

THE TELLER.

LOCAL INTELLIGENCE

Rivers are falling.

THANKS to Wm. Schivers steward of the steamer Annie Faxon for late Oregonian.

WEATHER was quite warm the fore part of the week, 96° in the shade.

QUIT a number of drummers in town this week, of all classes.

H. D. SANBORN, of Portland, is in our city this week.

RAIN—We had a fine rain last night which laid the dust a little.

PANTHER—A panther was killed on the Assotin some few days ago and the skin brought to town this week.

Capt. Falk of Fort Lapwai, left on the steamer Tuesday, for a short visit to Portland, Oregon.

UNDER ORDERS.—We have been informed that company H. 1st Cavalry at Fort Lapwai are under orders for field service.

SEVERAL parties have been in town this week from the Assotin country with shakes and wood for sale.

TRADING.—A large number of Indians has been in town this week trading for provisions, and selling horses.

LEFT FOR HOME.—C. W. Berry, brother of John G. Berry, deceased, left for his home in Montana this week.

IN TOWN.—Martin Mantle has been in town this week from Pierce City purchasing some blooded stock.

GONE BELOW.—H. Squier, of the firm of Bunker & Squier of this city and lady left on the steamer Thursday for a short sojourn below.

Pure Liquors for Medical Purposes at Mosley's Drug Store, 39-41.

THE building to be occupied for a hardware store at the head of 2d street is fast being built, under the management of Mr. Menomy.

FLOUR.—The flour which we gave reference to last week from Almeta Mills Adams Bros. & Co., proved to be first class, if we may be allowed to be the judge.

BROKE AGAIN.—The Lewiston water ditch broke again in the upper end of town and the water has been out for some few days. All in good order now.

BALL.—By noticing the "ad." of J. H. Warrmouth it will be seen that a grand ball is to be given at Moscow I. T. on the 4th of July.

More Guns.—The 350 guns and ammunition that Gov. Brayman telegraphed to McConville about, arrived here on the steamer Sunday night.

IN THE FIELD.—Gen. Crook is to be on the ground of hostilities, and his presence will inspire confidence from his experience and success in subduing Indians.

FROM KENTUCKY.—Wm. Fix, brother of John Fix of this city, arrived here on the steamer New Tenino from Kentucky on Sunday last. We are told that he is to stay among us.

Dentistry.—Dr. A. R. Pennington wishes to inform the people of Mt. Idaho that he will visit the place the coming week for a few days, and perform all operations in dentistry. He will return here and again be ready for work.

MACHINERY.—If you want to see fine machinery and want to purchase the same, step over to the Court House square and examine that of Hawley, Dodd & Co. By reading their advertisement you will see that they mean business.

ISSUING ARMS.—Col. E. McConville has sent out for all the Captains of the different companies to come to this place and receive their quotas of arms. Several have come in already and got them and returned home.

ANNIE FAXON.—This steamer arrived here on Thursday morning at 4 past 6 with a few passengers and several tons of freight. We are informed that Capt. Ainsworth, Lieut. and Gen. Sprague, came up on her. The boat returned the same day.

BASE BALL.—A match game of base ball is to be played here on the 4th of July, between the Amateurs of Lewiston and the Mount Idaho Club. In the evening the Amateurs will give a ball. Full particulars next week.

INDIAN SCOUTS.—A party of 20 Nez Perce Indians have been organized at Lapwai for the purpose of taking the field as scouts for Gen. Howard. They await orders from him. We wonder if they are like Howard's Bannock scouts that he had last Summer?

PORTS.—We are informed that the people of Camas Prairie are fitting up the old forts at Mt. Idaho and Grangeville for their protection if any trouble is to be had with the Indians. They do not intend to be caught like they were last Summer. The people of the north are also doing the same thing for their defense.

FRUIT.—Mr. J. A. Miller laid a fine large peach on our case the other day, which was raised on his old place on Clearwater. He says that the trees are loaded with just as good, and in two weeks we may expect them to be ripe.

Owing to being crowded we are compelled to leave out a letter from Lapwai signed "Rev. F. Giorda," will appear next week.

PREACHING.—There will be preaching at the school house this evening at early candle light by the Rev. Mr. Smith. Rev. Mr. McAllister will also preach on Sunday.

SETTLERS.—Three teams loaded with emigrants from the vicinity of Waiilatpu passed through town on Wednesday enroute for Tammany Hollow some six miles from this place. They had quite a number of cattle and horses with them. There is still room for more in the same locality. Come on.

NEW TENINO.—This boat arrived here on Sunday night at 12 o'clock with 20 tons of freight and a few passengers. We received the late papers from the steward of the boat, and Mr. Knaggs, for which we give thanks. The steamer returned on Tuesday morn.

MARRIED.—In this city June 20th 1878, at the residence of the bridegroom by Judge Clark, Mr. J. R. Vance to Miss Tilla Giles.

THE IDAHO INDIAN WAR.

Movement of Troops.

BOISE CITY, June 14.—The troops from the west, which were destined, with the exception of Bendire's cavalry, for this place, have been ordered to leave the Boise City road and go to sheep ranch on the Winnemucca road by a shorter route up Snake river. Capt. Bendire with his cavalry company of 60 men arrived here yesterday, and as soon as the necessary preparations can be made, will go with Gen. Grover to Big Camas prairie, where they will be joined by the troops under Maj. Sanford now on the overland route. Gen. Howard is at a sheep ranch one hundred miles south of this place on the Winnemucca road. Col. Bernard's cavalry is somewhere in that neighborhood watching the movements of the Indians.

Station Burned.

The Indians pursued and are reported to have burned the station at Ten Mile creek. The driver, bound westward, was at Camp McDermitt when Hamilton arrived and remained at that place. Thus a stretch of the road seventy five miles in length was left for several days without stock or drivers. The telegraph wire was cut at the same time, and several days had passed before travel and communication could be resumed.

By a dispatch to the stage agent here yesterday morning, the stage with mails was to start westward yesterday.

An Officer Blunders.

Captain Babbidge, in command at Fort Hall, per instructions from the secretary of war, sent two Bannock Indians as messengers to confer with Buffalo Horn, and to learn his whereabouts and intention. These messengers, in passing through Marsh basin in the eastern section of Owyhee county, fell into the hands of Lieut. Wood, one of Brayman's militia officers, by whom they were turned back and not allowed to proceed on their mission, though they were provided with passes duly signed by Capt. Babbidge. Upon returning to Fort Hall, they were again sent forward by another route.

The Indian's Plan in the War.

Some of the military officers here have recently interviewed Yambingo, the Indian now under sentence of death for the murder of Alex. Rhoaden. Yambingo says that the Bannocks are led by Buffalo Horn and two other Indians, and their plan was to rendezvous at Juniper mountain and at Sheep ranch, get the Buses to join them, then proceed northward to Salmon river.

The War Getting into Oregon.

Major Downey, who is on his way with his command to Sheep ranch, has received orders to retire to Fort Harney, in consequence of information received that Egan, a Pinte chief, was at the head of 400 warriors and resolved to go upon the war path.

WINNEMUCCA, June 14.—Parties here have just received news that thirty or forty whites at White Horse Meadows, Grant county, Oregon, are threatened by a strong force of hostile Bannocks. A friendly Pinte was sent from there to McDermitt to report the situation. The Winnemucca mounted volunteer company will start from McDermitt to-morrow to reinforce the White Horse Meadow settlers. Our county officials will try to send more men and arms from here to-morrow.

All the Malheurs Gone on the War Path.

SAN FRANCISCO, June 15.—Very little news at the military headquarters this morning, with the exception of a dispatch from the agent at Malheur Indian reservation, confirming the report that the Indians had left there, probably on the war path. There were at the agency on the 1st inst. 370 Malheurs, and 40 Bannocks from Fort Hall. On the 2d inst. they began stealing away on pretence of hunting and fishing but all took nearly the direction of Boise. Chief Egan went away the first. On the night of the 7th all disappeared. Chief Winnemucca was at Camp C. F. Smith three weeks ago. On the first inst. Chief Eagle Eye and 47 Weiser Indians received supplies at Camp Smith, and left, going east.

Body Found.

The body of the stage driver killed by Indians near Owyhee ferry on the 10th has been found and buried. The body was found about 500 yards from the spot where the stage was burned. Major Downey, who was on the way with the troops from Fort Harney to join Howard at Sheep Ranch, upon learning that the Malheur Indians, under Chief Egan, were on the war path, returned his command to Fort Harney. Experienced Indian fighters and frontiersmen believe that there is a general uprising of all the tribes and scattered bands throughout Southern Idaho and Eastern Oregon, and they will be able to muster at least 1,000 warriors. The emigrant train which was detained at Payne's Ferry, arrived here to-day under escort of Capt. Bush's volunteers. There have been no stages through from Winnemucca since the raid.

LATER.—Gen. Howard's scouts report the hostiles concentrating in large force at Stein's mountain, and the general is moving his troops in that direction. Gen. Grover's expedition to Camas prairie with Cols. Sanford's, Sumner's and Bendire's companies will be turned back and go directly to Stein's mountain.

A Bannock Spy taken Care of by Gen. Howard.

There was quite an excitement in town on Thursday afternoon caused by a stealthy movement of an Indian who proved to be a Bannock. Capt. Harper arrested him. Many wanted to have him hung without delay. He was taken to jail. Pinte Dave and others who saw him, said that he was a bad Indian, and that he was the son of Bannock Joe, the great war chief. Citizens testified that he had stolen thirteen horses recently and taken them to Buffalo Horn. Curiously enough, Gen. Howard arrived about this time. He went to the jail and saw the Bannock, asked Capt. Harper to turn the Indian over to him, which the Captain did. When he was brought to the front of the Idaho there were murmurs loud and deep. Citizens demanded that the Indian should be taken out and shot. Mr. D. P. Hawes, of Bruncou, whose brother was recently murdered by the infamous associates of this same Bannock, reproached Gen. Howard for this action; and Mr. Hawes now regrets that he did not lay the infamous savage low on the spot with a bullet. The Indian finally got off safe in the same wagon with the General, and our citizens are anxious to know what they are going to do with him, and whether he is to be turned loose, and give information to his fellow murderers. The act of Gen. Howard was strongly condemned by all our citizens, who are not just now in very lenient mood towards savages, in view of the atrocious murders so recently committed by them.—Avalanche June 15.

THAYER is elected governor by a majority of 41 votes. Grant county is not official, but this count gives Beckman 20 majority. It is beyond doubt that Thayer is successful. Sites is elected superintendent of public instruction. His majority seems to be between 50 and 100.—Oregonian.

Pacific Coast Appropriations.

WASHINGTON, June 15.—Some of the Pacific Coast items contained in the river and harbor and appropriation bill as finally passed both Houses are, for canal around the Cascades of the Columbia, \$150,000; lower Willamette and Columbia, \$30,000; upper Columbia and Snake rivers, \$20,000; improvements at the mouth of the Columbia, \$3,000. The bill also directs surveys to be made by the army engineers at Crescent City, and Humboldt river, Oregon, and Coos bay, and Cape Font-leather, Oregon, to ascertain the practicability and expediency of suggested improvements.

The Army Appropriations Bill.

The report of the committee and conference on the army appropriation bill, as finally agreed on, leaves the army at 25,000 men. The section transferring the Indian bureau from the interior to the war department is stricken out. The organization of the army is to remain for the present as it is, but a commission is to be appointed to consider and report on this subject to Congress. The clause relating to the use of the army as a posse comitatus is amended by omitting the words "except when specially authorized by law"—Id. to Oregonian.

Vote on Governor.

The following are majorities. Figures are corrected by latest returns. Waseo is official. Union and Baker may increase their majorities for Thayer. Grant is reported to have given a small Democratic majority. It is not estimated below. After many days of se-sawing there is now scarcely a doubt of Thayer's election:

Table with 2 columns: Name and Votes. Includes Beckman, Thayer, Baker, Columbia, Douglas, Jackson, Josephine, Lake, Linn, Polk, Union, Waseo, Yamhill, and Curry.

MILITARY ORDERS.—The following order was issued by the adjutant general of this military department yesterday: "The telegraphic instructions of this date to the commanding officer, Fort Vancouver, W. T., to direct 2d Lieutenant Charles A. Williams, 21st infantry, to report to the commanding officer, District of the Clearwater, for the purpose of conducting Nez Perce Indian scouts from Fort Lapwai, I. T., or vicinity, to the department headquarters, in the field, are confirmed."—Oregonian, June 15.
