

MORE PINKHAM CURES

Added to the Long List due to This Famous Remedy.

Camden, N.J.—"It is with pleasure that I add my testimonial to you already long list—hoping that it will induce others to avail themselves of this valuable medicine, Lydia E. Pinkham's Vegetable Compound. I suffered from terrible headaches, pain in my back and right side, was tired and nervous, and so weak I could hardly stand. Lydia E. Pinkham's Vegetable Compound restored me to health and made me feel like a new person, and it shall always have my praise."

Mrs. W. P. V. Lutz, 902 Lincoln Avenue, Camden, N.J.

Gardiner, Me.—"I was a great sufferer from a female disease. The doctor said I would have to go to the hospital for an operation, but Lydia E. Pinkham's Vegetable Compound completely cured me in three months."

Mrs. S. A. Williams, R. F. D. No. 14, Box 89, Gardiner, Me.

Because your case is a difficult one, doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has cured many cases of female ill, such as inflammation, ulceration, displacement, fibroid tumors, irregularities, periods, pains, backache, that bearing-down feeling, indigestion, dizziness, and nervous prostration. It costs but a trifle to try it, and the result is worth millions to many suffering women.

Westerly's Carnegie Medal Candidate

James Geary Rescues Harold Ahearn from Drowning—Chase Restaurant Closed by Attachment—Supreme Court Cases of Local Interest—Judge O. H. Williams Head of State Elks—Methodists Celebrate Pastor's Reassignment.

The case of John V. Welford, chauffeur for the McKee family of Pittsburg, appealing from decisions rendered in favor of Frank Collins, was heard in the supreme court Monday.

Two complaints were brought against Welford for violating the automobile laws and he was found guilty in the Third district court.

The matter was argued in the supreme court upon the defendant's position to establish the truth of his bill of exceptions.

Howard M. Chase seems to have a sort of kaleidoscopic experience in the restaurant business in Westerly.

It is said that all the furnishings in the restaurant, except some amounting to \$20 in value, were owned by the real owner of the place, W. A. Main of Wakefield.

Supreme Exalted Ruler Holden of the Benevolent Protective Order of Elks, has appointed Judge Oliver H. Williams of Westerly district deputy.

James Geary, known about town best by the nickname "Betty," did a heroic act Tuesday morning, rescuing Harold, the fifteen years old son of Thomas A. Ahearn, from drowning in the Pawcatuck river.

That new road to North Stonington has been completed, but is unnamed.

Miss Ethel Irene Brown, instructor of music in Susquehanna university, Edinburg, Pa., is spending Easter vacation at her home in Westerly.

Increased business for the Atwood Machinery company, Mystic, has made arrangement of the plant necessary and the work will be soon commenced.

Dr. Michael J. Nestor of Providence, formerly of Westerly, had charge of the tubercular exhibition in Providence Tuesday.

Howard Ellven, night foreman of the Groton-Stonington trolley car house at Mystic, has resigned and has been succeeded by Louis Haymon, a conductor.

This early people in the Ashaway section are employed at a deficient trolley service, and all because a single truck car has been substituted for the double-tracked car of the Norwich Westerly line.

At the annual meeting of the Monday club these officers were elected: Mrs. Frederick C. Buffum, president; Mrs. John Champlin, vice president; Mrs. Joseph L. Peacock, secretary; Mrs. O. Byron Cottrell, treasurer.

Mrs. Michael Burns of Stonington, and Mrs. P. G. Johnson of Wakefield, N. J., were guests of Miss Bridget McGlynn, housekeeper for John F. Wose at Mystic, Monday.

Glastenbury—Some unusually large freights are being landed by the New York boat at the Glastenbury dock this spring.

Derby—Rev. Walter Chamberlain, a superannuated Methodist minister, died at his home, 171 Caroline street, Sunday his home, 171 Caroline street, Sunday his home, 171 Caroline street.

Bethel—The question of consolidation of the town and borough is to come before the voters at the coming borough election.

The Albert B. Collins case was before the supreme court Monday and judgment was given adverse to Mr. Collins.

There were two charges against him originally, one with keeping intoxicating liquors for sale and the other with maintaining a liquor nuisance.

These cases were brought about three years ago and the first charge has been fully satisfied.

John W. Sweeney, counsel for Mr. Collins, was given hearing on the defendant's position to establish the truth of his bill of exceptions.

Wallingford—Walter Bailey, son of E. E. Bailey, has left for Nevada, where he expects to locate. He will go into the railroad business.

New Haven—Attorney Walter M. Pickett, son of Colonel Pickett, has been appointed assistant state's attorney by State's Attorney Arnon A. Aling.

PORTLAND, MAINE, CHILD Ill, Weak and Emaciated, Restored to Health by Vinol

"Our little daughter, six years of age, after a severe attack of the measles, which developed into pneumonia, was left pitifully thin, weak and emaciated. She had no appetite, and her stomach was so weak it could not retain food. She lay in this condition for weeks, and nothing the doctor prescribed did a bit of good, and we were beginning to think she would never recover."

"At this time we commenced to give her Vinol, and the effect was marvelous. The doctor was amazed at her progress, and when we told him we were giving her Vinol, he replied, 'It is a fine remedy, keep it up.' We did so, and she recovered her health and strength months before the doctor thought she could."

J. W. FLAGG, Portland, Me.

Vinol cures conditions like this because in a natural manner it increases the appetite, tones up the digestive organs, makes rich, red blood, and strengthens every organ in the body.

The neighbors in the vicinity of the billboard near the hospital entrance were notified, but it is unnamed.

Dr. Vertebator Says—"Don't Use Poisons Deleterious."

In treating scurfous hair it is of vital importance that the agent be employed should be absolutely non-poisonous, antiseptic and germicidal because if it is not so with treatment as it will produce new scales or dandruff.

Dr. Vertebator, the prominent physician, says—"For several years I said in my patients, 'Don't use poisonous dandruff because they are bound to do harm. I have found Dr. Vertebator to be absolutely non-poisonous, antiseptic and germicidal. On account of these qualities, it is distinctly beneficial to the skin and under no circumstances can it produce scales or dandruff. I have used the preparation in my practice for a number of years, and find that the principle of its chemical and physiological action is sound. I consider it the only satisfactory method for the removal of scurfous hair.'"

The Materials Are Better. And, therefore, P. & G. Naphtha Soap is better than any other naphtha soap.

We are quite willing to tell you what P. & G. Naphtha Soap is made of. Coconut oil is one ingredient. Tallow is another. Naphtha is a third. Caustic soda is a fourth.

Most soap manufacturers think that coconut oil is "too good" to be used in making a laundry soap.

Perhaps it is. But as there is nothing else that is "just as good", we use it. Coconut oil yields a remarkably profuse lather. It is a wonderful cleanser.

The naphtha in P. & G. Naphtha Soap is important. It loosens the dirt. The other ingredients cleanse.
