The Bulletin Norwich, Friday, April 9, 1909.

The Bulletin should be delivered everywhere in the city before 6 a. m. Subscribers who fail to receive it by that time will confer a favor by reporting the fact to The Bulletin Co.

THE WEATHER. Forecast for Today.

For New England: Fair Friday, slightly cooler in south portion Saturday; fair moderate west winds.

Observations in Norwich. The following records, reported from Sevin's pharmacy, show the changes in temperature and the barometric changes Thursday.

Table with 4 columns: Time, Bar., Therm., Wind, Rain. Rows for 7 a. m., 8 p. m., Highest, Lowest.

Comparisons. Predictions for Thursday: Showers and cooler; southerly winds.

Sun, Moon and Tides. Table with 4 columns: Day, Sun, Moon, Tides.

GREENVILLE. Death of Michael Daley—Service in St. Mary's Church—Personal Notes.

Holy Week Services. There was a large attendance at the services in St. Mary's church on Thursday.

Personals. Maurice Flynn of Westerly was a visitor in town on Thursday.

Patrick Downing of Bridgeport is visiting at his home on North Main street.

There will be no session at the Greenville grammar school today in observance of Good Friday.

Miss Agnes Looby and Miss Mildred Dunn of Golden street are spending a week at the estates of relatives in Willimantic.

Miss Lucia O'Donovan of the Baltic academy is spending a week as the guest of her father, Thomas O'Donovan, of North Main street.

Nicholas V. Walsh of Trinity college, Hartford, is spending the Easter vacation as the guest of his parents, Mr. and Mrs. Nicholas Walsh of North Main street.

Miss Madeline Driscoll of Mount St. Joseph's seminary, Hartford, is passing the Easter vacation as the guest of her parents, Mr. and Mrs. D. H. Driscoll of North Main street.

William Brennan, son of Patrick Brennan of Seventh street, is able to be out this week after a several weeks illness with appendicitis.

The sprinkling car of the Connecticut company was out along Central avenue Thursday in observance of Good Friday.

Mr. and Mrs. Sidney Kofin have moved from Fourteenth street to the house at the corner of Fifth and North Main streets.

Mr. and Mrs. W. Malone of Fourteenth street are planning to move to the tenement in C. O. Murphy's block, now occupied by J. W. Sample, who will move to No. 69 Sixth street.

OPEN HOUSE FOR OLD FELLOWS Will Preval at Odd Fellows' Hall During Celebration in July.

Open House at the Odd Fellows' hall in the Olympic building for visiting Odd Fellows and Rebekahs during the 25th celebration is a plan that is being presented and discussed before the local lodges at the present time and received with favor.

Members of Canton Oneo, No. 2, do not expect that the changing of the celebration date from September to July will make any difference in the state prizes and equipment being held here but that the state officers will decide to change the date to accommodate the anniversary and this feature will be added to the attractions of the celebration. It is expected that there will be an attendance of 250 men for the parade.

Saving Trouble. The Russian czar has presented the German kaiser with 100 wild geese. This will save his German majesty the trouble of chasing any more for some time to come.—Washington Herald.

Lady Cook, better known to Americans as Tennessee Claiborn, is going to give an entertainment this fall in New York to which unmarried salaried people will be invited, the object to be matrimony.

A fine stock of POT GROWN Tulips, Bushes will be sold for one week at the lowest prices ever offered in Norwich.

Use the phone if you cannot come and see them.

Biennial License Vote for Norwich Hearing Before Excise Committee—Town Clerk and Counsel Favor Change in Interest of Economy

(Special to The Bulletin.) Hartford, April 8.—Town Clerk C. S. Holbrook and Town Attorney A. A. Browning of Norwich were before the joint committee on excise this afternoon regarding the holding of elections on the license question in Norwich every two years, instead of every year, as is possible now if there are twenty-five electors of the town who see fit to petition for a ballot on license.

The committee had before it two bills, both introduced by Mr. Tibbitts of Norwich, and both intended to accomplish the same object, that of providing for biennial license elections instead of annual, but one applying only to the town of Norwich and the other to all of the towns in the state.

It was explained to the committee by Mr. Tibbitts that the Norwich officials that the town of Norwich had done away with annual town elections, except so far as they relate to the election of school directors and assessors, and that there is now before the legislature a measure which will make it possible for Norwich to elect these officials only once in every two years.

When the custom of biennial town elections in Norwich became law, however, the town would be obliged to provide for the election of these officials every two years, and if there are those who desire one of these each year, they can bring this about, at an expense to the town of perhaps \$2,000.

These gentlemen felt that there was every probability that the law should be changed and in reply to questions by members of the committee expressed it as their opinion that if the matter were referred to the people they would be overwhelmingly in favor of the change.

There was no opposition to either of the bills, though members of the committee felt, and the representatives of the liquor interests agreed with them on this, that the bill which extended the biennial liquor election over the state at large was not quite the correct thing. There is no town in the state which now has biennial elections on all questions. A number have changed from annual to biennial town elections and some of the cities have done so, but in no case is it true that there are not some officials who are elected each year and there is no essential an election day annually, on which the license election could be held if desired.

H. H. Spooner, who represents the temperance interests before the legislature, while making it plain that he had no thought of seriously opposing either of the bills, except as he agreed with the thoughts expressed in the paragraph above, stated that in his opinion the bill referring to biennial liquor elections in Norwich only was unnecessary of passage at this time, for it was a healing act when there was nothing to heal.

He was, however, not in doing away altogether with the annual election and when it had, and it was manifest that for it to be possible for any town to do so, a bill through the legislature without difficulty. At the same time, he didn't oppose its passage now.

TEXAS EXPERIENCES OF JOHN J. SOMERS. Bills of Fare So Monotonous, It is Simply a Preference for a Method of Cooking.

From word received this week from John J. Somers, his friends may draw the conclusion that he is having a capital time. At the time of his writing Mr. Somers was in Waco, the town which is the center of Texas, and he is staying at the Hotel Metropole, which is the center of Waco. Waco, although a mighty fine place, is distinguished to the eastward in certain respects. In the whole town of 30,000 you can't see a good grocery store or market, the beef is the worst ever, there is no veal or lamb, and fish seldom seen, so it becomes somewhat monotonous there in the eating line.

In fact, the only variation at the hotel is, How will you have your eggs today? The Wacoans are fashionable people and they have the same styles that grace Fifth avenue.

During Mr. Somers' stay at one time the temperature was 85 degrees in the shade, and later the wind blew from the east, blowing the town with red sand, with which the country abounds this year owing to the fact that there has been no good rains since Christmas.

The corn is just out of the ground and the green acre stretch away for miles. Many fruit trees have been set out, around Waco during the last few years and some orchards are as many as 30,000 trees. Land is increasing in value and what five years ago was worth \$10 an acre is now worth \$20 to \$30.

Mr. Somers plans to leave for home April 25. During his absence William A. Somers has been doing the New York buying.

WINDOW AND WALL DAMAGED BY BLAST. Glass Which Skipped the Fire is Replaced by Mr. Shannon.

A blast set off at the Shannon building Wednesday afternoon sent a shower of loose rocks up into the tailoring rooms of Herman Wolf on the third floor of the building. It happened that the window sashes in Mr. Wolf's rooms, all except one, were out at that time, having the glass recently cracked by the fire, but the blast got that, and also a rock knocked a piece of plastering off the wall.

Mr. Shannon promptly sent up and had the damage made good.

IN THE CITY COURT. Bercome Found Guilty and Sent to Jail—Kros Guilty of Breach of the Peace.

In the city court on Thursday morning Samuel Bercome of Moseup street was found guilty of a breach of the peace and sentenced to the jail for thirty days and fined the costs of \$9.97.

For striking a colored man, Frank Kros was fined \$10 and costs, amounting to \$18.92, which he paid. Joseph Glabrowski had his case of breach of the peace put upon the payment of \$2.51, actual costs.

The city of Berkeley, Cal., has adopted a reform charter, prepared by Prof. William C. Jones of the University of California, which centralizes executive and legislative power in a mayor and four commissioners, and provides the initiative, referendum and recall. The recall provision for officers is just now receiving a lot of favorable attention over the country because of its service in enabling the Los Angeles (Cal.) people to get rid of a corrupt and misbehaving mayor midway in his term.

Rev. Lockett Adair, once a sheriff's officer in Texas, is drawing crowds at one of Newark's Presbyterian churches. He has been telling a Star reporter about his past. "I started early in life as a cowboy," he said, "and kept the pace for years with other men often pulling away a quart of whiskey in a day and getting home at night loaded full of the stuff and ready for a quarrel with anybody."

Lord Lucas tells a story of a patriotic schoolmaster in the Midlands who had been telling his pupils with what pride he had seen the flag of the United States country's flag ought to be all them. "Now, Tommy," he said, "tell us what you would think if you saw the Union Jack being proudly hoisted over a field of battle." Tommy considered. "I should think," he made answer, "that the wind was blowing."

A "Society of Plunkers" has been organized at Ohio Wesleyan university. Its ranks are well filled already. At a recent meeting invitations were extended to prominent alumni of West-levan who were drinkers during their college career. The most important of these are Vice President Frank Gussarski, Senator Forsaker and Mayor Whitlock of Toledo.

Characteristic of the Young. No young man just out of college ever surpassed Mr. Roosevelt in confident analysis of the exact needs of journalism.—Washington Star.

TAFTVILLE.

Joseph Robinson Leaves Employ of Ponomer Company After Over 35 Years' Service—Mr. and Mrs. Robinson Will Move to East Lyme—April Meeting of Missionary Society—Notes.

After rounding out over thirty-five years as master mechanic of the Ponomer mills, Joseph Robinson terminated his connection with that company Thursday night. There are few men in the annals of the great cotton manufacturing, one of the largest in New England, who have seen more years of service than Mr. Robinson.

And remember, pepin only digests animal food; it has no effect on starchy food, such as potatoes, rice, bread, etc. Mi-o-na cleanses and purifies the stomach and bowels, and tones up and puts energy into the stomach walls, so that they properly mix the food with the natural digestive juices of the stomach.

MI-O-NA tablets quickly arouse the stomach from its inaction, and in a few days it is able to do its work easily and without exertion. There will be no more sour stomach, indigestion of food, dizziness, sick headache, belching of gas, or foul breath.

MI-O-NA only costs 50 cents a large box, and is guaranteed by The Lee & Osgood Co. to cure dyspepsia, sea or car sickness, vomiting of pregnancy, and stomach sickness resulting from over-indulgence of the night before, or money back.

Born in England, Mr. Robinson came with his parents to Woonsocket, R. I., when three years old. After attending the public schools in the town, he entered the factory of the Social Cotton Manufacturing company at Woonsocket to learn the business. In April, 1873, he crossed Cook's machine at Woonsocket, where he served an apprenticeship of two years and three months and by that time had qualified himself as a machinist.

MI-O-NA only costs 50 cents a large box, and is guaranteed by The Lee & Osgood Co. to cure dyspepsia, sea or car sickness, vomiting of pregnancy, and stomach sickness resulting from over-indulgence of the night before, or money back.

MI-O-NA only costs 50 cents a large box, and is guaranteed by The Lee & Osgood Co. to cure dyspepsia, sea or car sickness, vomiting of pregnancy, and stomach sickness resulting from over-indulgence of the night before, or money back.
