

Saint Mary's Beacon

Wisdom is Small Doses.

There's usually room at the top of a man's head for more hair.

A woman's jealousy flatters a youth of 20 and scores a man of 40.

The artful female is ever trying to improve on nature's handiwork.

As a rule, there are no straws handy for a drowning man to clutch at.

You can't bluff a pretty girl by telling her there are microbes in kisses.

Fully nine-tenths of the conceit in this world is monopolized by men under 40.

If you would win the everlasting gratitude of a homely woman, stretch a point and call her handsome.

Some men fail to reach the allotted threescore and ten years because they attempt to crowd two days into one.

Most of the rose-colored dreams of romance are yellow-backed.

The only effective place for a heroine to faint is in a hero's arms.

In novels, as in real life, there's many a slip between the engagement and the wedding trip.

Many spring poems have been punctured with a blue pencil.

It is better to have your hero born great than to thrust greatness on him in the last chapter.

A good press agent is rather to be chosen than a great plot.

In wine there may be truth, but, as a rule, there is more of babbling.

That which we admire in ourselves is folly when our neighbor essays it.

It's a long lane that has no auto accident.

No man objects to being weighed in the balance, if he is allowed to supply the weights.

We know what we are, as Shakespeare has it, but it is a good thing we are not obliged to tell the public.

A poor man is one who gets his money by earring it.

Many a man injures his eyesight looking out for number one.

No man's good intentions ever boosted him into the hero class.

The uncommonly smart boy is lucky to have common sense in after years.

Money is one of the best things out, and it is still better in your pocket.

He who has everything he wants also has a job lot of things he doesn't want.

The olive branch is the emblem of peace and the orange blossom is the emblem of war.

In order to get into society you must have plenty of money and unable to remember how you got it.

When a woman goes visiting she invariably secures a copy of her hostess' cake recipe—but she never uses it.

There is something wrong with the eternal fitness of things when you see a man with a silk hat dining in a cheap restaurant.

Before acquiring a son-in-law the girl's father should be sure of his ability to support the young man in the style to which he has been accustomed.

Humility is the foundation of all virtues.

To make hens lay in winter—hit them on the head with an ax.

Savages hunt for a living and civilized men hunt for easy jobs.

The more a man preaches to his neighbors the less they practice.

The man who doesn't worry is entitled to a lot of credit he never gets.

Many a man who is too honest to steal, borrows and forgets to pay back.

When crankiness renders a man happy he cares not who calls him a crank.

The Lord has more respect for an honest sinner than for the praying hypocrite.

A woman imagines her husband would save a lot of money if he didn't smoke.

Most men dislike to visit their relatives almost as much as their relatives dislike to have them do it.

A woman would rather have a man lie than tell the truth, when he has occasion to speak of her personal appearance.

The pen may be mightier than the sword, but there are times when a double-barrel shotgun is worth a carload of either.

The "Lazy" Microbe.

A learned Professor claims to have discovered that "Laziness" is caused by a germ. If the Eminent Doctor is right, Rydale's Liver Tablets can rightly be termed Microbe Killers, because they always remove that tired, lazy, sluggish feeling that has usually been attributed to a torpid liver or constipated bowels. Rydale's Liver Tablets are guaranteed to cure constipation and all liver disorders. They are small, compressed chocolate coated tablets, easy to take, pleasant in effect. Reliable. Any dealer in our remedies will return your money if you are not satisfied with these

A Candidate's Difficulties.

Up in northern Pennsylvania a candidate for Congress has to do a lot of hustling for votes if the stories told by Bradford county men at their recent dinner in New York are to be believed. One of these stories was of recent Congressman Mial E. Lilley, who was willing to let the dinner laugh at his expense.

"We had a political contest up in old Bradford last fall that came pretty close to the speed limit," said he, "and as usual I was a candidate. I tell you things were moving mighty brisk. There was mass-meetings every afternoon, debates in the evening and no end of hustling for votes all the time among the farmers."

"Hustling being the proper thing, I thought I'd get up before sunrise and sound some of the farmers on the voting question before they left their homes for the fields and before my opponent was out of bed. So up I got one morning and found one of the farmers whose vote I was after in his barnyard try to milk an unruly cow. He was chasing her all around the place with his milk pail, but couldn't hold her and milk her at the same time.

"That was the opportunity of my life. I jumped over the rail fence, grabbed the obstreperous cow by the horns and patiently wrestled with her until my voter finished his milking.

"Then I intimated that I'd like to have him vote for me, but he didn't seem to be over responsive.

"Perhaps you've seen my opponent?"

"By cracky, that reminds me," he exclaimed, "he's over behind the barn holdin' the calf."

Assembly L. T. Horton contributed this yarn about the same candidate:

"Mr. Lilley was driving around in the country trying to find a man whose vote he hoped to get, but didn't know exactly where his man lived, so he drove along until he came upon a little girl about 12 years old who was standing in front of a farmhouse holding on to a rope which had a calf at the end of it.

"Could you tell me where Mr. Brown lives, little girl?" he asked.

"The youngster had just begun to give the desired information when a loud female voice came from beyond the half open door.

"Mamie," it said, "who's that you're talking to?"

"Mr. Lilley, ma," was the answer.

"Well, Mamie, you just march yourself right into this house; and Mamie," here there was a pause, "you'd better bring the calf in with you."

A Grim Tragedy

is daily enacted, in thousands of homes, as Death claims, in each one, another victim of Consumption or Pneumonia. But when Coughs and Colds are properly treated, tragedy is averted. F. G. Huntly, of Oaklandon, Ind., writes: "My wife had the consumption, and three doctors gave her up. Finally she took Dr. King's New Discovery for Consumption, Coughs and Colds, which cured her, and to-day she is well and strong." It kills the germs of all disease. One dose relieves. Guaranteed at 50c and \$1.00 by Loker & deWaal, druggist. Trial bottle free.

"A fond mother said to her little son: "Tommy, my dear, I am going to give you a companion soon; which would you prefer, a little boy or a little girl?" "Well, mother," replied Tommy, "if it's all the same to you, I would rather have a little donkey."

Stokening Shivering Fits.

of Ague and Malaria, can be relieved and cured with Electric Bitters. This is a pure, tonic medicine; of especial benefit in malaria, for it exerts a true curative influence on the disease, driving it entirely out of the system. It is much to be preferred to Quinine, having none of its drug's bad after-effects. E. S. Munday, of Henrietta, Tex., writes: "My brother was very low with malarial fever and jaundice, till he took Electric Bitters, which saved his life. At Loker & deWaal drug store; price 50c, guaranteed.

The successful man is usually busy, and the busy man is usually successful. The young man, whatever his vocation, who has not learned to economize his time and keep busy has not got the lesson most essential for a prosperous, useful and happy life.

Dyspepsia or Indigestion.

The term "Dyspepsia" means a lack of pepsin in the stomach. Indigestion is rightly used when ever the food is not properly digested, regardless of the cause. It is immaterial, whether you call your ailment Dyspepsia or Indigestion when Rydale's Stomach Tablets are used. They are guaranteed to cure all forms of stomach trouble. Buy a trial box, (price 25c) and be convinced. Loker & deWaal.

It was an Indiana farmer who remarked, "I want to go to heaven, but if a cow kicks me I'm bound to wallop her with the milk stool, if I never get within a mile and a half of the gates of Paradise."

"We think baby will make a great politician."

"Why?"

Great Men's Ages.

Johann Kepler was 59 years old when he gave to the world his discovery of the law of the distance of the planets from the sun.

Francis Bacon was 59 years old when he published his "Novum Organum."

Pierre Gassendi was 58 years old when he published his atomic theory.

Otto von Guericke was 48 years old when he invented the air pump.

Johann Rudolph von Glauber was 55 years old when he discovered sodium sulphate (Glauber salt.)

Sir Isaac Newton was 44 years old when he published the law of gravitation.

Gottfried Wilhelm Leibnitz was 54 years old when he was commissioned to establish the Academy of Sciences in Berlin.

Antonius van Leeuwenhoek was 88 years old when he discovered blood corpuscles, infusoria, etc.

Rene Reaumur was 47 years old when he brought out his thermometer.

Gottfried Wilhelm Leibnitz was 54 years old when he was commissioned to establish the Academy of Sciences in Berlin.

Benjamin Franklin was 46 years old when he invented the lightning rod.

Joseph Priestly was 41 years old when he discovered oxygen.

Jan Ingenhousz was 49 years old when he discovered the respiration of plants.

Henry Cavendish was 53 years old when he discovered hydrogen.

Christian Huygens was 61 years old when he published his theory of the undulation of light.

Count Berthollet, Klaproth, John Dalton, Gay Lussac, Count Rumford (Benjamin Thompson), Woehler, Liebig, Alexander von Humboldt, and, in fact, the majority of the eminent chemists and physicists did their most important work in advanced years.

Greatly in Demand.

Nothing is more in demand than a medicine which meets modern requirements for a blood and system cleanser, such as Dr. King's New Life Pills. They are just what you need to cure stomach and liver troubles. Try them. At Loker & deWaal drug store, 25c., guaranteed.

Tipped with Life

Exercise is life—no part of the human organism can live, let alone grow, without it. Sallow, muddy, greasy and wrinkled complexions mean lack of circulation—blocking nature through the dirt absorbed by the skin for want of exercise

withdraws every particle of impurity from the pores—all the way through—and by gently exercising the facial muscles rounds them out to perfect development; blackheads and wrinkles immediately disappear, leaving nothing but the natural glow of health.

RYDALE'S TONIC A REAL CURE FOR MALARIA.

It has recently been discovered that the germs that produce Malaria, breed and multiply in the intestines and from there spread throughout the system by means of the blood. This fact explains why Malaria is hard to cure by the old method of treatment. Quinine, Iron, etc., stimulate the nerves and build up the blood, but do not destroy the germs that cause the disease. Rydale's Tonic has a specific effect upon the intestines and bowels, freeing them from all disease breeding microbes. It also kills the germs that infect the veins and arteries. It drives from the blood all poisonous matter and makes it rich and healthy.

RYDALE'S TONIC is a blood builder, a nerve restorer, and a Malaria destroyer. Try it! It will not disappoint you.
