The Reason Why
 We Sell More
Building Materials of all Kinds
Lumber and Mill Work
 Than Our Competitors
Is Because We Undersell Them
 Our Prices are always less than the other fellow wants for the same goods. If you don't believe it, ask us for a price on something. We are after the business, and to get it we will give prices that can't be beat. Don't be misled on Quality and Grading. You know there's a difference, but you can't always detect it. The unscrupulous dealer knows this and takes advantage of your inexperience by giving you lower grades than you pay for. Our Quality is absolutely guaranteed. Our Grading is standard among the thousands who know. Send Us An Inquiry Today.
 We're out to undersell the other fellow and save you money—and we do it.

 OUR PRICES DEFY COMPETITION

When Buying Building Material
 it is most important to consider the actual values gotten for the money spent.
 We have devoted a great many years of careful study to this very point, and this work makes it possible for us to give better values and better service at the beginning of our 1911 season than ever before.
 If you want Flooring, Siding, Ceiling, Mouldings, Sash, Doors, Blinds, Shingles, Laths, Lime, Portland Cement, Wall Plaster, Terra Cotta Pipe, Plus Lining, Nails, Glass, etc., it will pay you to inspect our stock and compare our prices, as you will find that our stock from the cheapest to the highest grade, is selected with the one idea of giving our customers good values for every cent spent with us.
 Mail orders and inquiries receive prompt and careful attention, and we furnish estimates promptly for Lumber, Mill Work and Builders' Supplies.

Short Crop of Cow Peas

Prices are going up. The enormous demand for Cow Peas last year carried the price very high, and as the crop is very short and the acreage is rapidly extending, there are many indications which point to much higher prices as the season approaches.

WHIP-POOR-WILL COW PEAS.
 The Whip-poor-will are generally preferred in the Central and Southern States. They are bush form, early maturing and especially desirable for Peas.

NEW ERA COW PEAS.
 New Era's are a little earlier, and make more vine than the Whip-poor-will.

WONDERFULS, CLAYS AND MIXED COW PEAS.
 For Hay, the Wonderfuls or Mixed Cow Peas are more productive, they should always be planted with an occasional grain of Corn, Sorghum Seed, Kaffir Corn, etc., which will prevent the vines from getting damaged by coming in contact with the ground.

BLACK COW PEAS.
 Black Cow Peas are a little later in maturing than Clays, they make a good growth of vine, are exceptionally good for medium or poor land, and will stand almost any amount of wet weather without injury. We can also supply Rhinoceros Peas, Red Rippers, Blackeye Peas and Soja Beans Remember Belgiano's cow peas are unquestionably the best. If your local merchant will not supply you with cow peas, write us direct and we will tell you where you can get them.

FREE—Send us 5c in stamps to pay postage, and mention this paper, and we will send you free a 25c package of "My Maryland" Tomato Seed, also our 1911 Catalogue of Seeds and our 1911 Catalogue of Poultry Supplies.

Got The Thief's Skull.
 The elder Booth acquired a skull for use in "Hamlet" in an odd manner, according to an old time story that is told about the great actor. The tragedian, somewhat in his cups, was traveling near Louisville, when he took a horse from a field and rode off with it. Horse stealing at that time was capital offense in Kentucky, and the greatest horse thief was a man named Fontaine Booth who was soon overtaken and when asked where he got the animal said:
 "I captured him in a field back here."
 "Indeed!" said one of the farmers. "And what might your name be?"
 "My name is Fontaine," said Booth, without a smile.
 "Fontaine!" ejaculated both men simultaneously. "Then you are the very man we want. Come back to town with us."
 "Certainly," said Booth in the most good natured manner, and wheeling his horse, he rode back to Louisville with his captors.
 The city jail was then in charge of a Colonel Thomas, who knew Booth well. "We have brought you Fontaine, the horse thief, and claim the reward," said the farmers proudly, addressing the jailor.
 "Where is he?" they were asked. Booth was produced. "Why, what does this mean, Mr. Booth?" asked Thomas.
 "I haven't the slightest idea," said the great tragedian, with the utmost simplicity. "I met these two men with this horse, and they insisted upon giving it to me. I guess they stole it. I think one of them is Fontaine."
 The rustics were about to be locked up when by the most singular coincidence a man rushed to the prison door on horseback and shouted out the information that the real Fontaine had been taken into custody. Booth made Fontaine's acquaintance after the desperado was judged in jail, and the horse thief, who was executed later, left by will his skull to the actor.—Exchange.

The Demon of The Air
 is the germ of La Grippe, that, breathed in, brings suffering to thousands. Its after effects are weakness, nervousness, lack of appetite, energy and ambition, with disordered liver and kidneys. The greatest need then is Electric Bitters, the splendid tonic, blood purifier and regulator of Stomach, Liver and Kidneys. Thousands have proved that they wonderfully strengthen the nerves, build up the system and restore health and good spirits after an attack of Grip. If suffering, try them. Only 50c. Perfect satisfaction guaranteed by J. J. Norris, Leonardtown, Md.

Why Maria Laughed.
 Hiram paused at the door and holding up a steel trap, said:
 "Maria, when you see this trap again it will have a skunk in it."
 Fifteen minutes later he reappeared.
 "Maria," he yelled, "you come here and loosen me out of this all-fired trap."
 And then he got mad at "Maria" because she laughed.

Costly Treatment.
 "I told dat feller I was so flat broke I had to sleep outdoors," said Plodding Pete.
 "Did it touch his heart?" asked Meandering Milk.
 "No. He said he was doing the same thing, an' had to pay de doctor for sellin' him what a blessin' it was."

Honest Work.
 Work in every hour, paid or unpaid. See only that thou workest and thou canst not escape the reward. Whether thy work be fine or coarse, planting corn or writing epics, so only it be honest work done in thine own approbation, it shall earn a reward to thy senses as well as to the thought. The reward of a thing well done is to have done it.—Emerson.

Worse Than Bullets.
 Bullets have often caused less suffering to soldiers than the omezza L. W. Harriman, Burlington, Mo., got in the army, and suffered with, for-y years. "But Bucklen's Arnica Salve cured me when all else failed," he writes. Greatest healer for Sores, Ulcers, Boils, Burns, Cuts, Wounds, Bruises and Piles. 25c at J. J. Norris, Leonardtown, Md.

Cheese as Food.
 The Department of Agriculture has recently issued a bulletin in which the value of cheese as a food is set forth. Tests with the respiration calorimeter show that there is no very good reason for eschewing cheese as an article of diet, and that it is more digestible than most people suppose.

The Call of The Blood
 for purification, finds voice in pimples, boils, sallow complexion, a jaundiced look, moth patches and blotches on the skin,—all signs of liver trouble. But Dr. King's New Life Pills make rich red blood; give clear skin, rosy cheeks, fine complexion, health. Try them. 25c at J. J. Norris, Leonardtown, Md.

Statistics of Love.
 Nothing is sacred to the German statistician. Presumably basing his calculations upon information culled from fiction, he calculates that in the case of proposals of marriage 36 per cent, of the suitors press the hand of their beloved, 24 per cent. conclude their speech with an embrace, 4 per cent kiss the hair, 2 per cent, kiss the hand, 2 per cent, fall on their knees and 20 per cent swallow nervously before they declare their passion.

Ten per cent, open and close their mouths without being able to utter a single word, and 8 per cent, make their proposals while standing on one foot.

With regard to the women, on the other hand, 60 per cent, sink helplessly into the lover's arms for whose proposal they have been waiting, 20 per cent, blush and hide their faces, 1 per cent, swoon away, 4 per cent, are genuinely amazed, 14 per cent, gaze silently into the suitor's eyes and 1 per cent, run away to tell a girl friend.

Governor Crothers has appointed Mr. Charles B. Lloyd of Talbot county as the additional member of the State Roads Commission provided for by the last Legislature. The Commission now consists of seven members and deadlocks, which have been frequent, will now be impossible.

The T Pin.
 A novelty in pins is the T pin which in place of the age long familiar little knob at the top has at the end of the shaft and set at right angles with it a short crossbar, making it a T pin.
 Often it is difficult to thrust an old style pin through a number of folds of paper or through fabrics or other materials; and the head of the pin sinks into the finger tip and hurts that; and when the pin has finally been set into place the material pinned is apt to work up around its head.
 All these things are avoided by the use of the T pin, which with its cross bar head gives a surface upon which greater pressure can be exerted, making the pin easier to use; while when it has been set in place the material cannot work up over it; and finally this pin can be more easily pulled out.
 T pins are made in various sizes and finished in various colors, for all sorts of domestic uses; and there is also made a T pin that is called the wryneck; this for bank and office use.
 The wryneck T pin has at the top, the head end of the shaft, a little curved end. A pin with this little curve in it can be thrust through a bunch of papers to lie flat in them, horizontal with them, while the cross head does not stick up above the top paper but lies close and flat upon it, across the opening where the pin was thrust through.
 It might have seemed that the age long familiar pin was just a pin and that so it would always remain, in the future as it had been in the past, always just the same; that nobody would ever think of such a thing as trying to invent a new pin; but here now in the T pin is a novelty in pins.—New York Sun.
