Best for Men, Women and Children—Young and Old. To get its Beneficial Effects Always buy the Genuine which has the full name of the Company CALIFORNIA FIG SYRUP CO.

WESTERLY LIQUOR CASES Continued in Third District Court on Friday—Town to Contest Courtland P. Chapman Claim—Mail Hour Changes Not Satisfactory to Hopkinton and Clark's Falls—Boston Detective Looking Up Horse Thief—William H. Girven's Death.

There was a large attendance at the regular session of the Third district court, Friday, in anticipation of the trial of the liquor case charged against E. Galtz. After the reading of the docket and the continuation of several cases from one to two weeks, Judge Oliver H. Williams ordered recess for half an hour at the request of officers representing the state.

When the case against Oliver E. Galtz was called, George H. Huddy, Jr., of Providence, who has been engaged to assist Town Solicitor Kingsley in the prosecution of the case, asked for continuation of one week. He stated that an important witness in the case, William Archie, who was summoned to appear a week ago, when the case was assigned for trial, and who had not been excused, was not present, and he did not think the state ought to go on with the case without him.

Mr. Ledwith said he was prepared to proceed with the trial and objected to the continuance of the case. Judge Williams stated his familiarity with the travel of the case, and that in his opinion the request of attorney for state asking continuation for reason stated was reasonable, and was therefore granted.

The town council has decided to construct a trolley car to Westbury, N. H., which will be used to run the cars to the terminal of the Norwich-Westerly road in Broad street, and to unload the brick at that point. As it is a short haul from there to the Champlin lot it is believed that unloading can be done in front of the Westerly high school building without inconveniencing the public traffic.

By reason of improved transportation facilities the Westerly high school building is made possible, as the expense of transportation in the old way would have made it unprofitable by reason of the increased cost.

Appeal was taken from the decree of the town council in accepting the report of the engineer of the road, on account of irregularities in legal form. The superior court sustained the appeal, and the preliminary plan of the road was then executed in the required legal form. As all efforts to effect a settlement have failed, the case will now be tried out in the courts.

As a precaution to public safety, the trolley cars will be required to stop at points at least twenty feet above or below the crossing at the foot of Union street in Broad street, and at the edge of the crossing as heretofore.

Town Solicitor Kingsley has been instructed to call the matter to the attention of the officers of the Norwich & Westerly Street Railway Co.

The air equipment of the car leaving Westerly Friday morning at 11.30 for Ashaway became disarranged as the car turned into Railroad avenue. The result was suspension of business on the Ashaway and Westerly to an hour, and the car was held at the freight car on the assistance of the Ashaway car, but there was trouble in making satisfactory repairs to the disabled car from the main line. The big freight car finally made connection and started to push the Ashaway car down the tracks in Canal street. After going about twenty feet the big iron trailing bar broke, and another long delay threatened.

Albert Clark, an electrician of the company, boarded the disabled car, made an examination and a few adjustments and then calmly said: "There's nothing the matter with this car now." Superintendent Cousins gave whispered instructions, the motor man and conductor took their positions, and the car went whizzing down to the Broad street terminal to resume trips on schedule time.

The change in the mails to Ashaway, whereby they are sent from the Westerly postoffice at 7 o'clock in the morning, or two hours earlier than usual, by the Ashaway and Westerly trolley road, is not favored by residents of Hopkinton and Clark's Falls, under the new arrangement no mail reaches them from the east until twenty hours later than before the change was made.

The eastern mail arrives in Westerly at 8.20 and mail sent to Ashaway on the 8.30 car, and taken from there by regular delivery at 10.15 for Hopkinton and Clark's Falls. Now this eastern mail does not arrive in Ashaway until 11.30, or over an hour after the departure of the mail wagon for Hopkinton and Clark's Falls, so the mail remains until the following day. It is therefore probable that there will soon be other changes in the mail schedules between these places.

There was a detective from Boston in Westerly Friday, making inquiries concerning William Albert Keyser, the horse thief, now awaiting trial in the Washington county jail under the assumed name of Albert Fuller. The detective was here investigating horse thieves that had been committed in Massachusetts. He examined the contents of the traveling bag found with Keyser at the time of his arrest in Stamford, and became satisfied that he was the fellow who committed the thefts in Massachusetts.

The dates and places in the Keyser memorandum were identical with those in which the theft of horse were committed, and there was other documentary proof that connected him directly with the crime. The police departments of some of the larger cities, including New York and Boston, were taken special interest in this particular matter, believing that Keyser has stolen more horses and carriages than any other man in the country, and he hopes to locate the men who made it a part of their business to receive and dispose of the stolen property and share in the proceeds.

The Blood is the Power That Defends the Body

This is the greatest and most important discovery of modern medical science. It ranks with the discovery of the circulation of the blood, which was made centuries ago.

The blood protects the organs and tissues from disease, but it does so only when it is healthy itself. Healthy blood is pure blood, and at no season is it more necessary than

when there is so much exposure to disease germs. Hood's Sarsaparilla makes healthy blood. It is the medicine that purifies and enriches the blood and makes it normal in red and white corpuscles and all other constituents.

It cures all humors and eruptions, eczema and rheumatism, relieves that tired feeling, restores the appetite, cures paleness, weakness, nervousness, and builds up the whole system.

Best Blood Medicine. "I have taken Hood's Sarsaparilla for a great many years, and I think it the best blood medicine in the world. I use it spring and fall. This last winter and spring I was in very poor health.

"I was weak and had lost all my appetite and I was all run down. As soon as I began taking Hood's Sarsaparilla my strength came back and my appetite returned.

"I am now a well woman and can go about my household duties. I no longer have that tired feeling." Mrs. Marion Bruce, Cumberland, Me.

Begin taking Hood's Sarsaparilla today, in usual liquid or tablets known as Sarsatabs.

discontinued. Representatives of the Connecticut company, say the statement is without foundation.

Seymour.—A force of bricklayers in the employ of the Torrington Building company, has come to Seymour, to work on the new freight depot at the north end of Franklin street. The new depot will be completed and ready for occupancy, it is expected, by June 1st.

Jewett City. (Continued from Page Two.) Town, Jewett City, Norwich Town and Plainfield attended the funeral of Mrs. Charles Button in Yantic cemetery, Norwich, on Friday afternoon.

The body was taken from the undertaking rooms at the cemetery, where prayer was offered and scripture read by Rev. Donald E. MacLane of Tatville. The bearers were Everett Babcock, Arthur Frank and Carl Durr. Mrs. Button had two brothers who survive her, Martin and John Durr of Versailles, and two sisters, Mrs. Ellen Babcock of Jewett City and Mrs. Rose Ballou of South Windham, besides her immediate family. There were a number of beautiful flowers.

Improved by Hospital Treatment. Dr. S. H. Holmes went to Norwich on Friday and returned with John A. Owen, who has been in Backus hospital for several weeks. Miss Ella Jarvis returned recently, also. Both patients are gaining in strength.

Borough Notes. Mr. and Mrs. E. A. Faust are away on a trip. E. A. Faust has been appointed a trustee of Slater library, the vacancy being caused by the death of E. M. Swift.

Sunday morning at the Congregational church Rev. W. H. Gane's subject will be "The Christian's Duty." In the evening there will be a union service under the auspices of the W. C. T. U., the speaker to be Rev. W. S. Macville, associate secretary of the State Temperance union.

At the Baptist church Rev. E. W. Potter's morning subject will be "The Rejected Savior."

The famous Peak Sisters visited Jewett City Friday night on one of their annual tours, stopping at the Congregational vestry, where they gave a laughable entertainment. Soloists were: Araminta, Marguerite Bliss; Betsy, Mabel Wilcox; Dorothy, Mary Gane; Eliza, Marian Paul; Lucy, Deborah Burson; Nancy, Marian Robinson; Polly, Esther Harris; Rhoda, Alice Hull; Sophrony, Wattle Stetson; Minnie, Hazel Hull. Their songs and speeches, combined with the quaint costumes, caused much amusement, as did their orchestra. A social time with games and music followed the programme. The entertainment was arranged by Miss May Gane, chairman of the floral committee of the Christian Endeavor society. The proceeds to be used for Easter flowers.

Illustrated Lecture at Baptist Church. The illustrated lecture on Ellis Island given by Rev. H. B. Rankin of Noank in the Jewett City Baptist church on Friday evening under the auspices of the Mission band was fine. Mr. Rankin had eighty slides and showed the emigrants from the old country, takes them aboard the vessels, shows their occupation of the steamer, comes up to the docks, sorts them out and takes them to Ellis Island, where the examinations, physical and moral, were shown at length. He gave pictures of the different types of immigrants and of the different nationalities in this country. Hymns and the scripture lesson were read from the screen also. Charles Irving Babcock preached a little sermon before the collection was received.

STAFFORD SPRINGS. Residents of West Stafford Erect Trolley Station—Seniors' Home from Washington.

Residents of West Stafford are building a trolley waiting station at the Grandway station in addition to a room for passengers, there will be a platform for loading and unloading freight. The expense of the building is borne by private individuals, and the railroad company will pay for the lighting.

The high school class has returned from its trip to Washington, D. C. C. C. Gilligan, bookkeeper at the Faulkner mill, is working his notice, and will be in the office of the Central woolen mill.

William Comins, son of Dr. A. O. Comins, is again ill with intestinal trouble.

Dr. C. E. Newton is recovering from several days' illness with grip.

The meeting of the Stafford Springs Agricultural society will be held in the office of R. H. Plisk this (Saturday) morning.

GOOD TASTE DEMANDS IT. Porcelain, Not Ugly Metal, is Proper Filling for Teeth.

DR. JACKSON PRACTICES THIS MODERN DENTISTRY. Everybody Can Possess Teeth of Natural Beauty—No Pain.

In this day of Porcelain Dentistry one who suffers the disadvantages of an unsmooth and unsightly set of teeth is his or her own worst enemy. It is the intensest desire of every well-to-do person to have a set of teeth which very often extend even to a serious degree. A person who rather than open his mouth to talk, thus exposing the decayed condition of his teeth, does not enter in a conversation, is often mistaken for ignorant, or so to speak, a dummy. Still this same person may be the wit of his company, a brilliant man or woman, and is sacrificing the opportunity to "make good" simply because of self-consciousness or rather consciousness concerning the repulsive or detectable false set of teeth he so hesitantly attempts to hide. Such a person is his own worst enemy. Since the inception of the practice of Porcelain Dentistry in this city by Dr. Jackson at the King Dental Parlors many people have been released from the bondage of poor teeth to find life far more worth living, for their teeth are not only a means to health, but to social aspirations as well. The "old school" dentistry was all right. It served its purpose of providing teeth to masticate with, but it did not go far enough to restore the natural beauty of the mouth. This is the mission of Porcelain Dentistry to give you a set of teeth either by filling process, inserted a tooth or bridge-work that will so closely conform to nature as to be absolutely non-detectable. No gold or metal of any kind is used in the practice of this modern dentistry, for metal is in strong and ugly contrast with the color with which nature has endowed the teeth, but Porcelain is nature's counterpart and while shades of teeth vary Porcelain is by a unique and practical process baked so as to exactly duplicate your teeth will be perfectly matched. In this way you are, through Porcelain Dentistry, given a set of non-detectable and teeth that you are glad to show. If you are the possessor of bad teeth, don't remain in the purchase class any longer, but act at once, for you're robbing yourself of much of the good in life. You will find it one of the greatest reliefs you've ever experienced to be able to talk and smile without that ever uneasy sort of feeling that the one you are addressing is looking critically at your teeth. Porcelain Dentistry is for you because it is the dentistry that will do the most for you. The methods employed in the practice of this dentistry are painless. No long drilling or amalgamating—the operation is rapid and does away with the pain and discomfort of the old time methods. Dr. Jackson would like to have a talk with you about your teeth. He will tell you without cost what he can do for you. Visit him at the King Dental Parlors, Franklin Square, over Somers Bros., any day or evening. You ought to know about Porcelain Dental work, he is the one to tell you in this city. feb23TuThS

ROYAL GRAPE BAKING POWDER. Absolutely PURE. The only Baking Powder made from Royal Grape Cream of Tartar. Makes the finest, most delicious biscuit, cake and pastry; conveys to food the most healthful of fruit properties.
