TO RE-DISTRIBUTE THE SURPLUS GOLD

SUCH STEP TO THE INTEREST OF
UNITED STATES, ACCORDING
TO STATEMENT.

DISCUSS EXCHANGE SITUATION

Should Be Utilized Through Invest-
ment in Foreign Channels, Says
Recommendation.

Washington. — The United States feels it to be its own interest that the surplus stocks of gold in the country should be redistributed and utilized through investment in foreign channels, according to a statement on the effect of exchanges on inter-American commerce made public by the United States section of the inter-American high commission.

The statement expressed the views of the American section, of which Secretary Hoover is chairman, on the international exchange situation for the information of the Latin-American sections of the commission, the interchange of views having been arranged after a meeting of all the national sections in their various capitals last month.

In its statement the American section discussed the exchange situation from the European standpoint as well as from the inter-American and United States angle.

In this country, the statement declared, the situation was unfortunate because the high premium on American exchange has attracted the gold flow of the world, resulting in overstocking beyond currency needs and a surplus earning no interest and serving no useful purpose.

"The United States," the statement said, "feels it to be to its own interest that this gold should be utilized in foreign channels, and also that it be redistributed. From an economic point of view, the method of utilization if by the investment of capital abroad, the method of redistribution should be through loans for reproductive enterprise and by specific gold loans to countries which are in

a position to undertake the re-organization of their currencies on a gold basis. The United States section regard it as mutually desirable and profitable that capital investments should be made in the other American republics where national credit rests squarely on stability in the social order.

Responsibility for the disordered world exchange situation was attributed by the statement to dislocations still existing in the whole internal economic structure and the derangements of the internal price structure. The exchange situation, the American section asserted, would improve as the world's economic recovery, especially in Europe, goes on, and particularly as price distortions disappear.

Pains Were Terrific

Read how Mrs. Albert Gregory, of R. F. D. No. 1, Bluford, Ill., got rid of her ills. "During... I was awfully weak... My pains were terrific. I thought I would die. The bearing-down pains were actually so severe I could not stand the pressure of my hands on the lower part of my stomach... I simply felt as if life was for but a short time. My husband was worried... One evening, while reading the Birthday Almanac, he came across a case similar to mine, and went straight for some Cardui for me to try.

"I took it faithfully and the results were immediate," adds Mrs. Gregory. "I continued to get better, all my ills left me, and I went through... with no further trouble. My baby was fat and strong, and myself—thank God—am once more hale and hearty, can walk miles, do my work, though 44 years old, feel like a new person. All I owe to Cardui." For many years Cardui has been found helpful in building up the system when run down by disorders peculiar to women.

So the American Mother From ALL the Ends of the EARTH

"A very present help
in time of trouble"

GATHERED with toil and peril in many strange faraway lands, the finest of earth's remedies for colds, congestions and inflamed tissues are combined in Vicks VapoRub.

Because mothers prefer this external vaporizing treatment for children's cold troubles—because it is needed almost daily for colds, pains, cuts, burns, bruises, bites and skin troubles of all the family—the use of Vicks has grown to more than 17 million jars yearly, and its making requires the big, model plant pictured below.

Menthol, Camphor, Eucalyptus, Thyme, Juniper Tar, Nutmeg, Oil of Turpentine—all good old-fashioned remedies—combined in such a way that their healing vapors are inhaled for hours after each application—these are the principal ingredients of Vicks.

Get a jar today. Melt a little in a spoon. Inhale the vapors. You'll know at once how good Vicks is. You'll want it with you always.
