

Saint Mary's Beacon.

COUNTY NEWS.

Religious.—There will be Divine Service, with the administration of the Holy Communion, at St. Andrew's Church on next Sunday, June 11th, at 10:30 o'clock, a. m., and at St. Peter's, in Leonardtown, at 4 o'clock, p. m. The Rev. David Barr, General Missionary of Maryland, will officiate at these services.

Hicks for June.—The 7th and 8th will bring higher temperature, with storms. About the 10th the weather will grow excessively warm, continuing on the 11th and 12th, and until storms result. There will be storms each afternoon up to the 17th and 18th. From the 20th to the 25th is a regular storm period. Bright, pleasant days and nights will follow up to the 25th, and the month will end warm and stormy.

Lewontown Locals.

(From our Regular Correspondent.) Poultry men are said to be a class of beings who generally view every thing pertaining to their business through pink spectacles, despite the enemies with which they have to contend. The old fashioned way of incubation is preferred by them. From fifteen to twenty eggs are placed under each hen and they do their work effectually. A diet of corn meal moistened with water in which cascades has been placed is given to the chicks. It is known to be a preventive of disease, and it is beneficial generally to the little creatures. The mosquito magnified is an ugly thing. Already the citizens of St. Jerome's Neck are making complaints about the bites of these annoying insects. Scarcely has the Sun descended below the horizon, when they arise from the marshes to make existence a torment both to man and beast. Farmers are annoyed with cut worms, and truckers have almost despaired of getting an average stand of tomatoes and cabbage. The ravages of these worms are almost enough to convey dejection even into the most resolute mind.

Birds are getting enjoying a feast, for cherries are daily ripe. Flags of different colors, and scarce crows prove a vain threat to our winged friends. They know a good thing when they see it. J. Frank Smith, Esq., is home again, and he is looking well and is hopeful of St. Mary's politics. Mr. Alex. Tension is said to be the coming Republican candidate for the Commissioners Court. Mr. T. is a good citizen.

Mrs. Mattie Jones is visiting her parents, Mr. and Mrs. Robt. Pembroke, and Mrs. Geo. Roach has returned from Highlandtown much improved in health. Mrs. W. T. Clarke who has been ill is now better, Dr. T. H. Lynch is the attending physician. Captain W. W. Clarke, schoolmaster, is frisking about to Baltimore. Mr. Walter B. Langley and other large shippers patronize him.

The Miller brothers continue to improve their place on Smith's creek, which we are told may be purchased for \$4,000. The Arrowsmith runs to their wharf twice a week. The officers of this boat are accomplishing a feat. For the amusement of the juvenile readers of the BEACON we give a few of the numerous questions used in a play by pupils of a certain school hereabout. The play is called "Teachers Examination," and it is enjoyed every Friday afternoon, that is, between 12-10 and 1 p. m.

No. 1. Is opium still generic?
No. 2. Is it habitual use injurious to the higher faculties of the mind?
No. 3. Why can a drunken man hit a hard blow, but cannot hit straight?
No. 4. Has a tobacco poultice ever caused death?
No. 5. Who is the "Father of medicine"?
No. 6. If an elder-duck's nest be robbed the second time, will she abandon it and seek for a new home where she may indulge her maternal instinct undisturbed?
No. 7. What is the color of its eggs, and what number does it lay?
No. 8. Where is its habitat?
No. 9. What is Milton's word for Czar?
No. 10. Who was Dr. Guillotine?
No. 11. According to his *ipse dixit*, what were the happiest moments of Napoleon Bonaparte's life?

No. 13. What is unwritten music?
No. 14. What is a nuisance according to Blackstone?
No. 15. What Roman Emperor delighted to torment flies?

Some persons have ploughed up their millet and have planted the area in corn. Clover is not up to the standard, so say those who are supposed to know. The bee is industriously at work, and the little ant is not idle. Humming birds and butterflies are revelling in the sweets of luxuriant and beautiful flowers, which enchain the air with exquisite fragrance. The majority of the citizens of the district appear to be enjoying life, which bears us on like the current of some mighty stream.

To strew the graves of those we love with the offerings of Flora is a solemn duty. That there is a mysterious power in friendship we are fully aware and we take this opportunity to express our high appreciation of the beautiful and significant floral offerings presented to us, 30th ultimo by kind friends. The remembrance of her whose "vital spark of heavenly flame" we trust is with the bright immortal throng is mutually preserved in a memory kept normal by humbly endeavoring to obey the will of God irrespective of seasons.

ARE YOU INSURED?
If not, now is the time to provide yourself and family with a bottle of Chamberlain's Colic, Cholera and Diarrhoea Remedy as an insurance against any serious results from an attack of bowel complaint during the summer months. It is almost certain to be needed and should be procured at once. No other remedy can take its place or do its work. 25 and 50 cent bottles for sale by Wm. F. Greenwell & Son, Leonardtown, Md.

Dr. M. J. Davis is a prominent physician of Lewis, Cass county, Iowa, and has been actively engaged in the practice of medicine at that place for the past thirty-five years. On the 26th of May, while in Des Moines, en route to Chicago, he was suddenly taken with an attack of diarrhoea. Having sold Chamberlain's Colic, Cholera and Diarrhoea Remedy for the past seven years, and knowing its reliability, he procured a 25 cent bottle, two doses of which completely cured him. The excitement and change of water and diet incident to traveling often produce a diarrhoea. Every one should procure a bottle of this Remedy before leaving home. For sale by Wm. F. Greenwell & Son, Leonardtown, Md.

Circuit Court.—The equity term of the St. Mary's Circuit Court convened Monday, the 5th instant, Judge Crane on the bench. The dockets were called and judgments entered in plain and uncontested cases. Robt. C. Combs, Esq., moved the admission of Mr. Horace P. Durant. The standing committee, Messrs. Combs, Morgan and Hammett examined Mr. Durant and in its report congratulated him very highly and recommended his admission to the bar. There being no further business before the Court it adjourned for the term.

Senator Roach.—Senator William N. Roach, of North Dakota, is visiting his cousin, Mrs. B. R. Abell, of Leonardtown, and is accompanied by his sister, Miss Katie. Senator Roach is a St. Mary's constant by descent and is well and favorably known to many of our older citizens. He is a handsome gentleman and is said to be as clever as he is handsome. From the Congressional Directory we take the following biographical sketch of his life: "William Nathaniel Roach, of Larrimore, was born in Washington, District of Columbia, September 25, 1840; was educated in the city schools and Georgetown College; was clerk in the Quartermaster's Department during the war; removed to Dakota Territory in 1879; was interested in mail contracts for several years; took up land in Dakota and developed a farm; was Mayor of Larrimore from 1883 to 1887; was member of the Territorial Legislature of 1888; was Democratic candidate for Governor at the first State election and was defeated by John Miller; was renominated at the next election and was again defeated; was elected to the United States Senate February 20th, 1893, after 33 days' balloting, opposing the sixty-first ballot, receiving 23 Democratic, 17 Populist, and 10 Republican votes, against 49 Republican votes cast for H. F. Miller, Republican. Took his seat March 4, 1893. His term of service will expire March 3, 1899."

Senator Roach is a first cousin of Mr. Joseph T. Gough, Mrs. B. R. Abell and Mr. James Roach, of this county. 350,000 Years Old.—We knew St. Mary's was an old county, but we had not estimated her age at quite the figure of the above head line. However, a few thousands and years one way another makes but little difference to us, for we are consoled by the knowledge that if St. Mary's is old she is still the prettiest and sprightliest county in the State, and the St. Mary's girls are still the best and sweetest in the world. The Baltimore Evening News says: "John Widgeon, the colored janitor of the Maryland Academy of Sciences, has, under the instructions of the president of the academy, Dr. J. H. Uhler, just accomplished a remarkable feat. This is the gathering of a splendid and interesting assortment of fossils from the rich marl of St. Mary's county, both on the Potomac and the Patuxent side of that region. The collection will be exhibited when the regular monthly meeting of the academy will take place. "The shells are of remarkable shapes and sizes. They embrace many rare specimens of the Miocene period of geological strata, and were found all the way from the level in the green marl to 100 feet above it in the surface yellow sand. They are admirably preserved specimens of the fossils of prehistoric Maryland, and President Uhler has taken great delight in cleaning, labeling and arranging them. His task is not yet completed, but fully 300 shells will be shown. "The oyster and scallop shells are huge affairs. The former, Dr. Uhler says, resemble the pearl variety of Ceylon. The latter are beautifully marked and modeled and are as large as the dinner plates in common use. These specimens are at least 350,000 years old. This is the lowest estimate that can be made by the deduction of 50 per cent. from their possible age."

(Correspondence of the Beacon.) WYNN, Md., June 6, 1893. Messrs. Editors.—Permit me a small place, will you please to inform the many readers of the BEACON that the good work of teaching the children of St. Iago's the soul-saving truth of the Gospel goes and Rev. Father Mulry has established three Sunday schools since his brief presence amongst us. The one at St. Michael's is composed of both white and colored. If my memory be not at fault, the teachers are Mrs. A. S. Benville, Mrs. Stephen Goodrich and Miss Nannie S. Williams, niece of the former lady. Joseph Bennett, (colored) assists in teaching the colored boys of whom there are a large number. The music and singing are excellent. Miss Olla Ridgill, assisted by Mr. John Saxton, are the organists. The "little ones" are cared for and thus the sweet will of Jesus is obeyed. The good work goes on. Gloria in excelsis!

COMMUNICATED. Messrs. Editors:—We are informed that last Saturday Mr. Peter H. Johnson was in Leonardtown purchasing lumber from Mr. B. R. Abell to build a new store-house and dwelling on the same tract of land which was owned by Mr. Lewis C. Johnson, his brother, who built a fine store-house on the same place, which was destroyed by fire a few years ago. Peter is a son of Mr. Joseph S. Johnson, and is beliked by all who know him. He is a true, upright and honest gentleman, and we wish him success in all his undertakings. It is said that Mr. Neale Milburn is to do the building. A FRIEND.

Dr. M. J. Davis is a prominent physician of Lewis, Cass county, Iowa, and has been actively engaged in the practice of medicine at that place for the past thirty-five years. On the 26th of May, while in Des Moines, en route to Chicago, he was suddenly taken with an attack of diarrhoea. Having sold Chamberlain's Colic, Cholera and Diarrhoea Remedy for the past seven years, and knowing its reliability, he procured a 25 cent bottle, two doses of which completely cured him. The excitement and change of water and diet incident to traveling often produce a diarrhoea. Every one should procure a bottle of this Remedy before leaving home. For sale by Wm. F. Greenwell & Son, Leonardtown, Md.

Localities and Otherwise. Quite a crowd was in Leonardtown Tuesday last. The Commissioners' Court will meet Tuesday next, June 13th instant. Miss Katie Maddox, of Washington, is visiting friends and relations in St. Mary's. Ex-Confederates are earnestly requested to meet in Leonardtown, Tuesday next, June 13th, and organize a society. Miss Lizzie Turner, who has been quite sick for the past week, is we are pleased to hear, improving, and expects soon to return to the village. There will be preaching at St. Paul's M. E. Church, Leonardtown, every Sunday at 8 p. m., and Sunday School every Sunday at 9 a. m. All are invited. Col. L. A. Wilmer, of Charles county, is to deliver the annual address before the Alumni Association of St. John's College, Annapolis, June 21st, instant. Among the list of graduates at the State Normal School this year we notice the names of Misses Maria Briscoe and Mary Ellen Queen, of St. Mary's county. Farmers all over the county report that the "cut worm" is very destructive to the growing tobacco plants, in many instances cutting off thousands of plants in twenty-four hours. Friday last, Master John Yates, mail-carrier on the Leonardtown-Valley Lee route, fell from his horse and broke his collar bone. Dr. Frank Greenwell reduced the fracture. Mr. John E. Stone is business manager and local editor and Mr. John H. Mitchell is editor in chief of the new Charles county paper, The Crescent. Their paper is a bright and new one. Among the legal lights visiting Leonardtown during the June term of Court, we noticed Ex Judge Stone and Col. L. Allison Wilmer, of Platts, and Ex-Congressman Mudd, of Washington, D. C. Mr. B. R. Abell has just received from North Carolina a large cargo of prime shingles which he is offering at prices to suit the times. Give him a call. His advertisement may be seen on our first page. The president's prize for Bible study at St. John's College has been awarded to R. H. Williams, of St. Mary's county, and Randall McIlvane, of Philadelphia, both of whom received the same marks.—Maryland Republican.

Tuesday, June 8th instant, was Confederate Decoration Day and we hope the fair ladies and gallant gentlemen of the Old First District were mindful of the 3004 gallant men who sleep their last sleep under the granite shaft near Point Lookout. Mr. Horace Durant, of Washington, after passing a highly creditable examination, was, Monday last admitted to the practice of law. Mr. Durant has spent much of his life in our town and is regarded as one of our people. He is a clever gentleman and will, we believe, make a good lawyer. Success to him!

The will of the late John B. Lyon, of Charles county, among other devices, bequeaths a farm in Charles county near the Brick Church, and one in St. Mary's called "Mills Point," with addition, to Mrs. Marshall Freeman, James A. Lyon, and John B. Lyon, of St. Mary's, share and share alike. Monday last, Sheriff Thompson sold at public auction the subdivision of the estate of the late George S. M... being allotted to T. D. Mattingly and containing 186 acres for \$800. Purchaser, Ignatius E. Mattingly. Lot No. 1, containing 1804 acres—the share of George E. Mattingly—was bought by John F. Ching for \$1000. We are pleased to hear that Mr. Luke Doney, of St. Clement's Bay, is fast recovering from the effects of his recent fall from his horse. Wednesday last week Mr. Dorsey was riding along the road leading to Longworth Point when his horse stumbled, and in the resultant fall Mr. D. had his leg fractured and was badly bruised. He remained on the road hallooing for help until his brother drove up and rendered the needed assistance. Lane's medicine moves the bowels each day. In order to be healthy this is necessary.

A MEDICINE THAT MAKES GOOD BLOOD. GILMORE'S AROMATIC WINE. Will completely change the blood in your system in three months' time, and give you new, rich blood, and restore you to health and vigor. It is a perfect blood purifier, and will remove all impurities from the system, and give you a clear, healthy complexion. It is a perfect blood tonic, and will give you strength and energy.
