

Saint Mary's Beacon

Poultry Notes.

Leaky roofs of poultry houses result in sick birds later on.

A prolific cause of the fowls getting crop-bound is lack of gravel or gritty material.

If sheaves of grain are hung in the poultry yard the hens will turn them to good account.

Leaves make excellent litter for the poultry house floor and cost nothing but the labor of gathering and storing.

Clean out the poultry house thoroughly and whitewash every part of it, and put a layer of dry soil on the floor.

The comb is a good index to the condition of the hen. If it shows up good and red the laying is not far off.

The turkeys and guineas, as well as all other classes of poultry, will be better for a good shelter during the winter.

The fowls should be fed meat in some form to take the place of worms, bugs and grasshoppers that they can't get these days.

Onions make an excellent tonic for the hens and should be given them for an evening feed occasionally, but not frequently enough to affect the flavor of the eggs.

A good dust bath does a whole lot towards preventing an accumulation of vermin on the fowls bodies. If you have failed to provide this in time a box of fine coal ashes may be used as a substitute.

A Disastrous Calamity.

It is a disastrous calamity, when you lose your health, because indigestion and constipation have sapped it away. Prompt relief can be had in Dr. King's New Life Pills. They build up your digestive organs, and cure headache, dizziness, colic, constipation, etc. Guaranteed at Loker & deWaal's drug store; 25c.

"You needn't tell me," observed Uncle Allen Sparks, "that three-fourths of all the misery and crime is caused by whisky. It's caused by the doggoned fools that drink it."

The courage of one's convictions is an excellent thing, but it should never be allowed to become unyoked from the discretion of one's reason.—Puck.

Chapped Hands.

Wash your hands with warm water, dry with a towel and apply Chamberlain's Salve just before going to bed, and a speedy cure is certain. This salve is also unequalled for skin diseases. For sale by Tippet, Johnson & Foxwell.

The Reason.

"Truth is stranger than fiction" quoted the gentleman addicted to the habit of quotations. "The reason for that," retorted the wife, "is that you don't hear or use it quite so often."

Never mind what Grover Cleveland says about your clubs, girls; when Teddy gets to be an ex-president Grover will sink into that innocuous desuetude that he used to talk about.

Consumption

There is no specific for consumption. Fresh air, exercise, nourishing food and Scott's Emulsion will come pretty near curing it, if there is anything to build on. Millions of people throughout the world are living and in good health on one lung.

From time immemorial the doctors prescribed cod liver oil for consumption. Of course the patient could not take it in its old form, hence it did very little good. They can take

SCOTT'S EMULSION

and tolerate it for a long time. There is no oil, not excepting butter, so easily digested and absorbed by the system as cod liver oil in the form of Scott's Emulsion, and that is the reason it is so helpful in consumption where its use must be continuous.

We will send you a sample free.

Be sure that this picture in the form of a label on the wrapper of every bottle of Emulsion you buy.

This is the age of inventions, and I have availed myself of the same, and have purchased an engine, grist mill, corn and cob crusher of the most approved make. I am prepared to do the best possible work in the shortest possible time. I use French burrs and the meal is fine, sweet and comparatively free from husk. The steel rollers of the celebrated mammoth four mill of Minneapolis can give finer flour than my mill can give. I weigh all corn and take one-seventh toll. Corn shelled run by steam for the use of tomsers free of charge. Tuesdays and Fridays are my grinding days, and I saw ever any. Satisfaction always given. Give me a call and verify my assertions.
