REPRESENTATIVE MEN ON THE WORLD'S FAIR

What Distinguished Statesmen and
Others Say of the Educational and
Inspiring Exposition at St. Louis.

The public utterances of distinguish-
ed men who have visited the world's
fair have by now, and that of
emphatic praise. Here are some of
their comments:

Hon. John Hay, secretary of state, has
never seen nor heard of anything
like this.
Hon. Leslie M. Shaw, secretary of the
treasury: "Any father of a family
afford to send him to the fair, to
study any one of at least a dozen
exhibits."
Hon. Charles H. Grosvenor of Ohio: "A
visit of ten days by a man of ordinary
spices and appetitive, capable to the
Fair is almost equal to a postgraduate
course in a university."
Hon. Benjamin B. Odell, governor of
New York: "St. Louis has been badly
misrepresented by accounts which say that
her weather is unbearable. The Fair is
wonderful."
Hon. George C. Pardo, governor of Cal-
ifornia: "The governor of the Golden State,
who has spent all his life within her bor-
ders, finds that he knew only a little
about his state until he came to the Fair

WAGE EARNERS AT THE FAIR
Prominent Men Planning to Help
Workers See the Great Exposition.
Wage earners of America are to see
the World's Fair by tens of thousands
under the auspices of the National Civic
Federation. A new bureau of the
Federation has just been established at
St. Louis upon the World's Fair grounds.
Back of the movement are Grover
Cleveland, David R. Francis, Andrew
Carnegie, Cornelius N. Bliss and
others. Plans are making to have a
vast number of the wage earners of
the United States see the World's Fair,
the most glorious spectacle of the age
and the most influential factor in the
education of the American citizen.
The bureau is in charge of Miss Ger-
trude Becks, secretary of the Federa-
tion's welfare department, of which
Mr. H. H. Vreeland, head of the street
railway system of New York city, is
chairman. The bureau headquarters is
in the east end of the Palace of Trans-
portation, on the ground floor. The Ex-
position management is in hearty ac-
cord with this movement on the part
of the Federation to induce the large
manufacturers and other employers of
labor to provide ways and means for
the wage earners of America to visit
the Exposition. President Francis is
displaying personal interest in the
undertaking by affording the Federation
every facility for the consummation of
its efforts, and in this connection he
has directed Theodore Hardee, assist-
ant to the secretary, to co-operate with
Miss Becks and Ralph M. Easley,
chairman of the Federation's executive
council, in every possible way.
The Exposition management has also
equipped this bureau with clerical as-
sistance and a full supply of World's
Fair literature. The bureau will be
used as headquarters for all wage ear-
ners coming to the Exposition under its
auspices. The aim of the Federation is
to make it feasible for the largest pos-
sible proportion of wage earners to visit
St. Louis and see the World's Fair.
It will see that they are met at the de-
pot by responsible persons and con-
ducted to suitable lodgings, where they
will be treated fairly.
There will also be furnished, free of
charge, appropriate literature indicat-
ing the points of interest to be seen
within a limit of one week, which is
about the average time each party will
spend here. It will also include the
objects of special interest to various
craftsmen in their particular lines, so
that they may devote as much time
as possible to the objects of peculiar
interest to them. These and many other
efforts will be made to help all wage
earners to enjoy the benefits of this
great Exposition comfortably and at an
expense within their means.

Plain Business.

The tariff question is a business
proposition that concerns every
man, woman and child, for it taxes
the average home \$110 a year, or
more than one-tenth of the average
family's total income. There is an
average of one-and-one-eighth-tenths
carriers in the average home. These
contribute thirty days' labor each,
or fifty-four days' labor a year to the
tariff-tax collectors. If this \$110
went as honest taxes to our govern-
ment to meet necessary expenditures,
no fault would be found, though the
tax would be considered extremely
high. But only a very small part
of this \$110 can be classed as legiti-
mate taxes. By far the greater
part goes to million and billion dol-
lar tariff trusts and monopolies,
which thrive now as never before in
this country. These greedy trusts
levy a tribute of \$94 a year upon the
average home, while the government
collects an average of about \$15 a
year in tariff taxes; the collection
last year amounted to \$349 per capita,
or \$16.82 per family of 4.7 persons.
Do the heads of these 17,000,000
families, the voters, knowingly and
willingly donate \$94 a year to the
hundreds of trusts? Do they love
these trusts more than they love
their wives and children? If not,
why should they vote to give this
\$94 to trusts that do not need it,
rather than to keep the \$94 for their
own families who do need it? An
extra \$94 a year would mean much
to the average family in the way of
better food, clothing and education.
A vote for the Democratic party
means a vote to dispense with this
additional tax.

One of Many.

H. A. Tisdale, of Summerton, S.
C., suffered for twenty years with
the Piles. Specialists were em-
ployed and many remedies used but
relief and permanent good was found
only in the use of DeWitt's Witch
Hazel Salve. This is only one of the
many cures that have been
effected by this wonderful remedy.
In buying Witch Hazel Salve it is
only necessary to see that you get
the genuine DeWitt's made by E. C.
DeWitt & Co. in Chicago, and a
cure is certain. DeWitt's Witch
Hazel Salve cures all kinds of piles,
cuts, burns, bruises, eczema, tetter,
ring-worm, skin diseases, etc. Sold

Reflections of a Bachelor.

A girl has to have very red hair
to believe it is any more than blonde.
Anyway, they'll never invent a
flying machine to go as fast as
money.

A lobster and cucumber supper is
a good thing to start one's conscience
working.

A woman has a good deal of excite-
ment pretending she admires a man
for his mind.

When a left-handed man asks a
girl to go buggy-riding it makes her

Good For Children.

The pleasant to take and harmless
One Minute Cough Cure gives in-
stant relief in all cases of Cough,
Croup and La Grippe because it
does not pass immediately into the
stomach, but takes effect right at
the seat of the trouble. It draws out
the inflammation, heals and soothes
and cures permanently by
enabling the lungs to contribute
pure life-giving and life-sustaining
oxygen to the blood and tissues.

Rough Rider Government.

On the occasion of the opening of
the campaign by Tammany Hall in
New York Mr. Warley Platak said,
among other things:
"General Jackson propounded the
question, 'Shall the people rule?'
But the new doctrine seems to be,
'Shall the Government be admin-
istered solely by the Rough Rider
Theodore Roosevelt?' Gladstone
said that the American Constitu-
tion is the greatest document ever
written, but Mr. Roosevelt is of the
opinion that it is a worthless docu-
ment to be used or abused by him
as he chooses.
"No one can deny that the Presi-
dent is intellectually well equipped,
honest and brave, but there is moral
courage and physical courage, and
in moral courage he is lacking.
Lincoln would never agree with the
President's policy to 'speak softly
and carry a big stick.'

Save Two From Death.

"Our little daughter had an almost
fatal attack of whooping cough and
bronchitis," writes Mrs. W. K.
Haviland, of Armonk, N. Y., "but,
when all other remedies failed, we
saved her life with Dr. King's New
Discovery. Our niece, who had
Consumption in an advanced stage,
also used this wonderful medicine
and to day she is perfectly well."
Desperate throat and lung diseases
yield to Dr. King's New Discovery
as to no other medicine on earth.
Infallible for Coughs and Colds.

Why Donkeys Don't Shy.

Horses shy because they are des-
cended from ancestors accustomed
to roam over plains, where any tuft
of grass or bush might conceal an
enemy waiting to spring on them.
The donkey, on the other hand, is
descended from animals which dwelt
in the hills, among which there were
precipices and dangerous paths;
hence the surefootedness and com-
parative slowness of the donkey.
His ancestors were not so liable to
sudden attacks of wild beasts and of
snakes. Moreover, sudden and wild
starts on alarm would have been
positively dangerous to them; hence,
they learned to avoid the very habit
which proved so useful to the horse
in the plains.—Pearson's Weekly.

Confessions of a Friest.

Rev. Jno. S. Cox, of Wake, Ark.,
writes, "For 12 years I suffered
from Yellow Jaundice, I consulted a
number of physicians and tried all
sorts of medicines, but got no relief.
Then I began the use of Electric
Bitters and feel that I am now cured
of a disease that had me in its grasp
for twelve years." If you want a
reliable medicine for Liver and Kid-
ney trouble, stomach disorder or
general debility, get Electric Bit-
ters. It's guaranteed by all Drug-
gists. Only 50c.

A Mutual Mistake.

Little Willie told his mother that
a lion was on the front porch, but
when an investigation was made it
was found to be the Newfoundland
dog, which had been newly shorn.
"Now Willie," said his mother,
"you have told a very naughty story,
and you must go up to your room
and pray for forgiveness, and re-
main there until the Lord does for-
give you."
Willie promptly obeyed, but he
was gone only a few minutes before
he came tripping back.
"Did the Lord forgive you?"
asked his mother.
"Yes," was the reply, "and He
said He didn't blame me much,
either, 'cause when He first saw it
He sorter thought it was a lion him-
self."—Collier's.

Can You Eat?

J. B. Taylor, a prominent mer-
chant of Ochrismen, Tex., says: "I
could not eat because of a weak
stomach. I lost all strength and
ran down in weight. All that money
could do was done, but all hope of
wonderful cures effected by use of
Kodol Dyspepsia Cure, I concluded
to try it. The first bottle benefited
me, and after taking four bottles, I am
fully restored to my usual strength,
weight and health." Kodol Dys-
pepsia Cure digests what you eat

Get Rid of Them.

Dr. B. F. Price, sanitary officer for
the 5th district, sent to the County
Commissioners this week the follow-
ing copy of a notice that he has is-
sued in his district, says the Town-
ship Union:
"I hereby warn all persons in
districts having quantities of decay-
ed potatoes on their premises, either
in barn or cellar, to remove them or
burn them at a distance from all
residences, as it is accepted that
nothing is more favorable to develop-
ment of disease germs, and in view
of the responsibility of the position
that I occupy I would respectfully
call your earnest attention to this
matter."

Got What He Wanted.

Senator "Joe" Blackburn's polite-
ness was disastrous to him upon
one occasion. He was making a
trip to the mountains in the eastern
part of Kentucky, and made his
stopping-place a farmhouse at a re-
mote point from the city.

On the day of his arrival he was
rather late for dinner, and the lady
of the house apologized for the coffee,
which at that time was lukewarm.

"Oh! I do not mind it in the least,
madam," said Senator Blackburn;
"I really prefer my coffee cold, you
know."

It was served cold during the re-
mainder of his two weeks' stay.

How We Catch a Cold.

A cold is sometimes contracted
while remaining inactive for a while
in an uncomfortable room or a cold
draft and by falling to sleep under
like conditions. But most colds are
caught while sleeping too cold at
night. Deep sleep causes sluggish
circulation which renders the sys-
tem susceptible to change of tem-
perature. To prevent colds, sleep
under plenty of cover. To cure
colds use Rydale's Elixir, it lessens
the severity and shortens the dura-
tion of a cold and prevents Pneumonia,
Bronchitis and Consumption.

A Sporting Contest.

Fifty sparrows, desperately fight-
ing a large cat for the possession of
a young bird, made things interest-
ing in Baltimore the other day.
The cat had caught a young sparrow
and started north on Charles street,
when a few older birds saw him.
They flew at the cat so savagely that
he was compelled to hunt for shelter.
More birds joined in the at-
tack, and when the cat reached the
Northampton Hotel, he ran against
the windows in search of a place of
safety.

Broke Into His House.

Safeguard Against Accident.
The best safeguard against acci-
dent is to use good judgment in di-
recting every act. But, accidents
will often occur in spite of every
effort to prevent them. The best
safeguard against injury resulting
from accidents is Elliott's Emulsified
Oil Liniment. It is the most ser-
viceable accident and Emergency
Liniment ever made and is the most
satisfactory Liniment for use in the
family and on animals ever offered.
