**They meet the Question—No Dodging.**

The Republicans of Columbia county, W. T., says the correspondent of the Union passed resolutions favoring the extension of time for completing N. P. R. R.—provided the lands were thrown open to settlers under the homestead and pre-emption laws at a price not to exceed \$2.50 per acre; opposed to dismemberment of the Territory and in favor of immediate admission as a State, and in favor of annexation to the Territory the three northern counties of Idaho whether we become a State or not." These men talk as though they intend business. These resolutions were unanimously adopted. It is expected that the Democrats of that county will follow suit on admission and annexation.

**A Screw Loose.**

The Idaho World which is claimed to be Democratic, and which places the full Democratic ticket at the head of its columns, contains an editorial severely reflecting on the character of Geo. Ainslee, the nominee for Delegate in Congress, and what makes the matter more singular and pointed the writer claims a nine years personal and intimate knowledge of the character of Ainslee. This position of the World is a puzzle to many. If the Statesman had taken a similar course in regard to its nominee, it would only been the crookedness of Kelly and elicited no surprise from any quarter where known. The World is the only paper published in Ainslee's own town.

**Portland to have a Railroad Connection with California.**

The Oregonian says:

The following special dispatch received last evening contains information of great interest to the people of Oregon:

FRANKFORT, Germany, Sept. 30th.

A general meeting was held here to-day of the bondholders of the Oregon and California Railroad at which bonds amounting to \$2,811,100 were represented. A resolution was adopted by a large majority, approving proposals for acquiring and completing the Oregon Central railroad and accepting the financial propositions connected therewith.

**ANOTHER INDIAN RISING.**

**Trouble on the Line of the U. P. R. R.**

CHEYENNE, Oct. 4.—Ogallala reports the Indians crossing the river at 10 A. M., 5 miles east of that station. Fifty citizens in Ogallala, armed and mounted, are prepared to defend the town should it be attacked. Scouts are out in all directions.

**Many Settlers Killed.**

DENVER, Oct. 4.—The following dispatch from Wallace, Kansas, referring to the band of Indians which left the reservation near Fort Reno, is just received:

The Indians crossed the Kansas Pacific railroad Sunday morning, going north. When about 25 miles north of Buffalo station they commenced killing settlers, and so far seventeen dead bodies have been found along Sappa creek. The Indians do not go out of their way at all to kill white people, but if they meet a man on horseback they kill him and take his horse. They are now 80 or 100 miles north of the Kansas Pacific railroad, with troops pushing them pretty hard. They have killed no women or children and have not thus far mutilated the bodies of their victims. The report that Lieutenant Broderick was killed is untrue. There has been no fight since Friday, and Broderick is here, well and hearty.

CHEYENNE, Oct. 4.—An engine and engine just returned to Ogallala, say they see a trail across the track, and can see Indians on the bluffs. The troop train has not yet departed from Sydney.

OGALLALA, Neb. Oct. 4.—Indians are crossing North Platte river north of here six miles. A party of cow boys started from here this morning to scout overtook a party of Indians killing a beef, exchanged shots and made the Indians drop the beef, one horse, one mule, blankets, lariats, hats, &c. They are going north as fast as possible. Nearly all ranchmen are here with horses.

**Where the Hostiles are Going.**

CAMP ROBINSON, Oct. 4.—The five companies of the third cavalry, commanded by Col. Carlton, who arrived here some days ago, broke up camp at 9 o'clock last night to make a night march and intercept the Indians if possible before arriving at a point north of Clark's bridge, on the Sidney road. It would appear by latest information and other corroborative proof that the hostile party now pursued by the troops are endeavoring to reach the new Red Cloud agency on Wolf creek, 57 miles from Camp Robinson, if they succeed in out-marching the troops, which is not improbable, being better mounted and having nearly 300 stolen horses in their possession as reserve.

**Movements of Troops.**

SIDNEY, Neb., Oct. 4.—Maj. Thornburgh with his command, numbering about 200 men, left here on a special train at 1 P. M. for Ogallala to endeavor to stop the hostile Cheyennes. He will be joined at Julesburg by Lieut. Davis and command from South Platte. The Cheyenne prisoners, numbering about 250 persons, including 75 warriors en route for Indian Territory, who were held at this place until the renegades had passed, were disbanded this forenoon and are now in camp at Sidney barracks, guarded by Capt. Fitzgerald's company. The Indians at first refused to surrender and trouble was anticipated, but the troops surrounded them and they gave up rifles and ponies, submitting to overwhelming numbers.

**Reservation Indians and their Lands.**

Gen. Brislin estimates that there are now 92,729 Indians on reservations in Dakota, Nebraska, Iowa, Wisconsin, Minnesota, Michigan, Wyoming, Montana, Idaho, Oregon and Washington. They occupy 92,757,953 acres of land, which he would open to settlement by removing the Indians to a permanent Indian territory north of the Missouri and Columbia rivers.—Oregonian.

He, instead of homesteading the Indians, would place them all on the borders of a foreign country, where, in case of a war with England they could be turned against the whole United States.

**Announcements.**

D. W. C. Dunwell is a candidate for the office of Auditor and Recorder of Nez Perce County, subject to the decision of the approaching Democratic County Convention.
