**WILLIMANTIC.**  
WILLIAM C. LYMAN  
Appointed Trustee of F. G. Taft Machine Company's Estate.

The first hearing of the creditors of the F. G. Taft Machine company was held before Referee in Bankruptcy A. J. Bowen Tuesday forenoon in the Board of Trade room. The hearing was a number of creditors were present, Attorney William A. Arnold appearing for some and Attorney Frank Burgess for others.

At first it appeared that there might be a contest over the appointment of the referee, Judge Arnold representing one faction and Mr. Kirby, through his attorney, another. The judge objected at the outset to the claim of the G. J. Kirby company being considered as a claim against the bankrupt company and requested that he be heard on the matter later. Mr. Kirby gave notice of an objection to Judge Arnold's voting on the Brown and Sharp's claim. A conference was at last decided upon and Judge Arnold, Attorney Burgess, J. J. Kirby and William Vanderman amicably settled the matter for the time at least by agreeing to the appointment of William C. Lyman as trustee of the estate and stated their decision and as no one opposed and Judge Bowen said that he thereupon appointed him.

Judge Bowen said that the matter of the appointment of a trustee was up to him and that he would appoint them later. A number of the creditors present took it upon themselves to suggest names of various men to act in that capacity.

**"The Dollars of the Daddies"**  
You know how hard they were earned, how carefully they were husbanded, how judiciously they were invested.

The dollars grew into hundreds, the hundreds into houses, into farms, into wise and profitable business investments. These "dollars of the daddies" are the basis of our present prosperity. They were not lured into speculation, or into risky investments. The "daddies" demanded security and accepted the returns absolute safety gave.

What about your dollars? Are they absolutely safe? Make them so by starting an account with this institution at once and allow your mind to be relieved from all attendant worries occasioned by questionable financial deals.
