence of a cold or any chest difficulty, and from which I invariably found relief. This was over 25 years ago. With all sorts of exposure, in all sorts of climates, I have never, to this day, had any cold nor any affection of the throat or lungs which did not yield to Ayer's Cherry Pectoral, which I used.

Of course I have never allowed myself to be without this remedy in all my voyages and travels. Under my own observation, it has given relief to vast numbers of persons; while in acute cases of pulmonary inflammation, such as croup and diphtheria in children, life has been preserved through its effects. I recommend its use in light but frequent doses. Properly administered, in accordance with your directions, it is

A Priceless Blessing
In any home. I speak earnestly because I feel earnestly. I have known many cases of apparently confirmed bronchitis and cough, with loss of voice, particularly among clergymen and other public speakers, perfectly cured by this medicine. Sincerely yours,
C. EDWARDS LESTER.

Fertilizing Materials,
Office, 25, South GAY STREET Cor. 2nd.
Factory, Locust Point. MARINE BANK BUILDING, BALTIMORE.

REGULAR BRANDS—Special No. 1 Peruvian Raw Bone and Potash Ammoniated Super-Phosphate of Lime, Pure Dis. Bone Bones, Pure Dis. Bone Bones and Potash, Pure Dis. Bones, Pure Raw Genuine Dis. Bone Phosphate, Dis. Bone Phosphate and Potash, White Hall Phosphate, Locust Point Compound, Farmers Standard Murate Potash, Sulphate Phosphate, Ground Tanking, and all Fertilizing Materials.

Before purchasing your Fertilizers for wheat the coming season, it will be to your interest to give us a call. All the above brands are strictly reliable, besides we keep in stock all kinds of the best grade material from which we can make you any grade Fertilizer you may need. This House is an old-established one, and everything they sell you is as represented. As an evidence of the superiority of our goods, this being my 5th year in St. Mary's county the past year, the first year, to 1,085 tons, this being my 5th year in St. Mary's county the past year, I shall not be satisfied until I sell every responsible farmer in Southern Maryland, as it is not only for my own interest I wish to do so. My greatest desire is to induce planters of Southern Maryland to use strictly first class goods and they can only do so by dealing with a first-class house. Mr. W. I. Birch, of Bryantown, or Mr. C. B. Lloyd, our Collector and Salesman, will be glad to receive your orders, and I will devote as much time as I can in the two counties the coming season in order to induce the farmers of Southern Maryland to buy the best Fertilizers offered to the people of any State in the Union. All responsible orders sent direct to the Company will receive prompt attention. Yours very truly,
N. B.—What Mr. James F. Mattingly, a large and practical farmer of Chaptico District, St. Mary's county, says of our Tobacco Compound:—He says that he can grow as large Tobacco from other fertilizers as he can from Ober's, but while Ober's is just as good as to quality, it weighs from 1 to 1 1/2 more than any other Fertilizer that he has used. I will here add that Mr. Mattingly is not only a very good and prosperous farmer but strictly reliable. Mr. Mattingly has used our goods for several years and says he will use no others for both Wheat and Tobacco.
