Meeting of Farmers at Noyana. Chapter, Jan. 24, 1915.

Dear Beacon:—At the meeting of farmers and persons interested in tobacco, held at St. Joseph's Hall, Morgansza, through the kindness of Father Casey, about 50 of those present decided to be the beginning of an association to try and find out what is wrong in the selling end of the tobacco crop.

Something is wrong and it is up to us to find out what it is and try to get a remedy or stop growing tobacco, for we cannot continue, at present prices. A committee was appointed to draft by-laws, to be submitted to a meeting to be held at the same place on Saturday, February 13th, at 1 p. m.

Let everyone interested try to attend or if that cannot be done, meet in your respective districts, at such a place as Morgansza, and send representatives on February 13th. All farmers clubs in the county get interested, and as many as possible be there. This is intended for all counties interested, not alone St. Mary's.

It was remarked by several present last Saturday, "that not a single representative of Leonardtown was present." What was the reason? Are they not interested in any movement to benefit the county at large? Don't be behind! If one section of the county is helped all will be helped, so you will get your share even if you don't get the first bite.

JNO. B. KEY, Secretary.

Lecture at Holy Angel.

Brother Gerard, the gifted Professor of Leonard Hall, will repeat his charming Lecture on "The Fourth Wise Man" which won such well deserved encomiums in Leonardtown, at Holy Angel's chapel on Wednesday, February 3rd. The lecture which sets forth a fascinating legend of the olden time, will be illustrated by beautifully colored pictures, and will be followed by a dance. The price of admission will be 25 cents; children, 15 cents. The lecture will begin at 7:30 p. m., and will be a fitting close to the Christmas season which is generally reckoned to last till Candlemas Time.

How many of you have comfortable places in which to sit when you are sitting? I am afraid they can be counted on both hands and the thumbs. With such a place one can sit when they dare not stay in the open barn, thereby using many winter days that will allow them to be in the field instead of the barn in the spring.

This is written with the hope that it will set you to thinking and I trust will have any good ideas that will add to the above should come out in print and tell it to your fellow-suffering planters. Those who have only criticism for this should have the goodness to tell me wherein I am wrong and why they think so, and I will cheerfully accept the criticism they think I desire; but do it right now while your head is hot.

I will be glad to be more explicit in the use of the cultivator and the strip-planting if the farmers wish it, so if any of you recognize that now is the time to change some of your old before-the-war methods send your request to the editor and he will forward it, I am sure. A PLANTER.

Blindness and Constipation Cured. If you are ever troubled with blindness or constipation you will be interested in the statement of R. F. Erwin, Peru, Ind. Seeing Chamberlain's Tablets so highly recommended, I bought a bottle of them and they helped me right away." For sale by all dealers.

Deafness Cannot Be Cured. By local applications, as they cannot reach the diseased portions of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube, which is usually caused by a cold. It is not a disease of the ear, but of the system. It is entirely curable, and when it is entirely cured, deafness is the result, and unless inflammation be taken out and this tube restored to its normal condition, hearing will be destroyed forever. Cases out of ten are caused by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

They will give One Hundred Dollars for any case of Deafness (caused by Catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. Dr. J. C. Cheney, Co., Toledo, O. Sold by all Druggists, etc. Take Hall's Family Pills for constipation. Adv. 1-7-15-1m.

Has it ever occurred to you that tobacco beds can be made near your planting ground, thereby saving much valuable time and often insuring the best use of the "season"? With a little preparation to put humus in the spot I think the place could be used many years by sowing in peas to keep up the humus and turning them in.
