

Saint Mary's
COUNTY NEWS.
Localwise and Otherwise.

Communications should reach us not later than Tuesday, in order to insure publication in current issue.

Our County roads are greatly improved.

The Sunday American publishes a picture of St. Joseph's Basketball Team, of which Mr. Henry Canaler, of Leonardtown is a member.

Mrs. Harry M. Jones, who is now in Baltimore making her Pattern Hats and buying spring goods will have her spring opening March 16 to 18.

See the announcement of the Farmers' Institute to be held in St. Mary's during March. These institutes have always proven a great benefit to the county farmers.

Messrs. James Burch, of Pincyt Point, and Jas. Greenwell, of Beauvais, who have recently completed the special farming course at M. A. C. have returned to their homes.

Because of an accident to his machine when he was about 7 miles on his way, Dr. Hamilton Lloyd, was unable to fill his engagement at St. Mary's Academy, where he was scheduled to lecture on the life of Lincoln.

By reference to the jury list, which appears in another column, it will be seen that G. Edgar Smith Sr., of the First District, appears thereon, instead of G. Edgar Smith, Jr., as was erroneously stated in the Enterprise of last week.

Because of the space taken up by the advertisement of delinquents we are obliged to curtail our reading matter for this issue. We have on file several very interesting articles that we have been forced to hold over on that account.

Rev. Fr. Wilson, Pastor of Sacred Heart Church, Birmingham, Ill., who has been visiting the Jesuit Fathers at Chaptico Mission, while on his way to the train at Mechanicsville escaped a serious accident when his team ran away on Monday last. The tongue broke and thus frightened the horses, but no damage was done.

News from the Seventh.

Mrs. Lola Long, wife of Wade H. Long, after a brief but painful illness, died suddenly at her home, Bluestone, about 8:30 o'clock Wednesday evening last. Mrs. Long was the daughter of Mr. and Mrs. J. Briscoe Woodburn, and was married about four years ago. She is survived by one daughter (Louise) three years old.

Her sudden death was not only a great shock to her husband and relatives, but to the whole community. Mrs. Long was held in the highest esteem in this section, where she spent her childhood days. Her funeral was held at 10 o'clock, interment being in All Saints' Cemetery.

Her funeral, which was one of the largest that ever took place in this section, was on Friday morning at 10 o'clock, interment being in Sacred Heart Cemetery.

Capt. Ben Owens, of Abells, who has been quite sick with pneumonia, is convalescent.

Mrs. Charlie Cheseldine, wife of Capt. Charlie Cheseldine, died on Feb. 15, at her home at River Springs. Death was due to cancer, and, although a great sufferer, she bore her suffering with Christian fortitude. She is survived by her husband, six daughters and one son. Her funeral took place Wednesday, Feb. 17th, at 10 o'clock, interment being in All Saints' Cemetery. May she rest in peace.

Mrs. Billingsley Garner, of Washington, D. C., has moved to Ridge, her beautiful home on the Wicomico. Mrs. Garner will spend all summer in St. Mary's.

Messrs. Walter, Harry and Gilbert Long, of Washington, D. C., after a brief visit to their parents, Mr. and Mrs. Robert Long, of Bluestone, returned home by steamer Sunday.

Mr. and Mrs. Samuel Lyon, of Chaptico, paid a flying visit to Mr. and Mrs. T. Garner Reeves, of Blackstone, Sunday evening.

Mr. Marion Gibson's horse ran away Friday, ran into Mr. Johnnie Thompson's buggy, turned Mr. Gibson's buggy over and demolished the same. He also had another smash-up Saturday, again turning over his buggy and breaking his wheel and shaft. Mr. Gibson emerged from both accidents unscathed. Our congratulations.

Misses Beatrice and Jeanette Wible, of Capitol Hill, spent Sunday evening with Miss Mary Marguerite Long, of Bluestone.

Mr. Charles Beltzell, Sr., recently of New Mexico, but formerly a citizen of St. Mary's, has purchased from Mr. Freeman Cheseldine St. Catharine's Island, and will try his hand at farming. Mr. Beltzell is both industrious and progressive, and we wish him much success in his new venture.

Mr. J. B. Woodburn has sold his sorrel mare to Mr. Freeman Cheseldine, consideration \$150; Mr. Harvey Bally has sold his famous fox hunting mare to Mr. Geo. H. Cullins; Mr. Taylor Johnson has sold his Happy Russell to Mr. Nelson, and Mr. A. T. Wible has sold his 2-40 driver "Sweet Heart" to Mr. Southwick, of Louest Point. Good horses seem to be in great demand.

The bottom has dropped out of the oyster business, making money scarce in this section.

Prof. Fenwick, of Charlotte Hall, was seen on his motorcycle Sunday, headed south. It's a long, long way to River Springs, but we sincerely hope the Professor made it.

Here's success to our Farmers' Association. May it live long and prosper.

Cedar Point Literary and Debating Society

For this meeting we assembled with lingerings yet in memory of the witchery of the last; the nineteenth we recited, emulating in splendor the glories of that past. It is to be deplored, this lack of space in which to accommodate comfortably our increasing numbers, but we hope in some day not distant our hopes may materialize in the form of more spacious quarters.

"The Little Bachelor" under the auspices of Miss Graves proved a charming tableau and an innovation to the entertainment. Not less pleasing were the recitations appropriately rendered by Mrs. George Dawson and Miss Eva Hilton. Mr. J. S. Jones explained to us, whose minds are more disconnected with so retreating a past, "How rice used to be made," this, a prelude to a brief harangue on "Progress."

In the subject of discussion, Rev. F. K. Sobring fostered the printing press, eloquently epitomizing the beneficial results derived therefrom,—this chain that links us to the centuries yet unborn. Mr. J. F. Lee espoused the cause of steam, reminding us of the crude progress of primitive days before man had learned to harness and bring into servitude this powerful aid to his ingenious devices; of its services, varied, without bound; lastly, of the proficiency of the press due in measure to steam, its strongest supplement. The argument of the former won the approbation of the judges.

The fine mouth-piece selections by Master Clarence Bell were much applauded winning him the second prize. Dr. Bean also helped with his violin "No sooner than the vintage." Producing amusement and mirth we might add blishes from some was "The Journal," our first-class monthly bulletin, edited by Mr. Sobring. During the business session Mrs. L. O. Lenthal was elected librarian, and Mr. J. W. Jones chaplain.

The Committee on program has offered the following selections for the meeting to be held March 5:

- Call to order.
- Singing—America.
- Roll call.
- Reading of minutes.
- Question box.
- Graphophone selection.
- Recitation—Miss Agnes Hilton.
- Oration—J. W. Jones.
- Accordion solo—J. W. Bradshaw.
- Reading—Miss Marguerite Langford.
- Trio.
- Humorous reading—Frank Hayden.
- Graphophone selection.
- Subject for debate: "Resolved, That Anticipation affords Greater Satisfaction than Realization." Affirmative speakers, Messrs. J. S. Jones and C. W. Magill; Negative, Capt. L. F. Miles and Mr. Fred Wiley.
- Decision of judges.
- General debate.
- Decision of house.
- Reading of program.
- Adjournment.

Mrs. Charles Cheseldine.

Died, at River Springs, Md., on February 16, 1915, MARY ADELHIDE, beloved wife of Capt. Charles Cheseldine, in the 57th year of her age.

The death of Mrs. Cheseldine has brought sorrow to the whole neighborhood. She was born in this county on her home where she was the light and the living center, to which the whole family clung.

Married forty years ago to Capt. Cheseldine, their wedded life has been one of true and loyal devotion. Love and trust reigned in their home in their home and they set a beautiful example of wedded happiness for younger folks to follow. No man ever had a better wife, nor any children a more devoted mother. She lived the true Christian life doing her duty to her husband, home and family, yet never forgetting to do her part to her neighbor and her church.

This poor and friendless always found the kind word and helping hand when they went needy to her door, and many voices have raised up to call her "blessed."

Beside her husband she is survived by six daughters and one son, to whom we extend our warm sympathy. Her remains were interred at All Saints' Church on Tuesday, Feb. 18, 1915.

A truly good Christian has gone to her reward. May she rest in peace! A Friend.

From Scotland.

Capt. darts have found a mark in the heart of our popular Postmaster. He will join the ranks of the Benedicti very soon, and take over the management of the store in place of his father, who is retiring to private life in the Monumental City.

Mr. Wm. V. Polley has installed a five horse power motor in his canoe, and is making his rounds around Harry James creek.

Fishermen are beginning to get busy mending nets, etc., preparatory to the start of the fishing season.

Canners are slow about contracting for tomatoes for the coming season. Two or three seasons of losses have "sold" them to be careful about taking chances. It seems, however, that the European war will create a demand for all canned goods, and in that case the man who runs his factory this time will win out.

The writer intends to try the rice scheme on some wild ducks and if successful will report fully later on. No sea taking long chances on bad shells and worse marksmanship when a nickel's worth of rice will fill the ladder for a week.

Now, Gabriel, please suggest a remedy for growing hair on a bald head, and thereby earn the undying gratitude of

FARMERS' MEETING.

Large and Enthusiastic Meeting—Resolution Adopted Calling a Joint Meeting of Southern Maryland Counties at La Plata, for the Third Monday in May.

A meeting of the St. Mary's Tobacco Growers Association was held at the Court House, Leonardtown, on Tuesday last at which the question of obtaining better marketing facilities for the crop was exhaustively discussed. A number of very able speeches were delivered and enthusiasm of the meeting would seem to warrant an assurance that the inauguration of a move tending for the betterment of the county has been launched along the path that leads to accomplishment.

The following resolution was passed: Resolved, That a committee of 5 on organization be appointed to act, in conjunction with a similar committee from each of the other four Southern Maryland counties, viz:—Anne Arundel, Prince George's, Charles and Calvert, to formulate plans for the incorporation or organization of a Tobacco Growers' Association of Southern Maryland, and that said committee meet on the 3rd Monday of May, 1915, at La Plata, Charles county.

There were present at the meeting about 200 persons, members and those interested in the movement. A number of new members joined.

John W. Renahan.

Died, at his residence "Bushwood," on Wednesday morning last, JOHN W. RENEHAN. Mr. Renahan was a man of high, moral character, and was actively engaged in the prominent business pursuits of the county, being President of the Bushwood Packing and Manufacturing Company, a director of the First National Bank of St. Mary's and one of the county's most successful farmers. He was a devoted adherent of the Catholic Faith and at all times consistent in the practice of his religious duties. His charity, progressiveness and courteousness made him a valuable citizen.

He was a man who, united sound sense with strong convictions, and in whatever he joined his enthusiasm and progressiveness assured the ultimate success. His death is a great loss to the county. May he rest in peace!

Cheap Money.

Cheap money is the fount that makes the brook of industry flow, and without it the homeless farmer can hardly hope for a home or the manufacturing industry expert to prosper. The farmers of the United States owe \$5,000,000,000, and cheap money will mean millions of dollars in saving to the farmer.

Temperance Meeting.

A mass-meeting, in the interest of Local Option, will be held in Leonardtown March 9, immediately after the afternoon session of the Farmers' Institute. The meeting will be addressed by local talent.

By order of the Executive Committee of the Local Option League. T. SPENCER CRANE, Secy.

For the Stomach and Liver.

IN Stuart, West Weoster, N. Y., a farmer writes: "I have used Chamberlain's Tablets for disorders of the stomach and liver off and on for the past five years, and it affords me pleasure to state that I have found them to be just as represented. They are mild in their action and the results have been satisfactory. I value them highly. For sale by all dealers."—Advertisement.

Potato Flour.

Experiments carried out by a Danish medical man seem to show that potato flour, which is now largely used for breadmaking in Germany, has strong nutritive properties. In order to prove that albumen is not essential to the maintenance of the human system, Doctor Hindhede has since 1895 lived for months at a stretch on potatoes for his staple diet, and occasionally with butter and milk. He further induced his gardener, Frederick Madsen, to live on potatoes for 300 days at a stretch, his average consumption being nine pounds a day. During the experimental period Madsen was so carefully watched that his master can vouch that he tasted no other food, yet the diet left him stronger than he had ever been. But what a life!

Beautiful Ypres.

The old Belgian city of Ypres, which has suffered much destruction at the hands of the Germans, was at one time one of the most flourishing cities in West Flanders, with a population of almost 200,000. Like other ancient cities of Belgium, it has many architectural and artistic reminders of its past greatness in its Cloth hall, Guild halls, and churches, the burghers' houses, many of which have now been laid in ruins by German guns. The Cloth hall, which was commenced in the year 1200, and took a century to build, has a beautiful facade 120 yards in length; while there are also the Meat hall, the Cathedral of St. Martin, and a number of fine old houses with the wooden facades Flemish architects were so fond of.

Men's Ankles.

Another reform the war should bring about touches the ankles of men. Who would have thought Londoners to be so good looking as these recruits—all of them—as they go by? It is not the color, for khaki is not flattering; it is not the cap, though that is decidedly becoming; it is chiefly or entirely the putties. These restore to the figure of man its shape, its spring, its poise, its distinction. Why not take heart of grace and abolish the tube trousers for good and all?—London Chronicle.

Tiffs.

Tiffs, which the ear has been visiting, and termed "a pearl of the Russian crown," was described by Mr. James Bryce some forty years since as "a human melting pot, a city of contrasts and mixtures, into which elements have been poured from half Europe and Asia, and in which they are as yet slow to combine." The description holds good today, for there are said to be 70 languages spoken in the streets of the ancient city by representatives of as many nationalities.

Scored for the Cat.

Billy has a kitten and his little neighbor has a poodle, and both little boys often quarrel over the relative merits of their pets. One morning the owner of the little poodle dog was getting the best of the argument, for his pet had a bath each day, he declared, and therefore was much cleaner than the kitten. But a bright idea saved the kitten. "Huh," he indignantly burst forth. "My kitten dry cleans himself four or five times a day."—Exchange.
