COUNTY NEWS.

Localwise and Otherwise.

Harry Peacock and family have removed from Leonardtown to Washington.

J. Ford Edelen, of Baltimore, is visiting relatives and friends in Leonardtown.

The Orphans' and Commissioners' Courts and the School Commissioners were in session last Tuesday.

Mrs. L. J. Chubb, of Mechanicsville, is visiting Mrs. P. Lee Mattingly at "Buena Vista," near Leonardtown.

Dr. F. F. Greenwell, of Leonardtown, is improving his residence by inclosing his yard with a handsome wire fence.

On our first page we print an account of the Leonardtown Automobile run, clipped from the Washington Herald.

The Steamboat Company is running an extra steamer to take care of the heavy freights for Potomac River landings.

The Alumnae of St. Mary's Academy, Leonardtown, will hold a special meeting at the Academy at 2 P. M. on Friday next, the 28th instant.

Mr. John T. Herbert and wife have returned from Baltimore to Hotel Lawrence, Leonardtown. Mr. Herbert was much benefited by his stay at St. Joseph's Hospital.

May the 18th is the date for the Automobile run from Washington to Leonardtown. As about thirty five or forty machines will make the run it will be well for folks with frugal horses to keep off the Mechanicsville-Leonardtown road on that day.

At Tuesday's meeting of the Orphans' Court all the final accounts were presented. First and final account of Lulu V. and Wm. C. Henderson, admors. of Charles E. Henderson, filed and approved, Wm. George Burch, minor, appointed to Thos. E. Gartin. Adjudged to May 1.

The Talbot County Circuit Court a full bench presiding, had unanimously decided that the Mayor and City Council of Easton, have not the right to remove shade trees in front of residences, to improve or grade streets, without first obtaining the consent of the owner of the property before which they stand.

The remains of Arthur Coad, son of J. Edwin and the late Elmer Coad, were brought to St. Mary's and buried at St. Inigo's last Sunday. Arthur Coad died in Chicago, far from the land of his birth and those who loved him here, but with all the blessings of his Church and near, we believe, to God. He was a good and a true man. May he rest in peace!

Justice F. F. Herbert, of Leonardtown, held court Tuesday last to try cases against Tom and Hilary Neale, both colored, charged with assault and battery and disorderly conduct. At a party on Monday night, Tom Neale assaulted and beat William Brooks, also colored. Tom got 18 months in the House of Correction and Hilary Neale, for general rowdiness, was assessed \$10 and costs.

Mr. James Hall has finished hauling the State Monument to the Confederate dead at Point Lookout to the site of the original burying-ground. It took twelve mules, horses and oxen to haul the sections of the monument, weighing three and a half tons each, to the place. An imposing and handsome monument has been erected at the new graveyard by the Federal Government and will soon be dedicated.

The attention of all dealers is called to the regulations adopted by the State Board of Health for the government of the sales of land and land compounds within the State of Maryland. In order to give every one ample time to prepare for the proper branding and labeling of land and land compounds, these regulations will go into effect May 1, 1911. In order that the purchaser may be properly informed as to the nature of the article bought, dealers must, in every instance, affix a label to the package giving the necessary information as to the true character of the article sold.

Additional statistics collected by H. W. Sisale, executive secretary of the Maryland Association for the Prevention and Relief of Tuberculosis, show that in 217 churches in this state with a total membership of 71,793, there were 2320 deaths in 1910, of which tuberculosis caused 270, or 11 three-fifths per cent. of the total number of deaths. While the Maryland Association feels that the statistics as to the number of deaths is fairly accurate, it is not so sure that all of the tuberculosis was rightly reported, so that it is probable, that this disease caused more than the percentage indicated.

Brother Dennis, the farmer at Leonard Hall, Leonardtown, has received two thoroughbred Dutch Belted cattle that took prizes at the Hagerstown Fair. These cattle will undoubtedly prove of great benefit to our section. The thoroughbred hog brought to Hollywood by Morris Thompson was worth hundreds of dollars to the section; W. P. Powell's Dorset Sheep have greatly increased the wool and mutton yield of St. Inigo's; the thoroughbred Coach horses in the different districts of the county will be invaluable to our farmers and the latest importation of fine cattle is a continuation of a move in the right direction. All this helps in the advancement of the county, and the many others, whom we do not now recall who have brought improved stock here, are real benefactors to the old county.

Laurel Grove Cleanings.
[Reported for the Beacon.]

We are pleased to note the commendable spirit of progress and enterprise manifested by our people generally. It indicates that we are keeping abreast of the events of the day. We have in our town a new and commodious Blacksmith and Wheelwright establishment, a new and very handsome store house, and a Roller Mill, besides other improvements in contemplation. These additions are thoroughly up to date and a credit alike to the promoters and to the town.

Because of the unusually cold and wet weather, our farmers have been somewhat delayed in their work.

Mrs. William A. Palek, of Baltimore, is visiting her mother, Mrs. A. E. McKinley, Laurel Grove.

Mr. J. W. Latham has been in Baltimore during the past week buying his stock of dry goods, dress goods, millinery, etc. He will have his opening about May 1.

The Social given by the Ladies Aid Society of McKendree M. E. Church last week at the residence of Mrs. Nellie Robinson, was a success in every particular. Mrs. Robinson is a charming hostess and her hospitable efforts, together with the music furnished by the young people assembled, made the evening a most enjoyable one.

Mr. and Mrs. G. L. Buckler, spent Easter at the home of the latter's parents, Mr. and Mrs. J. T. Dyon, Charles County.

A Successful Rally.

A successful rally was held at St. Michael's Catholic Church, Ridge, St. Mary's County, Md. on Easter Sunday after Mass—10:45 A. M. to raise money to build a school and hall on the church premises.

For this purpose, under the direction of Rev. Father Emrick, S. J., a committee was formed, composed of the following gentlemen: J. Frank Smith, P. Hamilton Lloyd, M. D., Philip Trossback, Spencer Dameron, Harry Richardson, Joseph Trossback, Clarence Taylor, James Carroll, John Forrestell, Raymond Birch, J. D. Wood, George Roach and Lawrence Williams.

The rally was the first move on the part of the committee in aid of the proposed school and hall. Rev. Father Emrick opened the meeting with prayer, after which he called attention to the fact that in all this part of the county there was no hall or building where a large number of people could congregate for a lecture, to discuss any public question, or for any kind of entertainment. There were no libraries, he said, no club rooms, no gymnasiums or play rooms for the young. No place where the people could meet socially, except the stores and liquor shops. In consequence of these drawbacks, ignorance, poverty, gambling, squandering of hard earned wages, drunkenness and other evils are growing and waxing strong in our community, which could be kept in check if we had a place where the people could congregate for educational purposes and lawful, innocent amusement.

The educational facilities, he said, in this part of the county are woefully deficient, that there are a lot of small inefficient schools scattered up and down the county with no concerted action, very irregularly attended with little love of study, especially among the boys, and far behind the schools in the city and country districts that he had known. He said that he had been in some of the schools and examined the children and found boys who could scarcely read, of the same age as boys in the city who study Algebra, Geometry and even Latin and Greek. He said he knew of no place where there was less unitive active among the people. He assured them that if only they united, they themselves would be surprised at what they could accomplish for their own individual good and that of the community, and he could think of no better starter to united action among them than to show what they could do in uniting to build this school and hall here at St. Michael's—a district of which the whole county might be proud, and the most thickly populated parishes Point Lookout and Leonardtown.

Father E. said he was much pleased and gratified to see such a large attendance at the meeting, which was an evidence that the people knew and appreciated a good thing when they saw it, and intended to show that they would build this hall in a short time.

Mr. J. Frank Smith, on the part of the people, made an impromptu pointed little speech, which called forth a round of applause. He said in part, as follows: I am very glad to be present at this meeting and to assure Father that in undertaking to build the proposed hall he will have the hearty cooperation of the Catholics of this part of St. Mary's county. It is, I think, one of the most important moves that has been made in our community for many years. It will be beneficial to every member of this district, irrespective of creed. It will help to bring us together—at present we do not know each other. It will gradually bring the priests to come and live in our midst which will mean for us the daily Mass. There are many people who live within walking distance of this church. It will be the first and necessary step towards a large and efficient parochial school under the management of mature, trained religious teachers. In my many years of travel up and down this country and Maryland generally, I have often noticed that our district, though specially favored by Providence with natural attractions, bountiful resources and financial possibilities, is away behind the rest of St. Mary's county in the matter of education, especially among the young men. Mr. Smith concluded by saying that personally he would do all in his power towards building the new hall, and would start the subscription list with \$25.

Those who have thus far contributed are as follows: Philip Trossback, \$25; J. Frank Smith, \$25; Lawrence Williams, \$25; John Forrestell, \$25; Spencer Dameron, \$10; Charles D. Wood, \$10; J. Wise, \$5; J. Z. Graves, \$5; Jos. C. Taylor, \$5; Mrs. J. H. Carroll, \$7; R. M. Birch, \$5; J. T. Hammett, \$5; Mrs. Jos. V. Richardson, \$5; Joseph Trossback, \$10; John Trossback, \$10; J. H.
