Letter to the People

that desire the purest food, best in quality, best variety, best service—rich and poor that pay their bills.

We find it a great pleasure to carry on our weekly system of accounts. We follow the markets of Boston, New York and anywhere that can offer us anything new and good.

We hear the remark often from the traveling public "Somers, the variety you have here is better and greater than I see anywhere. Do you have trade for it?" We say: "Norwich has a better class of people, rich and poor, than any city of its size in the United States."

Now, we desire the co-operation, the assistance of the trade in this way: We have the goods; we want your trade. We desire that should you at any time order, and by some error or carelessness of a clerk find that everything is not just right, to notify us, for we'll right the wrong and, assure you there will be no stone left unturned to make our service to you satisfactory.

Our supply of Fresh Killed Native Poultry is worthy of your attention. For specialties and fancy cut meats use our excel. We are the only firm in this city that roasts its own Coffee. They goods we carry a full line of the very best.

Three points of our business: First—Quality. Second—Quantity and variety. Third—Satisfaction. We trust that with these points in view our business for 1909 will exceed your previous year. We thank you and your patronage.

Holiday decorations are disappearing from the store windows. Monday evening's fog tended to make the skating insecure.

Clubs and fraternities which have suspended meetings during the holiday season are resuming sessions. A movement has been started in western Connecticut to have the county game clubs associated into a state organization.

Local French-Canadians have been apprised that the big annual ice carnival at Montreal will be held from February 16 to 26. This has been a busy year for eastern Connecticut trappers, who have benefited by the big sales in the cities of fur coats of all grades.

Rev. C. H. Ricketts will speak at the Central Baptist church this evening—adv. Anti-profanity leagues are active in the Catholic parishes this month, as January is devoted by the church to honoring the holy name of Jesus.

The Owl, which arrived at New London from New York early Monday morning, was in the sections, Saturday and Sunday travel was very heavy. According to the weather report December was almost equally divided between clear and cloudy. Twelve clear days, ten cloudy days and nine half and half, is the record for the last month.

It is noticeable that fewer dogs are taken on trains since the New Haven road is enforcing the rule that Fido or Rover must pay fare at the regular rate, as excess baggage, and ride in the baggage car.

Don't forget the social of the 3d Co., formerly Co. A, Thursday eve, Jan. 7, at Armory—adv. Rev. William R. White, the new pastor of the Congregational church of Ledyard Center, baptizing 18 candidates at the morning service Sunday, one of the largest additions ever made to the church at one time.

Norwich alumni of Holy Cross college have been notified of the death on Wednesday and the funeral Saturday of Francis P. McKeon, supervising principal of the Milbury street school district, Worcester, Mass., a brilliant writer, lecturer and educator.

G. HERBERT RICH WILL PLAY IN FLORIDA. Leaves Friday as Member of Orchestra at Morton Plant's Hotel Bellevue at Belleair.

On Friday there will be a number of prominent musicians of this county leave for the south, when G. Herbert Rich of this city, the orchestra, Messrs. John R. Smith and Horace Beebe of New London will leave New London for New York from where they will sail on the Clyde line steamer Moskawk for Belleair, Florida.

In the party there will also be Clarence Smith of Boston, Messrs. Philip Phillips, Beebe, Booth and Bell. The music at the hotel was under Mr. Phillips' direction.

Ever since The Griswold, Mr. Plant's fine hotel at Eastern Point, was opened, the Standard orchestra under Mr. Phillips' leadership has furnished the music at the hotel and several seasons at the old Fort Griswold house the orchestra at the hotel was under Mr. Phillips' direction.

The music has always been excellent, and Mr. Phillips and the other members of the orchestra have always been accommodating. Hence, Mr. Plant's decision to have the same orchestra at the Bellevue, where the music and the unusual arrangements have not always been wholly satisfactory.

W. J. Fleming, who is manager of The Griswold, is also manager of the Bellevue, which is one of the most finely appointed of the winter hotels in the south. The orchestra will be composed of Glenville V. Phillips, pianist; John R. Smith, clarinetist; Horace W. Beebe, cornetist; G. Herbert Rich, violinist; and Clarence Booth, cellist. The guests at the Bellevue are certain of up to date, tuneful music for the season of 1909.

Mr. Rich will be missed from the Broadway theater orchestra, where his playing is always one of the big and satisfying attractions.

NORWICH OFFICER BEFORE THE RETIRING BOARD. Session Held at Armory on Monday Afternoon, But No Decision Given.

At 2 o'clock Monday afternoon there was a meeting of the retiring board of the Coast Artillery at the local armory. The session lasted less than two hours. The board is composed of Colonel Gilbert L. Pitch of Stamford, Lieutenant Colonel H. S. Dorsey and Major Hadley A. Hull of New London, who were present in full dress uniforms.

The board came here for an inquiry into the case of Lieut. Earl A. of the Fifth company, because of the recent cases against him in the city court because of family troubles. The board made no report of its decision, it being submitted to the adjutant general through the regular military channels. The board has the power to cause the retirement of officers upon finding sufficient cause. There were several witnesses before the board in regard to matters upon which the hearing was held.

LOCAL W. C. T. U. Organization Has Balance on Hand of \$514—Work of the Year. The annual meeting of the W. C. T. U. was held Monday afternoon at the United Workers' rooms, with the presentation of reports, but no election was held, as the nominating committee was not quite ready to report, and the election was put over till the next meeting.

Mrs. T. A. Perkins, the president, called the meeting to order at 8 o'clock and Mrs. Dodge offered prayer. The corresponding secretary, Mrs. S. Howard Meade, was unavoidably absent, so that her report was not given, and Mrs. J. J. Fields read the minutes of the last meeting in the absence of the secretary, Mrs. M. E. P. Ricker. J. M. Huntington reported on medical temperance, showing much literature distributed, but with hardly perceptible results.

For L. T. L. work, Mrs. J. J. Fields reported, speaking of a successful valentine party, and the part the children of the county home had taken in the state convention here. She also reported for the press department. The parlor meeting report was omitted because of the absence of Mrs. Mead, but Miss H. G. Cross reported on franchise and for the literature committee, showing 150 voters had been made since the last report. She also made the treasurer's report, showing \$325.55 spent during the year, with a balance of \$14.67 on hand.

Mrs. Fields reported for the Ys, of whom each member had given something for a Christmas present and 17 for the Ys. The reports were all accepted. An interesting article upon the beginning of Miss Whitaker's work for temperance was read by Mrs. Lucy Forbes. After Mrs. Perkins had urged all to take the Union Signal, that they be members of the world-wide work for temperance, the meeting adjourned with the doxology.

OBITUARY. Whitaker Whitehead. Taken to Insane Hospital. On Monday afternoon Deputy Sheriff Draper took Patrick Coughlin, aged 24, to the insane hospital at Danville, set from police headquarters. He was in a dangerous state, it was claimed.

Bought Kosakov Stock. The firm of H. & R. Blinderman has purchased the stock and some of the fixtures of Louis Kosakov of Franklin street, whose application for a renewal of his license was recently refused by the county commissioners.

ALLEN-BEEMAN CO. EXPAND

Capital Stock has been Doubled and Adjoining Property in this City Has been Leased, with Present Quarters—Refrigerating Machines to be Installed Doing Away with Ice.

As the result of a recent meeting of the stockholders of The Allen-Beeman company the capital stock of the company has been doubled and a lease of the present quarters and adjoining building taken for a term of twenty years. Plans were then decided upon for a complete alteration of the present cold storage plant of the company here, the fitting up of the newly leased building for a similar purpose, and the installation of a refrigerating plant for both buildings, which will do away with the ice, the storage rooms to be kept cool by brine and ammonia, the same process as used in an artificial ice plant, except that no ice will be made here. In this instance the brine will be used to cool the rooms instead of freeze water.

Work Has Been Started. Work has already been started on some of the changes which will be made, but the entire work will not be completed until about April, 1910. The present building, a three story brick structure at Nos. 33-35-37 Commerce street, occupied by the company since 1897, which has been used as the ice room, it being kept filled with ice for refrigerating purposes, is to be used hereafter as the room for the storage of eggs, it being possible to get 8,000 cases in there. The ice tanks have been taken out, and the channels and pipes are being taken out, and where they extend below the floor will be filled with a concrete filling in the middle floor of the building. On the upper floor are now stored eggs, butter and cheese while on the ground floor will be stored the additional 35,000 cases, it being possible to get 150 cartloads of goods in the changed plant.

Large Elevator. A lease of the present quarters and of the building adjoining on the east, No. 41 Commerce street (at one time occupied by C. J. King and the Norwich Grain company) has been taken for a period of twenty years. On the main floor there will be an arch cut through, connecting both buildings, and the office, which is now in the rear of the present quarters, will be moved to the Commerce street front of the new building, the present office being used as a receiving room. There will also be a hole cut through the dividing wall, so that the elevator, which will be increased in size, will serve for both buildings. It will be a direct connected electric elevator of 3,000 pounds capacity.

The roof of the new building will be raised to the height of the present building, making three stories available, and all of the building except the office will be arranged for cold storage. The floors will be made to conform to the present quarters.

Two Ice Machines. To accommodate the refrigerating machines, a brick addition a story and a half high and 12x27 will be built at the rear of the present building, while there will also be erected a garage 18x 12.

INSTALLATION OF OFFICERS OF UNCAS LODGE. Deputy John A. Peck Does the Work With Capable Assistance—Frank Tuttle Noble Grand.

son as grand secretary, Herbert Willey as grand financial secretary, James Harvey as grand treasurer, and Henry Hirsch as grand chaplain. The impressive ceremonies placed the following in office: Mr. G. Frank Tuttle; V. G. George Burdington; recording secretary, John F. Amburn; financial secretary, James H. Smith; treasurer, P. E. Goss; grand warden, W. S. Allen; warden, Edward S. Hinckley; conductor, Walter Crooks; O. G., William E. Mayo; I. G., William H. Aldrich; B. S. G., James W. Spicer; E. S. G., George Wilson; chaplain, Henry A. Griswold.

One new name was voted in, and after the installation a supper of escargots, oysters, doughnuts, coffee and cheese was served, followed by a number of interesting views shown by Herbert Willey with a new kind of electric lantern.

Police Getting More Pay. When the police received their monthly pay on New Year's day it marked the ending of the old salary schedule and on the first day of the month of February they will receive their increase which was voted by a recent meeting of the court of common council. This is, of course, very pleasing to those affected.

Seen on Vaudeville Stage. William Potter returned here Saturday evening after a trip of two weeks through New England. He has been playing at vaudeville houses in Manchester, N. H., and Webster, Mass., and has been very successful. He goes to Boston again this week for similar work.

1909 Club. The club of young men which takes its name from the year has revived and reinstalled the old club rooms in the Cook building in Broadway. The rooms are being fitted up and the 1909 club will soon be going full blast.

Attempt to Break In. An attempt was made to break into the store of Miss Edie Henderson, corner of High and Superior streets, on Friday night, but it is believed the party was frightened away after the window had been broken. Nothing was missed in the store.

Theodore Stead of Columbia college has returned to his studies, after the holiday vacation spent with his parents, Mr. and Mrs. George O. Stead of West Town street.

Miss Katharine E. Brown, daughter of Rev. and Mrs. Edward Brown, of Otis street, has returned to New Britain, after spending the holiday vacation at her home.

A delightful subscription dance, for which Robert Johnson of Union street was chairman of the committee of arrangements, was held at the Norwich club house Monday evening. Miller's orchestra furnished music and refreshments were served.

Thames Past Grand's association was formed at Groton Saturday afternoon, the membership including the past grands of New London, Norwich and Groton Rebekah lodges. Mrs. Dora C. Hall of Groton, president of the Rebekah state assembly, instituted the association. There were 12 members signed on the charter list. Officers were chosen as follows:

President, Mrs. Mary Ford, Orient; first vice president, Mrs. Mary Power, Home; second vice president, Mrs. Mary Greene, Hope; secretary, Mrs. Carrie Leach, Progress; treasurer, Mrs. Sarah Potter, Osprey; first marshal, Mrs. M. Louise Johnson, Osprey; assistant marshals, Miss Teresa Newman, Orient; chairman, Miss Jessie Bonner, Osprey; inner guardian, Mrs. Sarah Adams, Orient; pianist, Mrs. Lena P. Wilbur, Osprey.

Finance committee—Mrs. Sarah Adams, Orient; Mrs. Harriet Crosby, Osprey; Mrs. L. J. Denison, Home. The membership includes twelve past grands of Orient and Osprey lodges of New London, two from Home lodge of Groton and five from Hope lodge of Norwich. The object of the association is to promote friendly relations between the lodges in this section. The next meeting will be in Norwich on the first Wednesday of the month.

The members from Hope lodge of this city are Mr. and Mrs. F. E. Green, Mrs. Minnie Amburn, Mrs. Fannie Spalding and Mrs. J. J. Pearson. After the meeting in Norwich the next two monthly meetings will be with the lodges in New London.

AT THE AUDITORIUM. Vaudeville and Motion Pictures. Capacity houses were the rule at Shesby's theater at all performances Monday afternoon and evening, with everyone going away satisfied with the bill of vaudeville and moving pictures put on for the week. The competition for the week of the same old variety that pleases such a one present.

There's plenty to laugh at both in the lines and in the dialogue in the comedy sketch put on by William Murphy and company. In the first act two backcountry politicians, both running for the same office, both Mr. Murphy and Mr. Willman are true to life and Mrs. Harshall in the title part, the Frodoal girl, is well suited to the character. The same old variety that pleases such a one present.

Kaiser's comedy does are back for a third engagement and received a warm welcome. These ten little plays fill their part of the bill with fun and their master does some taking work on the benches. May Melville, singing comedienne, scored a hit with her graceful dancing and singing several numbers and was called out to bow her admirers in lieu of repeating her dances. Miss Mae Crocker, the popular soprano soloist, is heard with great pleasure in the numbers sweetly sung, the first being "Childhood" and the second My Dream of the U. S. A., with some patriotic pictures that proved to be of much interest.

Both Norwich Companies RECEIVED HIGH MARK. Inspector General Schulze's Reports Show a High Average—Fifth Company Receives Marker.

As the result of the recent inspection of the two local companies the report of Inspector General Schulze gives both the Third and Fifth companies a high standing. The average will be way up high and thoroughly satisfactory to the local commanders. Some one company throughout the ham many show a better average but here it is one to be proud of.

The Fifth company has received from the adjutant general's office an engraved marker which is attached to the shield by two chains to indicate the hours of the company's service. The same company, charged to the Thirteenth, held it in 1907, the marker being 71.98, while in 1908 the Fifth company has it, the marker being 80.35.

DIED FROM INJURIES RECEIVED AT THAMESVILLE. Manuel Loppa Passed Away Early Monday Morning at Hospital.

He had concussion of the brain and spine. The body was taken in charge by Undertaker Bourigan and removed to his morgue.

It is believed that the man has some relatives in Boston, and Claims Agent Forrest Sheppard was called Monday in connection with the case in the interests of the company. The man may have been believed to be Manuel Loppa. Some of his relatives were expected Monday night on the boat train, but they did not come. They may be here today.

Arrested in Occum. On Monday Policeman Henderson was sent to Occum to arrest Paul Peaster, he being charged with breach of the peace. It is claimed that a companion went into the home of Joseph Simosir on North Main street, of High York, and desired money of the man and his wife, having struck and choked the wife, after which she disappeared on a car. Mr. Simosir identified Peaster as one of the men.

Fined \$1 and Costs.
