

THE TELLER.
LOCAL INTELLIGENCE

Some one put a telegraph line between here and Dayton. Don't all start at once.

If you want a good Bologna sausage go to Joe Kleiser's butcher shop.

Thanks to Wm. Schivers and Harry Kerison of Faxon for late papers.

Dr. J. B. Morris, of Luma's Prairie, gave a friendly call this week.

Be sure and go to the minstrel show to-night. It is well worth seeing.

MAIL LATE.—On Monday last the mail was delayed quite late on account of bad weather.

NEW MILLENNARY SHOP.—See the advertisement of Mrs. A. L. Coffey's in another column.

NEW TRINITY.—This steamer arrived here on Monday morning at 7 o'clock bringing several passengers and 40 tons of freight.

RETURNED.—E. B. True returned from San Francisco on Monday's boat where he has been on a business trip.

We had a fire on Tuesday night, if it had come sooner it might of done our farmers some good, but it is a little late.

STAGE LINE.—Messrs. Dunwell & Morrill took possession of their stage line on Monday last. Read their advertisement which is in another column.

DANCE.—The dance at Clark's Hall last eve was attended by a goodly number of our people, and dancing was kept up until daylight, when everybody went home rejoicing.

Owing to being crowded with so much war news we are compelled to leave out our two letters from Mt. Idaho. They will appear next week.

RACES.—On Wednesday of this week the races over the Lewiston course commenced by the running of two races. Owing to not having space we cannot give particulars this week.

FROM PIERCE CITY.—Several parties were down from Pierce City last week for guns and ammunition; they procured 40 stand and returned on Monday last. People are going to be prepared in time and not wait till it is late.

INDIAN SCOUTS LEFT.—Sixteen Nez Perce Indian scouts under command of Lieut. Williams left this place on Tuesday last for the seat of war in Southern Idaho; they were well armed all around. Pike Davenport also accompanied them.

MAIL CHANGED.—We are informed by our postmaster that the mail between this place and Walla Walla will be two days on the way instead of a day and a half. This is owing to the different routes established one to Watsburg from Walla Walla and then another from Watsburg to this place.

BASE BALL.—The game of base ball between the Amateurs of Lewiston and Grumbler's of Mt. Idaho, came off on the 4th, resulting in the Amateurs tallying 42 and the Grumbler's 20, giving the game to the former by 16 runs. A large number of citizens and ladies were present.

Best family flour at Lewiston Mills only \$4.50 per barrel. 37-2-w.

SOAP FACTORY.—J. K. Vincent caused to be placed upon our table a fine lot of toilet soap which was manufactured here by himself. It is a success without a doubt and now is the time to patronize home industry. Go and examine that which he has just made and satisfy yourself.

ANNIE FAXON.—This steamer arrived here on Wednesday eve with quite a number of passengers, among them were H. Equier and lady of this city. There were also several young ladies from the lower country who came up on a pleasure trip. The boat had on—tons of freight and returned on Thursday morning at 8 o'clock.

READ THIS.—E. R. Burk, clerk district court, auctioneer, accountant, collector, reporter, insurance and loan agent. Dayton, W. T., will promptly attend to your business for a small fee. He has also on hand a large lot of blank deeds, mortgages and chattel mortgages and blank notes to match mortgages, which he offers for sale.

CALLER.—Phillip Ritz of Walla Walla called this week. He has been on the north side of the river taking orders for his extensive nursery which is one of the institutions of this interior country. We believe Mr. R. has the largest and most complete nursery on the coast. And all orders that may be sent to him will be filled as reliably and promptly as if the party was there to make the selection.

THOMAS MESS.—We are informed that a party of Indians was camped just below Almoda on Snake river last Sunday night and a white man gave one of them some whisky and he came some what intoxicated. Some of the citizens of Almoda went to the Indian camp for the purpose of arresting the Indian and white man, but had no business there and that they should arrest neither of them. So the parties returned home without their men.

STOCK OWNERS.—Messrs. Kellogg & Hopkins publishers of the Palouse Gazette are at work compiling a book to contain the brands of every stock owner in Nez Perce, Columbia, Stevens and Wiyman counties. A book of this kind will be of great service to stock owners, and oftentimes be the means of saving them considerable expense and loss of time, all persons owning stock of any kind, in the above named counties, are respectfully requested to send their brands and places of residence to Kellogg & Hopkins, Colfax, W. T. Write plain. 37-2-w.

NOTICE.—Is hereby given by the undersigned that no more wild cattle will be allowed to cross the wire bridge on Salmon river, and further more that I don't keep a race course. If they want to try them take them to the Brooklyn bridge in New York, or to the Walla Walla race course. Thankful to the public for their patronage and kindness I remain,
ROBERT MASSFIELD,
Salmon river, June 29th, 1878.

LATEST WAR NEWS.

Indians Moving Down John Days River, Burning and Destroying Everything as they go—300 People Driven in to Alkali Flat from the Direction of Canyon City.

WALLA WALLA, July 2d, 1878, at 8 P. M.
DEAR TELLER: I am permitted to give you the following, which came over the wire from Celilo and John Days bridge:

The Almoda arrived here (Celilo) at 12 o'clock noon to-day. Her officers reporting that as they landed at Alkali landing, this side of Umatilla, they were informed by a man at the landing that some 300 people were at the Alkali Flat country, having been driven in from vicinity of Canyon City and John Days valley by the Indians who were pursuing into that country, burning and destroying everything before them.

The officers of the Almoda also report that a friendly Indian who has been camped near the mouth of John Days river, had moved his camp to Umatilla, having been notified that the hostiles proposed crossing the Columbia near the mouth of John Days and Rock creek. You can say the Capt. of the Almoda says he don't know how true it is about this friendly Indian reports, but that he moved his camp to Umatilla is so, and that the information about hostiles proposing to cross the Columbia at that place is very reasonable, as they would be in the most rugged and mountainous part of the country between this place and Umatilla, by selecting that place for crossing.

JOHN DAYS RIVER.
There are numerous reports going on around here about Indians. It is reported that 2 men and 1 Chinaman were killed by Indians about 7 miles from here, and that a number of cattle and horses have been killed and run off. I just was talking with some men who say great excitement exists up near Willow creek, and that most of the people are preparing to leave their homes. People are continually moving into the Dalles from out on the Canyon City road. Some think we are foolish to stay here, but I don't think there is any danger yet.

STILL LATER AND WORSE.
A messenger just reached here w/o reports that the hostiles have reached the Umatilla reservation, and that the friendly Umatillas are now fighting them. Troops which had just left on the train for Wallula to take the boat and go down to stop their crossing the Columbia, have been telegraphed to return immediately to this place. The alarm is being felt here for the safety of the people of this valley and for the safety of this city. No one knows the strength of the hostile force that is enroute this way. But it seems that it has been sufficient to deter all efforts to check them so far. The situation is bad for the quiet of the country.

LATER.—The train will return forthwith. The excitement in town is now intense. The city authorities have sent out five scouts towards Pendleton to learn the movements. Many arms are here but not in the hands of citizens. An effort will be made to place them in the hands of efficient men to be used in case the Indians make a rapid advance. It is difficult to imagine what route they will take. They may go to Wallula and cross the Columbia, may go up this side of Wallula to the mouth of Snake river and cross that river and not cross the Columbia at all, or they may go out to the Blue mountains and proceed to the mouth of Grand Ronde, thence north through the Nez Perce country. They evidently are making their way to the northern Indians and unless soon checked will be sure to reach them. A calamity greatly to be feared. Let McConnelville be on the watch with his citizen force. If the military is entirely inadequate to protect the country, their number being so small for so large a field of action.

Half past 10 P. M. Signal fires are now burning all along the Columbia above Celilo, so says the operator at that place. Indians have left there all but the squaws. The operator don't know what to make of things, they appear to him much mixed. He can't call the operator at John Days-ridge. He must have left in a panic.

Dispatches sent to the citizens of Pendleton.

Pilot Rock July 2nd 2 P. M.
I left head of the north fork of John Day at 2 past 10 o'clock. The Umatilla Indians are deterring the Snakes. They want the whites to give them assistance. The Snakes say they will take the Umatilla reservation before three days. Please send word for met. Gen. Wheaton at Walla Walla. I am sending some one from here to assist. The people here have few guns. Send all the men from Pendleton. Our Indians will hold them good until night. They say they will die before the Snakes enter upon their soil. Hurry up. N. A. CORNOYER.

P. S.—Up to half past ten but two Umatillas killed. They say they have killed 30. Our Indians think that the army is only a half a day behind. This they think will make the Snakes fight harder. N. A. C.

CANAS PRAIRIE, July 2d
Two Indians arrived here about 9 o'clock, telling that about 400 Snakes had come up to Watsburg camp on their camp ground yesterday morning. It appears unknown to the Indians. They told their business was killing all the whites, and wanted them to join them. These two Indians to take advantage of the excitement and left. Send word to the agency to have Howlas Wamps get his men. N. A. CORNOYER.

This dispatch brought by an Indian—Canas Prairie 40 miles from this place. T. M. COFFEY.

Pendleton Ogn., 6 P. M., July 2nd
Do not be Discouraged.

WALLA WALLA, June 29th.
DEAR TELLER: It need not give the people of North Idaho serious discouragement because a majority in this convention were not ready to accord their delegate a vote in the convention in the face of the act of the Legislature of Washington. The gentleman of the convention with few exceptions have expressed their determination to include North Idaho within the boundaries of the new State, and say that it is their purpose to frame all other parts of the consti-

tion to conform to those boundaries, and provide for the constitution to be submitted to the people of that section to be adopted or rejected. If they stand to this position all will be well, although the principal that would authorize them to do this latter would also authorize them to admit the delegate to vote in the making of the Constitution. Some members however are timid in going against a special prohibition of the legislature, fearing it might array some of their constituency to charge them with violating position law. But in the matter of admitting North Idaho within the boundaries of the new state they think that the legislature would never have invited a delegate here unless it was with the intent that this convention should make a Constitution, so as to include in its boundaries the three northern counties of Idaho, and hence they seem to think they have a tacit sanction of the legislature as well as the people as expressed through the press of the country. It is a matter of but little practical consequence to the people of North Idaho, whether or not their delegate have a vote in the Convention, provided the Convention embrace them in the boundaries of the new state and make a good Constitution and allow North Idaho to vote upon and adopt it. These last two are essential to our admission and the hope is now fully entertained that these will be provided by the Convention. If your delegate foresees any time that either of these last mentioned provisions are to be defeated in this Convention, he will leave and go home, under the belief that it is not the purpose or wish of this Convention to have North Idaho joined to Washington unless it be in a colonial sense to which our people will never submit. If we are to remain vessels to any government, we might as well remain vessels where we are. Our objects is to attain some rights in common with other communities and a proportionate voice in all matters of government with other communities which compose the ingredient parts of the governed.
