LEONARDTOWN, MD.  
FRANCIS V. KING, Editor.

THURSDAY MORNING, April 20, 1911.

In a recent issue of the Baltimore News, we note a labored effort to convince some of its readers, of presumed weak intellects, that it is all right to vote in a party primary and then to vote the opposition ticket at the general election. Let's see about this!

Section 160E of the Primary Election law, says: "Every person offering to vote at a primary election shall be required to state to which party he belongs and which party's candidates he intends to vote for at the State, City or County elections, and every qualified person offering to vote in the several counties of the State at a primary election shall be permitted to vote in the primary election of that party to which he belongs and which party's candidates he intends to vote for at the State or county election." In Baltimore the voter is allowed to vote only in the party primary of that party with which he is affiliated.

What is the logical and sensible construction of such language? There is but one possible conclusion, and that is that the man who votes in a party's primaries and then votes against its candidates, fairly and honestly nominated, is a self-proclaimed liar with all the qualifying adjectives decency will permit to be added. And, no self-respecting man is going to vote in a party primary and then bolt the nominees, unless he be convinced that there has been palpable fraud in their choice. Did the legislators who passed the legalized primary Act and the reformers and non-partisans who urged its passage, intend and have in mind to legalize lying? We hope not.

The law is on the books and ought to be enforced and obeyed. And the more rigidly it is enforced, the sooner we will get rid of it and its needless expense.

## WASHINGTON LETTER.

Washington, D. C., April 20, 1911.

By CLYDE H. TAVENNER.

Revision downward on the things the farmer must buy, as well as revision downward on the things he produces!

This is the keynote of the democratic reciprocity and tariff program. It differs radically from the reciprocity program contemplated by the Republicans, which was: Greater downward revision on the products of the farmers than on the products of the trusts.

Here are the articles that will go on the free list under the democratic program, each of which would have remained heavily taxed under the republican program: Lumber, dressed meats and meat products, flour, boots and shoes, sewing machines, saddles and saddlery, wire fencing, baling wire, cotton bagging and ties, burlaps and agricultural implements, including plows, harrows, reapers, binders and mowers.

This is not all of the democratic program for the extra session. Following as soon as possible after the passage of the reciprocity and free list bills, the tariff with be revised downward on woolen and cotton goods.

The articles in these schedules on which the greatest reductions will be made will be blankets, underwear and men's, women's and children's clothing. The Democratic idea contemplates the placing of the lowest tax on the cheaper grades of wearing apparel used by the poor. Under the Payne-Aldrich law articles used principally by the poor are taxed twice as much as the higher priced articles used by the rich.

In addition to reciprocity and tariff revision downward will come bills providing for the direct election of United States senators, publicity of campaign contributions before instead of after election, and separate statehood for Arizona and New Mexico.

LA FOLLETTE, THE PACIFIER. While Senator LaFollette of Wisconsin was making his famous railroad speech five years ago, Senator Aldrich and Hale, to show their contempt for the views being expressed, retired to the cloak room. As they passed out of the chamber LaFollette said:

"Mr. President, I pause in my remarks to say this. I cannot be wholly indifferent to the fact that Senators by their absence at this time indicate their want of interest in what I may have to say upon this subject. The public is interested. Unless this important question is rightly settled, seats now temporarily vacated may be permanently vacated by those who have the right to occupy them at this time."

was under discussion. LaFollette was insulted, and he said:

"I warn you that if you refuse to consider every proposition advanced in behalf of the public and carry out your determination to make this tariff legislation but the instrument by which special interests may enrich themselves by unjust exactions from the public, the public will hold you responsible and prove its resentment as certainly as elections are held."

When the Senate convened on April 4 LaFollette's name was called and he answered. But the names of Aldrich and Hale were not called.

WHITE HOUSE ECONOMY. "Economy in public expense, that labor may be lightly burdened," is evidently not a Taft policy. While the Democrats have been endeavoring to abolish every useless office in the House of Representatives, President Taft has just made increases in the salaries of White House employees as follows: Rudolph Foster, assistant secretary, salary increased from \$3,000 to \$4,000; C. C. Wagner, confidential stenographer to the President, increase from \$2,000 to \$2,500; H. P. Webster and F. M. Henricks, expert stenographers, increase from \$2,000 to \$2,500.

THE DEMOCRATIC PROGRAM. "The Democratic legislative program," says Gilson Gardner, friend of Roosevelt and one of the veteran Washington newspaper correspondents, "is one more in the interest of the people and less in the interest of special privilege than any program outlined in Congress for many years. The new ways and means committee for change is made up of men who are not committed to special privileges."

A SUIT OF CLOTHES. A speaker told the National Wool Growers' association: "The suit I have on cost me \$60, and it contains just \$6 worth of material. All we want in this tariff business is a square deal." The difference between the price the producer gets for the raw material and the price the consumer pays for the finished product is, then, \$54 on a \$60 suit. It has been pretty easy money for the combination of wool manufacturers.

TAFT IS COMMITTED. Practically all the tariff bills proposed by the Democrats have been already indorsed by President Taft. He has characterized the wool schedule as "indefensible" and he has admitted that the cotton schedule did not meet with his approval. Minority Leader James R. Mann introduced a bill last session creating a long free list, and while he did so merely as an incident to a filibuster, it will be hard for him to explain now that he was not in good faith. Thus it will be difficult to justify a presidential veto for any of these bills.

## ORDER OF PUBLICATION.

AND NOTICE TO ALL UNKNOWN HEIRS, IF ANY THERE BE, OF KATHLEEN M. PECKHAM, WHETHER THEY BE RESIDENTS OR NON-RESIDENTS OF THE STATE OF MARYLAND.

The First National Bank of St. Mary's at Leonardtown, a corporation, and Lillian M. Lynch, Plaintiffs.

Frederick W. H. Peckham, Frederick W. H. Peckham, Jr., and Mary C. Peckham, Defendants.

In the Circuit Court for St. Mary's County, In Equity, No. 1154 N. E.

The object of this suit is to procure a decree for the sale of certain real estate in Saint Mary's County, State of Maryland, of which Kathleen M. Peckham died and seized and possessed, situated in the Third Election District of said County, and called and known as "Part Bloombury" or "Waverly" and lately known as "Riverbank" containing 224 acres of land, more or less, for the purpose of paying the debts due by the said deceased to the plaintiffs and all other creditors who will come and contribute to the expenses of this suit.

The bill states: 1 That the said Kathleen M. Peckham was in her lifetime indebted unto the plaintiff, the said National Bank, on a judgment in sum of \$171.98 with interest from September 18, 1908 as represented by copy of said judgment filed in the above cause, and to the plaintiff Lillian M. Lynch, on a judgment in the sum of \$307.20, with interest from April 28, 1904, as represented by copy of judgment filed in the above cause, and \$8.05 costs.

2 That the said Kathleen M. Peckham being indebted unto the plaintiffs and having real estate in fee simple of value, died during the year 1908, intestate, leaving her children, Frederick W. H. Peckham and two children known to plaintiffs, as her heirs at law, viz: Frederick W. H. Peckham, Jr., and Mary C. Peckham, both of whom are infants, under the age of twenty-one years.

3 That said defendants are non-residents of the State of Maryland.

4 That the real estate in Saint Mary's County of which the said Kathleen M. Peckham died seized and possessed, was conveyed to her by a deed from Giles P. Dyer recorded in Liber E. B. No. 3, folio 189, one of the Land Records of said County, and that under a proper construction of this deed the said Kathleen M. Peckham was entitled to a fee simple estate in the land in said deed mentioned.

5 That no letters of administration have ever been granted upon the estate of the said Kathleen M. Peckham and that said deceased left no personal estate sufficient to pay all the just debts due and owing by her at the time of her death and that plaintiffs and all other creditors of the said Kathleen M. Peckham are entitled to have their claims paid out of the real estate of the said deceased in the possession of her heirs at law.

It is thereupon, this 18th day of April, 1911, ordered by the Circuit Court for Saint Mary's County, in Equity, that the plaintiffs, by causing a copy of this order to be inserted in some newspaper, published in Saint Mary's County, once in each of four successive weeks before the 15th day of May, 1911, give notice to the said absent defendants, and to all unknown heirs if any there be, of Kathleen M. Peckham, whether they be residents or non-residents of the State of Maryland, and to appear in and substantiate this bill, warned them to appear in this Court in person or by solicitor, on or before the 5th day of June 1911, to show cause, if any they have, why a decree ought not to pass as prayed.
