

from Detroit, Michigan, to Boone on a Motor Cycle.

Mr. Oscar D. Nance, of Detroit, Mich., who had a small case in Watauga Superior court last week, left that city on Sunday morning bound for Boone on a motor cycle. The first day out he covered a distance of three hundred and fifteen miles, spending the night at Covington, Ky., and from day to day he continued on his journey reaching Banner Elk Wednesday evening and spent there, but arrived in Boone in time for late breakfast Thursday morning, the number of miles registered by his trusty little machine, being 800. [He says the entire trip was made without incident, not even having a puncture, but that he encountered some fearfully bad roads on the way, in some instances having to steer his machine through very heavy mud. Surely this is a traveling some. The young man reached here in good shape and showed but little fatigue as the result of his long journey.

Chronic Constipation.

It is by no means an easy matter to cure this disease, but it can be done in most instances by taking Chamberlain's Tablets and complying with the plain printed directions that accompany each package.

One Little Help.

I buy 'he helpful magazine and read it by the evening lamp, and then attach a stamp that's green a little, sticky one-cent stamp. I hand it to a postal clerk, and to some soldier it will go, and maybe cheer the hours that irk, and hearten him to face the foe. And thus, in divers little ways, we all can help the soldier lads, who'll find their ardent, toilsome days far, far, from home in foreign lands. "Here is a magazine from home," a soldier cries and wipes a tear; "some fellow with a thoughtful dome in God's own country sent it here." My aunt, whenever she has a chance, does Red Cross sewing with a bunch of kindly dames who used to prance to bridge whist game, pink tea or lunch. The hands that used to flash the cards now ply the needle fro and to, and reel off linen yards ands, which is a goodly thing to do. We all can help. If we'll but try, if not in large ways, than in small, and comfort soldier boys who sigh where surgeons walk the whitewashed hall.—Walt Mason.

Summer Complaint.

During the hot weather of the summer months some member of almost every family is likely to be troubled with some unnatural looseness of the bowels, and it is of the greatest importance that this be treated promptly, which can only be done when the medicine is kept at hand. Mr. F. F. Scott, Scotsville, New York states: "I first used Chamberlain's Colic and Diarrhoea Remedy as much as five years ago. At that time I had a severe attack of summer complaint and was suffering intense pain. One dose, relieved me. Other members of my family have since used it with like results."

\$100 REWARD. \$100.

The readers of this paper will be pleased to learn that there is at least one dreadful disease that science has been able to cure in all its stages and that is catarrh. Catarrh being greatly influenced by constitutional conditions requires constitutional treatment. Hall's Catarrh Medicine is taken internally and acts through the blood on the muscular surface of the system thereby destroying the foundation of the disease, giving the patient strength by building up the constitution and assisting nature in doing its work. The proprietors have so much faith in the curative powers of Hall's Catarrh Remedy that they offer One Hundred Dollars for any case that it fails to cure. Send for testimonials.
