—Homemakers' Club.

RELIGIOUS NOTICES

Mt. Zion Methodist Episcopal Church at Laurel Grove is planning for a religious service at their church at 3 p. m. Sunday, August 22. Efforts are being made to have every resident member of the church and every friend of the church in the community present at the service. Hon. F. L. Middleton, president of the Maryland Sunday School Association, who made such a deep impression on all who heard him at the St. Mary's County Sunday School Convention, will be the principal speaker at the service.

One of the principal objects of the service will be to raise money with which to pay the interest due on the church debt and to pay the church budget for the current year. Rev. E. O. Ogg, pastor, has called a meeting of all the stewards of Leonardtown Circuit to be held just following this service at Mt. Zion church, and he is especially desirous that all of the stewards be present to hear Mr. Middleton and to attend the conference which will follow.

Chaplico Items

Mrs. Laura Gough, of Clus, has recently undergone a serious optical operation at a city hospital and her many friends are praying for her speedy recovery.

Mr. Kiah Hancock spent the week end with Mrs. M. T. Burroughs, at Chaplino.

This community is greatly indebted to Mr. Albert Davis for repairing a very bad place in the road.

Mr. Fred C. Davis has been confined to his room suffering from a very sore leg.

SILVER JUBILEE OF REV. BRO. GERARD, C. F. X.

Camp Columbus, on the shores of Broken Bay, near Leonardtown, where the celebration was held, was a scene of exquisite beauty, decked in nature's ornaments, gathered from the fields and forest.

Distinguished guests from the counties, from the Capital and from distant cities came to congratulate the genial jubilarian. Brother Gerard has for six years been connected with Leonard Hall as director. He has taught at Worcester, Lowell and Lawrence, Mass., has been superior of St. Xavier's Industrial School in Elm Grove, Wis., and has assisted at schools in Richmond, Va., and Baltimore, Md.

During his stay at Leonard Hall Brother Gerard has labored zealously and faithfully to bring the school to the front as a first class private school. Judging from the successful graduates the school has turned out, his efforts have not been in vain.

Among the distinguished speakers were Hon. B. Harris Camaller, Gen. L. A. Wilmer, Wm. M. Loker, Wm. H. Hall, Rev. Father James Hoakley, S. J., and Very Rev. Brother Gerard, Superior General of the Xaverian Brothers.

Mr. Hall, in his address, spoke of the tremendous debt on the school and promised that he would give his services at any and all time to help lift the burden from the shoulders of the Brothers in charge. Leonard Hall will be opened to receive both boarders and day scholars on Sept. 15th. Brother Gilbert, formerly director of Old Point Comfort College, has been selected to succeed Brother Gerard as director of the school. Brother Gilbert, as one of the speakers of the day, expressed his appreciation of the herculean task of lifting the heavy burden that now rests on Leonard Hall. He stated that he was much encouraged by the pledge of Mr. Hall and of the Southern Maryland people and that their best efforts to back up the school were being made.

Hon. B. Harris Camaller paid a glowing tribute to the worth and work of the Rev. Jubilarian. General Wilmer gloried in knowing Brother Gerard and congratulated the order that he had produced such types of men as the Rev. James Hoakley highly praised the work of educating youth and commended the heroism that could successfully cope with the heavy burden that must be incurred to make a success of such undertaking. Mr. Wm. H. Hall has been the best of friends of Brother Gerard in the many difficulties of the undertakings of the school, and he spoke as the personal friend and admirer of the man who is engineering a venture that is heavily indebted.

The Grand will leave Leonardtown September 1st to take charge of St. John's High School, Worcester, Mass.

THIS WAS A REPEATER

On Tuesday last week the storm blew down a large tobacco barn on the farm of Mr. Harvey W. Hilton, at Park Hall, did considerable damage to growing crops and destroyed valuable fruit and shade trees. A severe wind on Monday night, 22 years ago to the very day and hour a barn was blown down upon the exact site of the one that was destroyed on Tuesday. Mr. Hilton is going to work in his usual energetic way to rebuild and says he will have another barn in about four weeks and the best of all, a fine tobacco crop, to put in it.

Baseball News

The Mechanicsville baseball team defeated a strong picked team from Baden and Woodville, Prince George's county, on Sunday in a fair game, by the score of 4 to 1. Battery—Baden: Townsend and Hayes; Mechanicsville: Hill, Richardson. Struck out—By Hill, 12; by Townsend, 5.

The Leonardtown Base Ball team put up a big argument here on Saturday last when they took the measure of the Newport ball tossers by a score of 15 to 1. Stokell, the mound artist for the home team, holding his opposition to three scattered hits in the nine innings. Davis, for the visitors, opened up like a big leaguer, retiring the side in the first half of the first inning via the strike out route, but the batting eyes of Leo Abell's outfit was functioning fechtigly and averages began to soar after the first. Eleven hits was the total contribution rendered, an except for some ragged spots there was some high class playing served the patrons of the great game. Capt. Henry Camaller picked off of six batters a hard fly most cleverly, and Harry Norris squeezed a tally out of his long drive to right field when the runner in that position overran the third to hold him. Harry Davis was welcomed back to the game by his many admirers and when Harry is propped behind the bat the morale of the team is greatly improved. Brother "Big Sam" in this game developed into a sprinter and considerably scored his weight, scoring two runs in succession. He ran for Harry Davis, after scoring for himself, and crossed the plate as per schedule.

On Sunday Hel Abell defeated Leonardtown, 9 to 5, in a fair game.

Next Sunday, Aug. 14th, Mechanicsville comes to Leonardtown for the fourth game of the series. With Harry Davis catching and Harry Camaller back in the game Leonardtown should go into this game with the strongest line-up it has had this year.

PINEY POINT AND VICINITY TO HAVE PHONE

Subscribers to the Piney Point and St. George's Island Telephone Co. had returned to them last week the amounts which they had deposited with the treasurer of the company which was organized for the purpose of building a telephone line from Valley Lee to Piney Point and the Island. This action was taken by the officers of the county on assurances given to Dr. Wm. B. Burch, its president, that the Chesapeake and Potomac Telephone Co. would build a line along this line as an extension of its system. Harry M. Jones has since informed the BEACON that he has been awarded the contract for furnishing and erecting the poles and that the work will be pushed to speedy completion.

Seventh District Community Club

The annual picnic of the Seventh District Community Club, on August 8th, was a decided success. The picnic was held from 10 a. m. to 4 p. m. and consisted of the most delicious cooked products of the farm and sea that was ever served to satisfy the craving of the inner man.

Prof. Gibson opened the evening's exercises with "Maryland, My Maryland," and believed every body in attendance knew that we were "dyed-in-the-wool" Marylanders before the singing was over. Next, was "Our Boys Will Shine Tonight. Did they shine? Yes, and so did our girls!" Prof. Gibson gave us a most interesting talk on the refreshing influence of music and singing; how it effected the dying and crippled soldiers, how they were brought from the battlefields with pained and clouded brows to be transformed into happy smiling lads by the singing of some old familiar song. Prof. Gibson's address was closed by singing "Old Black Joe."

Mr. Symons was next and congratulated us on the improvements in our club, our ball, our roads, our health and our young men and women since his last visit. He told us of conditions in Europe, whence he and Prof. Gibson have just returned, and how they were glad to be back in the States. He said that the "dry" law was a most interesting subject, especially how our girls were blessed. In England, he said, there were six girls for every boy and down here in the Seventh each girl has her own fellow, and some even have two. He told of England's high taxes in his own country, and how nearly every country in Europe wanted to buy Maryland tobacco—France, Spain, Roumania, Poland and Italy.
