COUNTY NEWS.

Religious.

Christ Church, Choptank: Sunday, at 10 a. m., Sunday School. "At 11 " Service and Sermon.

Budd's Creek. Sunday School at 4 p. m. Service and Sermon at 5 p. m. All Saints' Parish.

Rev. H. Fields' Saunenig, Minister in Charge. Services—Sundays at 10 a. m., Children's Service; 10:30, Morning Prayer and Sermon. Holy Baptism, First Sunday in the month.

Good Shingles Cheap.—Mr. B. R. Abell has just received from North Carolina a large lot of superior shingles which he is selling at reasonable prices. Give him a call!

Driven Ashore.—Mr. Joseph H. Jones, reports that during Saturday's storm Capt. Hance's vessel was driven ashore at Trent Hall, on the Patuxent, and went up in Mr. Galen St. Clair's wheat field, the crew jumping off in the field. The vessel lost her topsail and three anchors and will likely prove a total loss. Mr. Jones also says that Trent Hall wharf was washed away from the warehouse to the shore.

New Firm.—Mr. Millard Price, lately a member of Krey, Price & Co., produce commission merchants of Washington, has withdrawn from that firm and is now doing business on his own account as Millard Price & Co., at 917 Louisiana Avenue.

Mr. Price, though a young man, has had considerable experience in the commission business, having been associated with his father, Mr. Albin Price, when in that business. He was formerly a resident of this county and has a large number of connections in the second and third districts.

We wish the young gentleman success and hope the people of this county will encourage him by shipping him their produce or portion of it at least.—Port Tobacco Times.

Election Supervisors Meet.—At request of E. B. Abell, Esq., secretary of the republican primary judges and chairman of the Republican County Central Committee, the Supervisors of Election for St. Mary's county met at Mr. J. F. Morgan's office Leonardtown, Tuesday, October 17th, 1893.

The nomination papers of the St. Mary's Republican party were presented and read to the Board which unanimously determined that they were correct, save and except that the names of three candidates for County Commissioner appeared thereon, when the law as laid down in the books, authorized the election of but one Commissioner, from the 1st commissioner district. The papers were endorsed as filed October 17th, 1893, and returned for correction in the particular named.

The duties of the Board, as it saw them, were purely ministerial and to carry out laws as it found them, not to pass upon their constitutionality. The Board stated that in case of Court of Appeals decided against the constitutionality of the law it would reconvene and carry out the law as interpreted by the Court. All parties seemed satisfied with the fairness and justice of the Board's action.

Farmers' Club. The Brittan's Neck Farmers' Club met at the residence of Mr. Gough with seven members present. The proceedings of the last meeting were read and approved. The examining committee, have examined the farm and buildings and find the barn well filled with some fine tobacco, that is, that which was cut before the storm; that cut since has some dirt on it. The barns are in good condition, but need whitewashing. We find the farm tools well taken care of in the house. The cat is looking well and the sheep a very good South Down breed. The horses and mules in fine plight, corn crop ordinary, owing to the drought. We find the poultry numerous, of various breeds and of fine appearance. The dwelling and surroundings neat and comfortable. We think the out gate and about it should be fixed.

J. T. ABELL, J. S. ALVEY, W. S. DAVIS, Committee.

Mr. G. F. Tension was elected an active member and Mr. J. Davis put in nomination for membership. Discussions about grass brought out the following:

Mr. Davis thought clover, red top, and orchard grass mixtures a good one. Mr. J. J. Alvey thought sowing one-third of timothy, when seeding wheat, one-third of orchard grass and the same of clover in the spring.

Mr. Gough did not like timothy in the wheat; thought it did harm. Mr. Yates agreed with Mr. Gough, but thought orchard grass was equal to any or better, as it will take on lands that other grasses will not.

The members were divided as to harrowing clover seed, some thinking seeding on frozen ground the best. The next meeting will be at Mr. H. M. H. Yates' and the examining committee W. Gough, G. F. Tension and J. Perry Abell.

Subject for next meeting—How can we farm to compete with the times? After partaking of refreshments, a vote of thanks was tendered Mr. and Mrs. Gough, and the club adjourned to the first Saturday in November.

W. S. DAVIS, Secretary.

A Specific for Croup. "I consider Chamberlain's Cough Remedy a specific for croup. It is very pleasant to take, which is one of the most important requisites where a cough remedy is intended for use among children. I have known of cases of croup where I know the life of a little one was saved by the use of Chamberlain's Cough Remedy." J. J. LaGrange, druggist, Avoca, Neb. 50 cent bottles for sale by W. F. Greenwell & Son, Leonardtown, Md.

"During my term of service in the army I contracted chronic diarrhoea," says A. E. Bending, of Halsey, Oregon. "Since then I have used a great amount of medicine, but when I found that that would give me relief they would injure my stomach, until Chamberlain's Colic, Cholera and Diarrhoea Remedy was brought to my notice. I used it and it will say it is the only remedy that gave me permanent relief and no bad results follow." For sale by W. F. Greenwell & Son, Leonardtown, Md.

Lecture.—Rev. James Smiley will deliver the second lecture of the course in General History on Saturday, Oct. 21, at Charlotte Hall. Subject, "The Ancient Eastern Nations." Lecture begins at 2 P. M. Admission free. Public cordially invited.

The Storm.—The storm on Saturday last was the most severe that has visited our county for many years. A great deal of property was destroyed. From reports which have reached us it is evident that much greater damage was done on the Potomac than on the Patuxent. The old wharf at Leonardtown had all the planking torn off and washed away; the schooner Cooper, Captain John Foxwell was driven ashore at Lawrence's Point. The warehouse on Mr. Geo. F. Pabst's wharf was washed away and considerable coal lost. On St. Clement's Bay, J. T. Abell's warehouse and part of the wharf was washed away, and 2 tons of guano, 66 bushels of seed wheat and a lot of furniture therein belonging to Mr. John T. Johnson was partially ruined; a hoghead of tobacco and a half ton of guano belonging to Mr. Leo M. Watton was, at the same time and place, badly damaged. An out-house belonging to Mr. Clyde Abell was blown down and a tobacco barn on Mr. Jo. F. Morgan's place was damaged. In Milestown district, one of Capt. Palmer's barns was blown down; Mr. Frank Mattingly's barn filled with tobacco shared the same fate; one side of the roof of Mr. John Dean's barn was blown off; and at Plowden's wharf at least \$300 damage was done to oyster boats, some of them being torn to pieces. Mr. H. E. Higgs' barn at "Hillside," containing about twenty thousand pounds of tobacco, was blown down, the tobacco greatly damaged and a Dayton, Drill and reaper therein broken. It is also reported that Piney Point wharf was badly damaged.

Household Hints. Do not clean marble ornaments with soap and water, but if much discolored or stained use a paste compounded of two parts of washing soda, one of powdered pumice stone and one of powdered chalk. Sometimes discoloration may be removed by brushing the ornaments with water in which a tablespoonful of powdered borax has been dissolved. Benzole is more powerful, and may be used for the same purpose, rubbed on and in a little while off with a clean cloth.

A convenient small piece of silver that is now to be had in both sterling and plated—vare is a stand or holder for pineapple cheese. The standard has prongs that hold the cheese securely in place, so that it does not topple over when cut. At one side there is a rest for the cheese scoop. A new desert-spoon, more curious than attractive, has on the handle a lizard with scales of gold and green eyes that are emeralds.

The Crops. The October reports to the Department of Agriculture show that the corn crop is even smaller than it was thought to be a month ago. The estimate is 75.01 per cent of an average crop, while the estimates made last month were 76.7 per cent of an average. The estimate of the yield of wheat this year is an average of 11.3 bushels to the acre. The potato crop is reported to be smaller than for a decade except in the years 1887, 1890 and 1892. The estimate of the tobacco crop is 74 per cent, as against the estimate of 73.3 made in September.—Sun.

Wedding at All-Faith. [Reported for the Beacon.] Very seldom indeed has there been a prettier scene in this historic, and much loved old church, than was witnessed at the marriage of Mr. Billingsley Freeman to Miss Minnie Adams, which took place there on Thursday, 12th instant, at 10:30 in the morning.

Before the appointed hour, large numbers of the friends of the bride and groom assembled and were comfortably seated by the handsome ushers in the persons of Messrs Oscar Morgan, Wm. Reeves, Dr. Lewis Tippett and Harvey Turner.

Then to the music of Mendelssohn's wedding march, well executed by the talented organist, Mrs. T. A. Reeves, the bride, who looked the picture of loveliness in pale blue silk, leaning upon the arm of her father, and preceded by the ushers, the graceful maid of honor, Miss Katie Adams, and two lovely little flower girls, Misses Alice Morgan and Nellie Freeman, advanced to the church rail, where she was received by the groom and conducted to a position under a most beautiful floral bell, and there, by the matchless marriage ritual of the Protestant Episcopal Church, very impressively read by the Rector, Mr. Chesley, they were pronounced man and wife.

The chancel and altar had been exquisitely decorated by the bride's friends, which, with the solemnity of the ceremony, gave a beauty and impressiveness to the occasion that will not soon be forgotten.

The wedding party left immediately to take the 12 o'clock train for a trip North, after which they will live at the groom's home in Hyattsville, Md.

The groom, a son of Marshall Freeman, Esq., of Charles county, is a young man of splendid character and attainments and is doing well in the real estate business. The bride, a daughter of one of the most useful and influential men of the 5th district, Henry C. Adams, Esq., is a thoroughly accomplished young lady, with many beautiful traits of character. Having known her from childhood, we have no hesitation in saying that no more womanly woman will ever grace the home of any man.

Lowestown Look. (From our Regular Correspondent.) The storm which passed over this section recently did some damage to fencing, fruit trees, etc.

In consequence of the weather being so warm the oyster shucking house at Benvenue's wharf has not been very active. Oysters are scarce but they are of excellent quality, large, fat and well flavored.

Farmers are progressing well with their routine work, the majority of whom appear satisfied with the result of their labor, while the few who are an exception to the class mentioned, present a sour facial expression, and are puzzling their brains to understand why the man in the moon always appears so cheerful.

Poultry raisers have been successful as large shipments of chickens and ducks have been made up to date. Peafowls are not raised. No, the shrill voice of this most beautiful bird is not heard. They were the bird sacred to Juno, and were preserved about the temple of that deity at Samos.

We have to pen another true rat story. Some nights ago Frank McKay, Esq., of St. Jerome's neck, dreamed that he was feeling queer and that a gander was biting his right index finger. He awoke and to his surprise a rat had bitten his finger severely. Our friend has been unable to use his hand for sometime, and says that he is not particularly in favor with rats. Good cats and "Rough on Rats" will thin them wonderfully, if not entirely exterminate them.

Proclamation by the Governor.

STATE OF MARYLAND. EXECUTIVE DEPARTMENT. WHEREAS, Section one of Article four-

teen of the Constitution of Maryland makes it the duty of the Governor to order the publication in certain newspapers to be designated by him of any bill, or bills, passed proposing any amendments to the said Constitution; and

WHEREAS, at the January Session, 1892, of the General Assembly of Maryland, a bill was passed proposing an amendment to the Constitution, which amendment is Chapter 313 of the Acts of 1892, and is as follows, to wit:

CHAPTER 313. AN ACT to add an additional section to Article four of the Constitution of this State.

SECTION 1. Be it enacted by the General Assembly of Maryland, Three-fifths of all the members of the two Houses concurring that the following section be, and the same is hereby proposed, as an amendment to the Constitution of this State; and if adopted by the legal and qualified voters thereof, as herein provided, the same shall supersede and stand in the place of Section thirty-nine of Article four of said Constitution.

Sec. 2. The General Assembly shall, as often as it may think the same proper and expedient, provide by law for the election of an additional Judge of the Supreme Bench of Baltimore city, and whenever provision is so made by the General Assembly, there shall be elected by the voters of said city another Judge of the Supreme Bench
