The pledge of an economical and efficient administration is guaranteed to the State of Maryland in the following emphatic terms:

"We pledge our party to the most rigid economy in the administration of all the affairs of the State, so that the saving in the expenditure of the public money may be as great as is consistent with good government; and, as a part of the economy plans in this platform provided, we pledge that character of business administration which will insure the highest degree of economy. In the transaction of public business we believe that the same degree of ability, attention and forethought should be exercised as is given the most successful mercantile, banking, public service, or other enterprises whose success depends upon a high order of business efficiency. The government of the State should be regarded as the most important of business concerns, as it comprehends the interests and welfare of the whole people who have the right to expect and demand the highest order of service in the conduct of the State's business."

**FAIR NOTICE.**

**Chronic Constipation.**

"About two years ago when I began using Chamberlain's Tablets I had been suffering for some time with stomach trouble and chronic constipation. My condition improved rapidly through the use of these tablets. Since taking four or five bottles of them my health has been fine," writes Mrs. John Newton, Irving, N. Y. Obtainable everywhere.—adv.
