

In the San Francisco Herald we find the following notice of the convention held in Tucson the 3d of July. We are glad to learn we have the sympathies of the people of California towards our long neglected and defenseless condition, and to hear from those having a personal knowledge an acknowledgement of their exertions made by our late delegate, the Hon. Sylvester Mowry, to obtain for us the extension of the laws of the U. S. We have received many evidences of his untiring efforts to obtain from Congress what we have so urgently asked for, namely, a separate Territorial organization, and the people of Arizona have that entire confidence in his ability and energy, that he has been renominated and will be elected without opposition:

"In our columns this morning will be found a report of the proceedings of a Convention held at Tucson, Arizona Territory, for the purpose of indorsing the course of the Hon. Sylvester Mowry, Delegate to Congress from the Territory. The Convention put Mr. Mowry again in nomination, and as this is but a repetition of the action of the people of the Mesilla Valley, it is to be presumed Mr. Mowry will have no competitor. He undoubtedly merits all the confidence his constituents repose in him. We can ourselves bear testimony, from personal knowledge, to his untiring efforts to obtain the extension of the laws of the United States over Arizona. To the latest hour of the last session, he was at his post working with unflinching zeal and perseverance for the organization of the Territory. The causes of the failure of his bill, it is unnecessary to dwell upon; but we have little doubt that Congress, at its next session, will at length be prevailed upon to do justice to the suffering people of Arizona. Mr. Mowry's devotion to the interests of his constituents has unfortunately involved him in a personal difficulty, to the result of which we shall look with the deepest solicitude.

A JAPAN AMBASSADOR.—There appears to be considerable doubt if the proposed embassy to the United States will take place. The conservative party who are opposed to all innovations are determined to prevent this infraction of the law, which prohibits Japanese from leaving their country. The ambassador who has been named for Washington is anxious to go, but his departure will certainly be delayed for the present at least. The frigate Mississippi will probably remain at Nagasaki until his Japanese excellency is ready to start for New York if he is permitted to go. The ambassador for Great Britain is not yet nominated.

Cap. J. W. Davidson, U. S. A., left Fort Tejon on Wednesday last with a detachment of thirty or forty men, for Owen's Lake. He will be absent about two months in making a reconnaissance of the country.

The Postmaster General has ordered of G. F. Nesbitt of New York, 1,000,000 stamped envelopes, with the new self sealing improvements. They will be furnished to the public at five cents per hundred more than is charged for the present patterns.

The Evening Post's Paris correspondent writes: "I was told yesterday that the difficulties of the Imperial Bonapartists and the descendants of Mrs. Patterson, of Baltimore, the reputed wife of the Duke of Westphalia, are in the way of being composed. The Emperor has offered to make her son Jerome a Duke, and her grandson Jerome, who graduated at West Point and is now with the army in Italy, a Count, with suitable pecuniary endowments for their rank, if they will formally renounce all claim to the name of Bonaparte.

Some idea may be gathered of the extent of the dome of the new Capitol at Washington, from a recent statement, that after much delay, an installment of iron for the interior had been received, which, when in place, would complete the first section. The installments thus included to weighed one hundred and fifty tons!

SENATORS IN PARIS.—Three Senators of the United States Congress are now in Paris—Mr. Seward, of New York, Mr. Clingman, of North Carolina, and Mr. Sumner, of Massachusetts.

It appears by the City Directory of New York that 170 periodicals daily, weekly and monthly, printed in English, German, French, Spanish, Italian, and other languages, are published in New York city.
