BIG MISSIONARY CONFERENCE.

Four Addresses by Prominent Men at the Broadway Congregational Church Listened to by Large Congregation—Drs. Stunts, Gifford and Adams Heard—Dr. Davis' Paper Read by Rev. Mr. Bacon.

There was a suspicious opening of the missionary conference at Broadway Congregational church on Friday afternoon with a manifestation of much interest shown by the large attendance which comfortably filled the main part of the church.

The conference is favored with an unusually interesting list of speakers, whose addresses were followed with marked attention.

Dr. M. S. Kaufman presided at the afternoon session with Scripture reading by Rev. W. T. Thayer and prayer by Rev. Dr. S. H. Howe.

Rev. Dr. S. H. Howe, from Greenfield, Key Mountain, was sung, and Rev. Homer C. Stuntz, D. D., first assistant corresponding secretary of the board of foreign missions of the Methodist Episcopal church, was presented by Dr. Kaufman as one who has had eight years' service in the mission fields of India, and he in the Philippines.

Dr. Stuntz, whose subject was "The Church, Its Mission and Equipment," said that it was large enough to consume many conferences. The world-wide mission work was given when the first message was given in Abraham to go forth and carry out the redemptive power. Much is heard of the new world consciousness, but it was not new to Abraham, Daniel, or Joseph.

There has been an astounding transformation in the world's view of the world's mission, but there are men at the outposts in all countries trying to realize the God-given mission.

There are millions as leaders, teachers, etc., who
