**DROPS**

**CURES RHEUMATISM LUMBAGO, SCIATICA NEURALGIA and KIDNEY TROUBLE**

"DROPS" taken internally, rids the blood of the poisonous matter and acids which cause the direct causes of these diseases. Applied externally it affords almost instant relief from pain, while a permanent cure is being effected by purifying the blood, dissolving the poisonous substance and removing it from the system.

**DR. S. D. BLAND**  
 Of New York, Ga., writes:  
 "I had been a sufferer for a number of years with Lumbago and Rheumatism in my arms and legs, and tried all the remedies that I could get from medical works, and also consulted with a number of the best physicians, but found nothing that gave the relief desired from 'DROPS.' I had previously tried in my practice for Rheumatism and Kidney trouble."

**FREE**

If you are suffering with Rheumatism, Neuralgia, Kidney trouble or any kind of disease, write to us for a trial bottle of "DROPS," and test it yourself.

"DROPS" can be used any length of time without acquiring a "drug habit," as it is entirely free of opium, cocaine, alcohol, laudanum, and other similar ingredients.

Keep this bottle, "DROPS" (500 Doses) \$1.00. For Sale by Druggists.

**SWANSON RHEUMATIC CURE COMPANY,**  
 Dept. 95, 100 Lake Street, Chicago.

**PUPILS EXAMINATIONS**  
 In The St. Mary's Public Schools  
 For Year Ending June 15, 1906.

**LATIN, 7 Grade—High School.**  
 TRANSLATE:  
 Roma, populum Italiae oppidum, a Romano aedificata est. Innoce Romae igitur appellati sunt Romani. Valdi videntur Romani et patriam maxime amabant. Saepe cum Sabulis, vicinis, pugnant pro patria et saepe armis in bello superabant. Olim victoria diu erat dubia. Nam Sabuli, quibus bona habebant, et pille longis magnum cum auxilio pugnaverunt. Sed fugati sunt a Romanis et multi sagittis sunt vulnerati. Ca Roma Romanis erat victoria.

**LATIN—8th Grade.**  
 TRANSLATE:  
 Rusticus in agro exiit ad opus suum. Filium, qui in curia iacebat, reliquit cum fidei atque valido custoditum. Adrepsit anguis immanis, qui puerulum extortur erat. Sed custos fidei corripuit dentibus aculis, et dum cum nece staret, cunae simul evertit super est. tum anguem, Paulo postea arripit redit agricolae; cum cunae eversa cruentumque canis rictum vidit, ira accendit. Tenere igitur custodem filium interfecto ligone, quem manibus tenebat. Sed ubi cunae restitit, super anguem oculos reperit puerum vivum et incolumem. Penitentia factoris erit facta.

**GEOMETRY—8th Grade.**  
 1. How many points are necessary to determine a straight line?  
 2. Define adjacent angles; complementary angles; supplementary angles.  
 3. Define parallel lines and give the axiom of parallels.  
 4. Prove: The sum of the three angles of a triangle is equal to two right angles.  
 5. Prove: The sum of the interior angles of a polygon is equal to two right angles, taken as many times less two as the figure has sides.  
 6. Prove: An inscribed angle is measured by half the arc intercepted between its sides.  
 7. Prove: An angle included by a tangent and a chord drawn from the point of contact is measured by half the intercepted arc.  
 8. Prove: The bisector of an angle of a triangle divides the opposite side into segments which are proportional to the adjacent sides.

**LANGUAGE—3rd Grade.**  
 1. Write complete sentences in answer to the following: Which are the Spring months? What games do you have at this season? What is your full name? When does your birthday occur?  
 2. Name the nouns, the adjectives and verbs in the sentences you have written.  
 3. Write the abbreviations of the days of the week.  
 4. Write two sentences using proper nouns; two sentences using common nouns.  
 5. Write a letter to one of your schoolmates and address it.

**ARITHMETIC.**  
 1. Add, 5136, 1527, 380, 215, 51, 1072, 3905, 273.  
 2. Fannie picked 236 chestnuts, her little brother gave her 78 chestnuts and she gave 93 to her school mates; how many chestnuts remained?  
 3. If a girl goes to bed at 9 o'clock at night, and rises at 7 o'clock in the morning, how many hours does she spend in bed in a month of 31 days?  
 4. How much will 85 bushels of corn cost, at 52 cents a bushel?  
 5. A horse dealer received \$16,500 for a lot of horses sold at \$150 each; how many horses did he sell?

**SPELLING.**  
 Crayon, poultry, minute, hammock, practice, beautiful, carriage, walnut, waltz, mustard, partridge, oyster, lettuce, chalk, orchard, subtraction, parasol, different, skin, industrious, Wednesday, potatoes, almond, addition, sentence.

**READING.**  
 Lessons, pg 163 Second Reader and pg 48 Third Reader.

**MENTAL ARITHMETIC.**  
 Pages 20, 25, 31.

**GRAMMAR—4th Grade.**  
 1. What is a sentence? Name the principal parts of a sentence.  
 2. What is a noun? Define a common noun. A proper noun.  
 3. Analyze: My brother is a doctor. In what case is brother? Why? Doctor? Why?  
 4. Analyze: The bear growled when he saw the hunter.  
 5. Write a letter to one of your classmates and address it.

**GEOGRAPHY.**  
 1. What name is given to the largest division of land? What is an island?  
 2. What is the equator? On which side of the equator is the greater part of the land?  
 3. What oceans touch the shores of North America? Which is the largest ocean? The smallest?  
 4. What causes day and night? What are the cardinal points? What direction does your school building front?  
 5. Where is the hottest part of the earth? What can you tell of the vegetation of the warm countries?

**MENTAL ARITHMETIC.**  
 Lesson 3, page 51.

**SPELLING.**  
 Envelope, weights, perfectly, secret, pronounce, embroiled, visitor, diamond, pleasure, deficient, character, favorite, fragrant, quantity, foliage, attraction, machine, twilight, icicle, citizen, deposit, eraser, separate, straight, luncheon.

**READING.**  
 Lessons, pg 203 Third Reader, and pg 108 Fourth Reader.

**ARITHMETIC.**  
 1. A man deposited \$8000 in the bank; he drew out at one time \$2375, at another \$3467, at another \$1576; how much remained in the bank?  
 2. A clerk receives a salary of \$75 a month; he spends \$15 a month for board, and \$9 for other expenses; how much can he save in a year?  
 3. A farmer, having \$3420, bought 35 cows at \$24 a head, and 36 oxen at \$54 a head; how much has he left after paying for them?  
 4. A miller gave 25 barrels of flour, at \$6 a barrel, for hay, worth \$15 a ton; how many tons did he receive?  
 5. A man gathered 67 baskets of peaches from one tree, 81 baskets from another tree, and 10 4-5 baskets from another tree; how many baskets did he gather from the three trees?  
 6. Mary had \$20; she gave her brother \$9 and her sister \$7 2-5; how much remained?  
 7. A boy had \$4-5, then lost \$1, and then earned \$2; how much had he then?

 9. A lady gave three one-fifth dollars to 6 little girls; how much did each receive?  
 10. How many yards of cloth can you buy for \$24, at \$2 1/2 a yard?

**Fifth Grade Spelling.**  
 Wilderness, settlement, receipt, practical, nominative, subjective, comparison, authority, vacancy, government, conscience, laudanum, circular, piazza, certificate, consistent, annually, eloquence, alphabet, acquaintance, millinery, physique, beginning, bouquet, contagious.

**Reading—pg 268 Fourth Reader and pg 76 Fifth Reader.**  
 Mental Arithmetic—Lesson 12, pg 84.

**Geography.**  
 1. What countries occupy the greater part of North America? Which has the colder climate?  
 2. Locate the Atlantic seaboard and give the chief products of this section.  
 3. Name three rivers which flow into the Chesapeake Bay.  
 4. Locate the cotton belt of the United States. Which States produce the most crops? The most wheat?  
 5. Which State produces the most iron? The most coal?  
 6. Locate the following cities: Baltimore, Washington, New York, Richmond.  
 7. Name the States bordering on the Gulf of Mexico. Which is the chief city of this section?  
 8. Mention some of the chief products of the Central States.  
 9. Name the largest country of South America and give the chief products.  
 10. Name the principal countries of Southern Europe.

**History.**  
 1. When and by whom was the continent of North America discovered?  
 2. Name two Spanish explorers and tell what they did.  
 3. Tell what you can about the Indians, their appearance, mode of life when Europeans first came to America.  
 4. Tell of some settlements made by the Spaniards in America.  
 5. When and where was the first permanent settlement made by the English? Relate some events of the settlement of Maryland.  
 6. What was the object of the New England Confederacy?  
 7. Name the colonies settled by the English. Name those settled by the Dutch.

**Grammar.**  
 1. What is the plural of speech.  
 2. Write the plural of call, knife, porch, monkey, folly.  
 3. Name the classes of pronouns.  
 4. What is a case? Name the cases. How is the possessive case singular written? The possessive plural?  
 5. Analyze and parse the small capital words in the following: The nose which grew in my garden was new.  
 Write a letter to one of your schoolmates and address it.

**Arithmetic.**  
 1. What cost 10 bushels of oats at 62 1/2 cents a bushel?  
 2. How many bushels of potatoes can be bought for \$25 at \$5 a bushel.  
 3. If 8 horses cost \$1040, what will 12 horses cost at the same rate?  
 4. What is the distance from New York to Philadelphia, if 2/3 of the distance is 67 1/2 miles?  
 5. A pole stands one-third in the mud and one-fourth in the water and 15 feet in the air; required the length of the pole.  
 6. Divide 15.0025 by 32.75.  
 7. Make out the following bill: John Wilson bought of Amos Thomas one wagon for \$56.50; 2 plows at \$7.50 each; and a wheelbarrow for \$5.25. Wilson sold Thomas 25 bushels of potatoes at 75 cents a bushel, and 75 bushels of wheat at 85 cents at bushel. Which owes the other, and how much?  
 8. A farmer sold 5 loads of hay, each containing 15 ewe, 3 qr., 15 lb. How much hay did he sell?  
 9. What must I pay for a pile of wood 24 feet long, 12 feet high, and 4 ft. wide at \$1.50 a cord?  
 10. A man sold 2530 pounds (60 lb to the bushel) of wheat at \$1.87 1/2 per bushel. What did he get for the whole?

**SIXTH GRADE.**  
 Reading—Lesson pg 237 Fifth Reader.  
 Mental Arithmetic—Lesson 2, page 104.

**History.**  
 1. What parts of the American continent were settled by the English?  
 2. What can you tell of life in the Colonies at the close of French and Indian war?  
 3. When and where was the Declaration of Independence adopted. Who was its author?  
 4. Relate the results of the victory at Saratoga.

**Death From Lockjaw**  
 never follows an injury dressed with Bucklen's Arnica Salve. It is antiseptic and healing properties prevent blood poisoning. Chas. Oswald, merchant, of Benssalaerville, N. Y., writes: "It cured Seth Barb, of this place, of the ugliest sore on his neck I ever saw." Cures Cuts, Wounds, Burns and Sores. 25c at all drug stores.

5. What was the condition of Washington's army at Valley Forge?  
 6. What was the crowning victory of the Revolutionary War?  
 7. What new States were added to the Union during Washington's administration?  
 8. How did the United States acquire Louisiana?  
 9. What was the Missouri Compromise, and in whose administration was it adopted?  
 10. Relate some important events in Polk's administration.

**Sixth Grade—Spelling.**  
 Prominent, accommodate, deaconess, European, exaggerate, economy, infallible, grammarian, persuasion, physiology, apostrophe, illiterate, heroine, gorgeous, counterfeit, etiquette, creditable, pensable, massacre, February, parallel, legislature, mistletoe, privilege, ceremony.

**Arithmetic.**  
 1. Mr. Winslow rented a house at the rate of \$58 a month, and remained in it 4 1/2 years; what did his rent amount to during the time?  
 2. Mr. Alden bought 32 1/2 bushels of wheat at 62 1/2 cents per bushel, and sold one-third of it at 65 1/2 cents, and the remainder at the rate of 73 1/2 cents per bushel; what did he clear by the transaction?  
 3. A merchant paid \$48 for coffee, at 18 1/2 cents a pair; how many dozen pairs did he buy?  
 4. I bought 3 loads of wood, the first containing 1.05 cords, the second 3.02 cords, the third .845 cords; what did it cost at \$4.50 a cord?  
 5. Copeland's restaurant ordered Oct. 10, 1894, from James Williams, the following: 67 lb. Hubs of Beef, at 20 cts. per lb; 3 Lambs, at \$5 each; 3 Calves' Heads, at 75 cts each; 2 Calves' Livers, at \$70 each; 27 lb. Veal, at .17 a lb. Make out the bill.  
 6. If 10 farmers raise 2137 bu. 3 pk. 6 qt. 1 pt. of grain, what is the average?  
 7. If it costs \$1.97 to make a barrel of flour into bread, and flour is worth \$4.75 a barrel (196 lb), what should be the price of a loaf of bread containing 13 1/2 lb of flour?  
 8. Measure a crayon box, and calculate the number of square inches on the bottom and four sides.  
 9. What cost 50 boards 15 ft. long, 18 in. wide, at \$2.35 per hundred square feet.  
 10. A railroad passes through 719 1/2 ft. of a farm; what will be the cost of the right of way at \$66 an acre if the strip taken is 50 ft. wide?

**Grammar.**  
 1. Name and define the classes of common nouns.  
 2. What is an adjective? What is comparison? Name the degrees of comparison.  
 3. What is a verb? What are the properties of verbs?  
 4. Define mode. Tense.  
 5. What is a regular verb? An irregular verb?  
 6. Give the principal parts of the following verbs: come, dive, sew, swim, throw, write.  
 7. What is an adverb? What is an adverbial phrase?  
 8. Analyze the following: He builds a palace of ice where the torments fall.  
 9. Parse the italicized words in the following: Hypocrisy is a sort of homage that vice pays to virtue.  
 10. Write a letter to one of your schoolmates and address it.

**Geography.**  
 1. What is meant by climate? What is meant by latitude and longitude of a place?  
 2. What causes change of seasons?  
 3. What mountain system forms the eastern highlands of the U. S.; the western highlands?  
 4. What States are partly separated from Maryland by the Potomac river?  
 5. Name some of the chief products of the South Atlantic States.  
 6. Give the chief exports from New York. Name the chief imports.  
 7. Locate the principal wheat growing region of the United States.  
 8. Name and locate four manufacturing towns in the United States.  
 9. What States are grouped around Lake Michigan?  
 10. Give chief products of these States.

**Deadly Serpent Bites**  
 are as common in India as are stomach and liver disorders with us. For the latter however there is a sure remedy: Electric Bitters; the great restorative medicine, of which S. A. Brown, of Benssalaerville, S. C., says: "They restored my wife to perfect health, after years of suffering with dyspepsia and a chronically torpid liver." Electric Bitters cure chills and fever, malaria, biliousness, lame back, kidney troubles and bladder disorders. Sold on guaranteed by all druggists. Price 50c.

**Wore Out His Fingers.**  
 There is a brakeman on the Colorado Midland Railroad who years ago lost his index finger on his right hand. One day recently a lady passenger who had been much interested in the wonderful works of nature the brakeman had pointed out to her along the road noticed the stub finger. When the conductor came through the car she said to him:  
 "Excuse me, sir, but can you tell me how the brakeman lost his forefinger? He seems to be such an accommodating fellow."  
 "Yes, mum; that's just it. He is so accommodating that he wore that finger off pointing out the scenery along the line," said the conductor.—Denver News.

**Death From Lockjaw**  
 never follows an injury dressed with Bucklen's Arnica Salve. It is antiseptic and healing properties prevent blood poisoning. Chas. Oswald, merchant, of Benssalaerville, N. Y., writes: "It cured Seth Barb, of this place, of the ugliest sore on his neck I ever saw." Cures Cuts, Wounds, Burns and Sores. 25c at all drug stores.

**How Kansas Became A State**  
 The fight on Kansas's entrance into the Union was a prelude to the Civil War, which it hastened. The Kansas conflict may be said to have been begun with the enactment of the territorial organization bill in 1854. Both North and South strove for the possession of the territory, and in the fight John Brown was evolved and got the incentive which led him to make his Harper's Ferry raid of 1859, that intensified the tension between the sections and made the Civil War inevitable. If there had been no Kansas conflict there would have been no John Brown, the Whig party would have remained on the scene a few years longer to make its feeble opposition to the Democracy; the advent of the Republican party would have been postponed; there would have been no Leecompton constitution fight to cut off a segment from the Democratic party; the Democratic split in the Charleston convention of 1860 would have been postponed to 1864 or some other time and it is possible that the Civil War would not have occurred yet, and that slavery would still be in existence; though, of course, its doom was certain, soon or late.—St. Louis Globe-Democrat.

**How to break up a Cold.**  
 It may be a surprise to many to learn that a severe cold can be completely broken up in one or two days time. The first symptoms of a cold are a dry, loud cough, a profuse watery discharge from the nose, and a thin, white coating on the tongue. When Chamberlain's cough remedy is taken every hour on the first appearance of these symptoms, it counteracts the effect of the cold and restores the system to a healthy condition within a day or two. For sale by Tippet, Johnson & Foxwell.

**A Censored Message.**  
 Mr. Upmore crept out of bed, groped his way to the telephone and called up the central office.  
 "Hello!" he said, in a low voice.  
 "Please send word to the nearest police station that there is a burglar in my house. If they will make a quick run they can catch him, My house is No. 243—"

There was a pause of half a minute, and then a gruff voice finished the message in this wise:  
 "Hello, central! Youse need't call up de cops. De burglar has got de guy we owus dis shobang covered wit' a gun, an' he'll be out o' here wit' de swag in about seven seconds. Bye, bye, sis."

**Following the Flag.**  
 When our soldiers went to Cuba and the Philippines, health was the most important consideration. Willis T. Morgan, retired Commissary Sergeant U. S. A., of Rural Route 1, Concord, N. H., says: "I was two years in Cuba and two years in the Philippines, and being subject to colic, I took Dr. King's New Discovery for Consumption, which kept me in perfect health. And now, in New Hampshire, we find it the best medicine in the world for coughs, colds, bronchial troubles and all lung diseases. Guaranteed at all druggists. Price 50c and \$1.00. Trial bottle free."

**Unknown Friends.**  
 There are many people who have used Chamberlain's Colic, Cholera and Diarrhoea Remedy with splendid results, but who are unknown because they have hesitated about giving a testimonial of their experience for publication. These people however, are none the less friends of this remedy. They have done much toward making it household word by their personal recommendations to friends and neighbors. It is a good medicine to have in the home and is widely known for its cures of diarrhoea and all forms of bowel trouble. For sale by Tippet, Johnson & Foxwell.

"Now, in order to subtract," explained a teacher to a class in mathematics, "things have to always be of the same denomination. For instance, we couldn't take three apples from four pears, nor six horses from nine dogs."

A hand went up in the back part of the room. "Teacher," shouted a small boy, "can't you take four quarts of milk from three cows?"

If you knew the value of Chamberlain's Salve you would never wish to be without it. Here are some of the diseases for which it is especially valuable: sore nipples, chapped hands, burns, frost bites, chilblains, chronic sore eyes, itching piles, tetter, salt rheum and eczema. Price 25 cents per box. For sale by Tippet, Johnson & Foxwell.
