

RIVERSIDE PARK AT WESTERLY

To be Utilized for Season's Ball Games—Geo. A. Nelson Fined for Taking Oysters from Private Beds—Demonstration of Narrow Fabric Loom—Physicians in List of Motorists.

It is practically decided that the once abandoned baseball field at Riverside park is to be utilized for the national game. The passage of the Oak street grounds for baseball purposes by the erection of a permanent grandstand, the probable utilization of the beach street grounds for industrial purposes, and the long distance of the beach street grounds from the business center, have resulted in the selection of old Riverside park, now principally owned by Italian residents. The location is almost as convenient as the Oak street field, and already the work of putting the grounds in shape for the baseball season has commenced. The Canal street side of the lot is being fenced in so as to make a main entrance on that street, and a suitable skin diamond is being laid out. The old diamond has been ploughed and is to be rolled down hard and made as even as possible. It is expected that all home games of the Connecticut-Rhode Island and International leagues will be played on the Riverside grounds.

There are no trolley facilities to the field, but the distance is not so long as it might seem. The trolley route from the business center can be covered easily in less than ten minutes. The grounds will be in good condition for practice games by the end of the week.

It is understood that the grounds have been leased by the Westery High School Athletic association. The high school boys have been practicing on these grounds of late, but while the field and diamond is being put in condition practice is being held in the contracted Oak street grounds. Mike Demoran, the heavy hitting outfielder of the Brockton team, is practicing with the boys, and at the same time assisting the regular coaches, Prof. John E. Frawley and Coach J. J. former Eastern leaguer, now a resident of White Rock.

Tuesday the Yarnigan Westery High school team defeated the Regulars in a game of seven innings on the Oak street grounds by a score of 4 to 1. At the end of the fifth inning the score stood 1 to 0 in favor of the Regulars, when Burrows was forced to leave the game to catch a train. His place was filled by Melius, but the Yarnigans began at once to straighten out his curves for four runs. The teams picked up from last year's playing and new-comers were evenly matched. The lineup of teams:

Regulars—Foley a. Burrows and Melius c. Dutton and Tuttle 1b, Melius and Howard 2b, Dunn as, Noyes 3b, Webster 4b, Howard and Taylor 1b, R. Clifford cf. Yarnigans—Wells c. Pember p. Flynn of, N. Noyes 2b, L. Foley ss, Champ-1b 3b, Wheeler 1b, Chapman lf, Butler rf. Umpire—Deo Stanton. The score:

Regulars 0 0 0 1 0 0 0—1 2 2 Yarnigans 0 0 0 0 4 0—4 8 1 Thursday afternoon the Westery High school team will play with the team from the Star theater at the Oak street grounds, for six innings.

The case of George A. Griffin against George O. Nelson was heard Tuesday in Wakenfield before Judge Nathan E. Lewis in the second district court. Nelson is charged with taking oysters from private beds in the Point Judith pond. The state's witnesses were heard, but the defendant offered no testimony. Nelson was adjudged guilty and a fine of \$20 and costs imposed. From which appeal was taken and bonds of \$200 furnished. Judge Lewis's office in Westery. It is understood that the case is to be taken to the upper courts to decide a constitutional question.

Charles P. Williams of Stonington has had one of his large automobiles converted into a sort of large, wide side capable of accommodating fifteen persons. Mr. Williams, who formerly had between twenty and thirty horses in his private stable at Stonington, has become partial to automobiles, and some time ago disposed of his large string of blooded horses. He is an enthusiastic admirer of baseball and a strong supporter of the Stonington team, and it is said he proposes to transport the members of the Stonington team in his remodeled automobile to and from the games in the Rhode Island-Connecticut league.

Upon the invitation of James A. Welch, president of the Westery Narrow Fabric company, a number of citizens interested in the establishment of the industry in Westery went to Pawcatuck Wednesday and witnessed the operation of the new loom which is to be used by this company, and which has passed beyond the experimental stage, having been in practical operation for more than a year.

The visitors were pleased with the demonstration and were surprised at the possibilities of this new loom. The quality of workmanship, the quantity of product and the cost of production all favored this loom over any other in existence, and will tend to revolutionize the narrow fabric business.

It is understood that the loom will be in operation in Westery within the next three months.

The town of Westery, according to population, has more physicians than any town in the state, which is in part explained by their practice covering a good part of the adjoining town of Stonington and other contiguous territory. These physicians all seem to have successful practices, and for some time all, save four, have been owners of automobiles. Two of these four have ordered horseless carriages for immediate delivery. It will be only a matter of a short time when the other two will join the ranks of the automobilists.

Local Laconics.

Miss Ethel Stillman is visiting relatives in Norwich. Rex Thomas O'Brien of Providence is visiting his parents in Westery. Alton T. Enos and family of New York have arrived at their Watch Hill cottage.

From present indications there will be no widening of Bay street, Watch Hill, during the season of 1909. Only four times during March was there sufficient to cause the operation of the recently installed for horn. Brucker camp, Spanish War Veterans, has a committee arranging for the first entertainment of the camp next month.

The frost is well out of the ground, but as yet nothing has been done towards paving the Stonington portion of the Broad street bridge with vitrified brick.

Miss Sarah E. Sheffield and Miss Catherine Adams of Northfield are spending their vacation from the Northfield Seminary with Mrs. F. H. Sheffield of Liberty street.

Miss Harriet E. Cottrell of Westery, accompanied by Mrs. A. N. Lewis and two sons, sailed from New York for Rotterdam on Tuesday. They will spend the summer in Europe.

Two bank books belonging to the estate of Sarah C. Galscher were sold at public auction. One on the Mechanics Savings bank with deposits of \$1,800, and the other on the Stonington Savings bank, with deposits of \$208, was sold to Attorney L. P. Hale of Providence for \$21.

Bill Collins, who claims the title of middleweight champion of Connecticut, and Young Parlo of New London, westernweight champion of Paterson, N. J., are scheduled for a wrestling bout in the Pawcatuck armory building this (Thursday) evening. Best two out of three falls to a finish, pin falls to count.

LETTERS TO THE EDITOR.

The Rescued Boy. Mr. Editor: Allow me to express my hearty endorsement of the short editorial in this morning's Bulletin on "A Good Motto." In my thirty-two years of evangelistic and pastoral work, as well as in the years of journalistic work before, I have come in contact with many varieties of "boys," and not a few specimens whose home and sometimes school training had not calculated to make him particularly tractable, or enjoyable to refined society, and who would be termed by many as "hard cases." But this I have found, that while "boys" need a firm hand, yet when the firmness is mixed with unquestionable kindness, sympathy and love, the appeal to manliness, sense of honor and noble ambition has generally been met by a most gratifying response; and in all my ministry I have never yet had to put a boy out of a meeting, or make appeal to the police.

I well remember a lad of fifteen, so wild and untamable by the usual methods that a pastor and Sunday school superintendent had determined to deny him the entrance even to the church building. I requested them to wait till the meetings I was then beginning were concluded. The lad was a fine singer, and I placed him in the choir directly behind me, telling him I wanted him to help me with his fine voice by singing with so clear and true a tone that the rest would be carried along right by his leading voice. He gladly accepted the responsibility and was true to his promise. As the week passed and the Sunday of his proposed expulsion drew near, I drew him aside one evening and said: "Johnny, do you know that as far as I can find, about everybody has given you up as a 'bad egg,' except two. Jesus has not given you up, and I have not." The lad's eyes, as he replied: "I want to be good, Mr. Luther," and the next moment he was kneeling with me in prayer. There was no trouble with him after that, and when I went back to that church seven years later he had won his father's and mother's love, and sisters all to Christ, and to membership in the church. Years afterward, in another city, a fine looking man stopped me on the street with "How do you do, Mr. Luther?" For a moment I could not place him; then memory recognized the features, and I replied, "Oh, you are my Johnny!" "Yes," he said, "I'm your Johnny," and then he told me of his marriage to a fine Christian girl, his success as a Sunday school teacher in a large city school, and his position as superintendent in a large manufacturing establishment at a fine salary; and he was the "good uncombed, wild, incorrigible, according to common notion twenty years before."

W. C. LUTHER.

Norwich, March 31, 1909.

BRIEF STATE NEWS

Watersbury.—This city is to have taxicab services. Portland.—Pfechblend, from which comes radium, is said to have been found in Strickland's quarry at Portland. Norwalk.—Mr. and Mrs. Joseph P. Crossman of Norwalk recently celebrated the 60th anniversary of their marriage. Ask for Feigenspan P. O. N. Brewery Bottlings. On draught at leading hotels, cafes, bars.

Our BOCK BEER will be ready April 5 Wholesale Dealer and Distributor JAMES B. SHANNON, Commerce and Market Sts., Norwich, Conn.

the first day of the municipal new year. Oakville.—At the last meeting of the Oakville Mothers' club it was voted to have a school visiting committee of two to be appointed each month to visit the schools at least once during that time and to report at the next meeting.

DANDRUFF GERMS MUST GO

In America the dandruff germs must go. The war of extermination has been declared. The battle has begun, and already thousands of intelligent Americans have permanently rid themselves of this filthiness. Today it is no more necessary for a man to have dandruff in his hair than to have tar on his teeth. Dandruff can never be cured until the small, aggravating and indomitable dandruff germ is conquered and destroyed. And millions of dandruff germs have been destroyed, thanks to the great scientist and dermatologist who gave to the world Parisian Sage, the only real dandruff cure and hair grower the world has ever known. If you have dandruff, Parisian Sage will cure you in two weeks, or your money back. But besides riding the scalp of dandruff, Parisian Sage is guaranteed to stop falling hair and itching of the scalp. It is not a dye, it is a prime favorite with women of refinement. It makes the hair soft, lustrous and beautiful, and is not sticky or greasy. A large bottle for 50 cents at The Lee & Osgood Co., or by express, charges prepaid, from the American makers, Gironx Mfg. Co., Buffalo, N. Y. If you have backache and urinary troubles you should take Foley's Kidney Remedy to strengthen and build up the kidneys so they will act properly, as a serious kidney trouble may develop. Means Money for You

It means the most absolute cleanliness you have ever known. It means good health. We mean by all this that you should familiarize yourself with the package as shown above of Cabot's Sulpho-Naphthol. A few drops added to a pail of water reduces the labor of house cleaning one-half. Such a solution removes dirt, grease and grime, restores the color to all fabrics and gives to them longer life. Besides being a dirt-killer this "Liquid Cleanliness" is a positive germicide. It cures and prevents skin infection. Invaluable in the sick-room. Can be used anywhere about the house, not only as a cleanser but as a preventative of disease.
