up a little chapel. After a couple of nights and a day in meetings with them and baptizing three converts, Mr. Abernethy and I turned our faces for home and left Mr. Farway with two evangelists in that region for an indefinite time.

Notwithstanding our long walks and tired bodies we found joy in the midst of these hills for here are some of God's own sheep. Wherever men and women live high or low, rich or poor, in this round world we find them with a devotional and worshipful nature. So in these out of the way places among the densely ignorant God is calling some out who shall shine on forever above the brightness of the stars in His kingdom. So this is a paying business, something that will last all through eternity. What pays like reaching souls for Christ? So brethren and sisters continue with us in your interest and constant prayers. We are reaping and we shall reap, for God's word will not return void.

Yours in His service,
T. L. BLAYLOCK.

Pains Were Terrific

Read how Mrs. Albert Gregory, of R. F. D. No. 1, Blufford, Ill., got rid of her ills. "During... I was awfully weak. My pains were terrific. I thought I would die. The bearing-down pains were actually so severe I could not stand the pressure of my hands on the lower part of my stomach... I simply felt as if life was for but a short time. My husband was worried... One evening, while reading the Birthday Almanac, he came across a case similar to mine, and went straight for some Cardui for me to try.

The Woman's Tonic

"I took it faithfully and the results were immediate," adds Mrs. Gregory. "I continued to get better, all my ills left me, and I went through... with no further trouble. My baby was fat and strong, and myself—thank God—am once more hale and hearty, can walk miles, do my work, though 44 years old, feel like a new person. All I owe to Cardui." For many years Cardui has been found helpful in building up the system when run down by disorders peculiar to women.

MENTHOL FROM THE LAND OF THE CHERRY BLOSSOMS

"The pungent mint doth yield a balm that bringeth ease of pain"

GROWN in Egypt 3000 years ago, peppermint produced an oil that perfumed the baths of the Pharaohs and healed the hurts of the slaves who built the pyramids. Its virtues are described in the old Icelandic medical books of the 13th Century. Our great-grandmothers employed oil of peppermint as a favorite household remedy.

Menthol - Frozen Crystals of Peppermint

TODAY, in Japan, where the best peppermint grows, modern science freezes the oil, separating all of its real medicinal virtues into those strangely cooling, snow-white crystals called Menthol.

The United States Dispensary, authority on drugs and their uses, comments thus on Menthol—

"When locally applied it stimulates the nerves for the perception of cold, but depresses those for pain. It is actively antibacterial. It is used for its local anesthetic influence in various skin diseases accompanied with itching, such as urticaria. In headache and other forms of neuralgia the external application of Menthol will frequently produce a considerable degree of relief. It is employed for its antiseptic and anesthetic influence in in-

flammations of the upper respiratory tract, such as acute coryza, pharyngitis and laryngitis."

Menthol has much to do with the surprising efficacy of Vicks Vaporub over congestion and inflammation, skin hurts and eruptions, headache and neuralgia.

The vapors of Menthol, Camphor, Eucalyptus, Turpentine, Cedar and Juniper Tar, arising after Vicks is rubbed on, afford the most direct treatment for all cold troubles.

This vaporizing, outside treatment is the reliance in millions of American homes for croup, catarrh, bronchitis, sore throat, tonsillitis and other affections of the air passages.
