The National Tribune.

Washington, D. C.

Is one of the best half-a-dozen really great family papers of the country.

IT IS THE ONLY ONE Published at the National Capital.

IT IS THE ONLY ONE Devoted to the history of the war.

IT IS THE ONLY ONE Devoted to the interests of ex-soldiers and sailors.

IT IS THE ONLY ONE That makes a bold and persisted fight for their rights.

IT IS THE ONLY ONE That continually insists on justice being done the country's defender.

It Has More Distinguished Contributors than Any Other Paper.

A Splendid Book, 36 Columns Paper, Printed on fine white paper, edited with singular ability, and filled with the most interesting matter that can be procured.

ONLY \$1 A YEAR—TWO CENTS A WEEK. The National Tribune is the result of years of earnest, thoughtful effort, accompanied by a heavy expenditure of money, to build up at the Capital of the country.

A GREAT FAMILY NEWSPAPER which should be a welcome weekly visitor to every fireside from the Atlantic to the Pacific, and champion effectively the cause of loyalty and good government, and of justice to the soldiers and sailors of the late war, their widows, children and dependent relatives. How well this has been done is best indicated by the wonderful success of the paper, which has attained popularity and circulation more rapidly than any other in the history of American Journalism.

FEATURES OF THE PAPER. The National Tribune makes a special feature of the history and reminiscences of the war for the preservation of the Nation. It publishes in fact the Only Genuine History of that gigantic struggle, for its history is not a warped and biased panegyric of some particular man or men, who are given credit for everything that succeeded. It is made up of the testimony of a multitude of witnesses, the plain and unvarnished stories of the men in every rank and degree who did the marching, digging and shooting and carried forward the war through all its various phases to a glorious success.

The great value of The National Tribune's history is everywhere recognized, and its files are carefully preserved in every large library and historical collection in the country—North and South.

A fascinating story by Col. Thos. Knox, the brilliant writer of popular books, is now running in the paper.

An excellent historical romance, by Spence Williams (Fannie Williams), now appearing, is exciting great interest among the young folks, with whom Miss Wilson has always been a great favorite.

Back numbers containing these will be furnished.

Very many distinguished men and women constantly contribute to its columns. It is favored in this way more than any other Great Weekly in the country.

John McElroy, who has written so much and so acceptably for the soldiers, will soon begin another war story.

Besides this it presents every week a splendid array of Editorials on Current Topics—Stories by the best Authors—Wit, Humor and Information—Agricultural Notes of the Great West—Household Hints and Suggestions—Specimens of the News of the Week—Answers to Correspondents—Light Miscellany, etc., which will interest, amuse and instruct every member of the family.
