

ELECTRIC ROADS WILL GET TOGETHER

earing on Old Lyme Street Railway Incorporation— Action on Chandler Motion.

(Special to The Bulletin.)
Hartford, May 6.—There was to have been a hearing this afternoon before the railroad committee on the petition of William H. Ely and others for the incorporation of the Old Lyme street railway, the line with which it is proposed to parallel the New London and East Lyme proposed extension to the Connecticut river, or build this new line, if the New London and East Lyme does not do so within a specified time, but the parties at interest appeared before the committee previous to the advertised hour of the hearing and asked for a postponement, which was granted.

PUBLIC UTILITIES.

Votes in New London and Windham Counties on Reconsideration.

(Special to The Bulletin.)
Hartford, May 6.—The intention of Mayor Dunn of Willimantic to object to a roll call vote on the question of reconsidering the Chandler motion, passed Tuesday, appointing a committee of nine members of the house, who were in the negative vote on the question of rejection of the public utilities commission bill, to which to refer the entire matter, was not carried out today, and the roll call was taken and the action on the Chandler motion reconsidered, though the mayor voted against it. He got into the limelight, however, by making an impromptu argument in favor of another "insurgent" matter later on.

After Tuesday's action had been reconsidered and Chandler had withdrawn his original motion, Chairman Burnes of the Judiciary committee offered a joint resolution providing for a

committee of nine representatives and two senators to consider the matter and report to the house a substitute bill by June 8. Chandler promptly offered an amendment providing that the house members of this committee be chosen by the speaker from among those who were in the minority vote referred to, and it was on this that Dunn made his sensational remarks.

The vote to reconsider the Chandler resolution was by roll call, New London and Windham counties voting as follows:
New London county—Yeas: Messrs. McDonald, Gadsbois, Rockwood, C. H. Smith, Crane, Larkin, Waterman, Wheeler, Hill, Home, Cronin, Brown, Maine, Pashnell, Noble, Thurston, Chadwick, Martin.
Nays—Messrs. Bunyan, J. W. Payne, Whiton, Tibbitts, Comstock, Absent or Not Voting—Messrs. Fajda, Brewster, Daniels, Shedd, Jodoin, Broughton, Gallup.
Windham County—Yeas: Messrs. R. E. Tift, Wright, Lovry, Baker, E. E. Keach, H. C. Keach, Briggs Lafrance, A. T. Grosvenor, McKaehnie, Dady, Gallup, J. A. Frink, Perrin, Child, Chaffee.
Nays: Messrs. Dunn, G. Smith, Riddick.
Absent or Not Voting: Messrs. Burnham, J. P. Grosvenor.

Horse Dropped Dead.

Liveryman Hodge lost one horse of a hack team Thursday evening about 9 o'clock, the animal falling in the harness in Market street, opposite Reynolds' meat market, and dying within a few minutes. George C. Park was driving the team and had been down to Montville with the hack. It was said that the horse was sick when it started and it collapsed on the return trip. Veterinary Tower was sent for and arrived just as the horse died. It was a sorrel, 5 years old, and a valuable animal.

Miss Potter's Fine Playing.

Miss Ella Potter of Norwich, who is making excellent progress in her studies at the New England Conservatory of Music, Boston, has an opportunity to show her skill as pianist at a recital by some of the more proficient pupils given in Jordan hall of the Conservatory building on Saturday afternoon, May 1. Miss Potter performed Rubinstein's Etude in G minor and his Tocata, in F sharp minor with a technical precision and power of expression that are insisted upon as prerequisites to public appearance at the oldest and largest of American schools of professional music.

RECEPTION TO CLUBS.

Officers of State Federation to Visit Danbury.
The Federated clubs of Danbury will unite to give a reception to Mrs. W. H. Phipps of Waterbury, president of the Connecticut State Federation of Women's clubs, and to Jay H. Hartwell, first vice president, at the home of Mrs. F. E. Hartwell, 16 West street, Wednesday afternoon, May 13.

Professor Richards Will Resign.

Prof. Charles B. Richards, for the past 25 years head of the mechanical engineering department in the Sheffield Scientific school at New Haven, has announced his intention of resigning, the resignation to take effect next June. He was one of the founders of the American Society of Mechanical Engineers in 1881 and was commissioner to the Paris exposition of 1889 in charge of reports on all mechanical exhibits. While not yet 30 years old, and working as a consulting engineer in New York, he invented the improved steam engine indicator, and for this invention received the decoration of the Legion of Honor of France. He came to Yale in 1884.

Twenty Deaths During April at State Asylum.

There were forty-one deaths in Middletown during April, twenty of them occurring at the Connecticut hospital for the insane. Fourteen of the number were over 70 years of age. Heart disease was the cause of thirteen deaths.

Recalled by Governor Lilley's Death.

The death of Governor Lilley of Connecticut leads the Manchester Union to discover that no governor of New Hampshire has ever died in office. This is true not only of the governors, since the adoption of the constitution of 1784, but of the provincial governors as well.

Memorial Day Orator Secured.

At East Hartford, D. C. Rodman post, No. 45, G. A. R., has secured the Rev. W. A. Gilbert of South Farms, Middletown, to deliver the oration on Memorial day. The exercises will be held in the First Congregational church.

FIRE ENGINE TESTED ON LAMB'S HILL.

New Mains Laid There by Supt. Burnap of Water Department Gives That Section Plenty of Water.

On Thursday morning at 8:30 o'clock Chief Stanton of the fire department had Engine No. 1 taken to the corner of Rockwell and Orchard streets for the testing out of the new water mains and hydrant there, and also for the occasional test of the engine. Four horses were used to get the steamer there, and a connection was made with the new hydrant, there being a steam-er connection. At the hydrant there is 20 pounds pressure, but there was soon 150 pounds water pressure shown on the engine's gauge, the stream being first through an inch and an eighth nozzle and then through an inch nozzle, the water being directed into the park. Everything worked satisfactorily to Chief Stanton, who was pleased with the equipment furnished by the water department. Water Commissioner Comstock and Supt. Burnap witnessed the test.

Residents of Lamb's Hill have had trouble in getting a sufficient supply of water, especially when the reservoir is low. Supt. Burnap the past year put in a new pipe for their benefit through Rockwell street, and placed this new hydrant equipped for a steamer. The results showed that the steamer got all the water it wanted when the inch nozzle was used. The residents of that section witnessed the test with much satisfaction also, as they realized the fire department would be of much benefit there now with plenty of water ready to be used.

INSURANCE PAID BECAUSE OF SHANNON BUILDING FIRE

Total Value of Buildings and Contents Was Double the Amount of Settlement, Which Was \$201,417.36.

Now that the insurance has all been adjusted on the buildings and contents as the result of the Shannon building fire, it is interesting to learn the amount at risk, the insurance carried and the amount paid. The total value of the buildings and contents was \$409,817.77. The insurance carried on these was \$308,378.40. According to the losses and the insurance underwriters, the loss on the buildings and contents was \$293,312.13, while the amount of insurance paid was \$201,417.36.

MUTILATING TREES.

Borough of Bethel Offers \$50 Reward for Offenders.
At Bethel a reward of fifty dollars has been offered by the officials for the arrest and conviction of the parties who have been mutilating trees in the borough of late. One of the mean works of vandalism was the deliberate cutting (evidently with a sharp axe) of a young elm tree on the walk east of the residence of Edwin Short on Blackman avenue. The tree was first badly hacked, a night or two after the tree was broken down entirely. There is a heavy penalty for anyone found committing such acts.

A SQUARE DEAL AND A SQUARE MEAL

Here's a square deal for the people who can't eat a square meal without after pain and distress. Go to The Lee & Osgood Co. today and get a 50 cent box of Mi-o-na tablets, the great prescription for indigestion and stomach troubles.

Take one, or if your suffering is intense, two tablets with or after meals and at the end of 10 days if you can't eat a square meal without distress go to The Lee & Osgood Co. and get your money back.

HYOMEI

Cures catarrh or money back. Just breathe it in. Complete outfit, including inhaler \$1. Extra bottles 50c. Druggists.

WANTS \$130,000 FROM HUSBAND.

No Further Action Is Said to Be Contemplated in Bridgeport Suit.
Papers have been filed in the Bridgeport town clerk's office in which Mrs. Ella B. Gilman Setzer, brings an action in damages to recover from her husband, Leonard Setzer, \$130,000. Property of the plaintiff put in the hands of a defendant and property of the defendant located in Bridgeport was attached in the action, which is returnable to the next term of the superior court, July 12.

Both parties to the action are prominent in society. Mr. Setzer is furthermore prominent in club life and is a member of the board of supervisors and tax collector. When questioned regarding rumors as to the significance of the action as preliminary to further proceedings of a different nature, Attorney Sklar said that no further suit is contemplated.

MILK INSPECTOR.

What Torrington Official Did During April.
The report of Dr. G. W. Loveland, Torrington's milk inspector, for the month of April, which was approved by the borough board, reads as follows: Number of dairy cows examined 202, barns and cow sheds 15, water 1, cream 2, milk coolers 15, barn yards ordered cleaned 1, stables 2, stores inspected 10, vehicles 8, measures ordered cleaned 1, number of samples of milk examined 45, number standard 41, number below standard 2, amount paid for samples 47 cents, total amount of milk sold per day from these cows 1,697 quarts.

Bishop Tierney's Pledge.

It is only now that the real benefit to society from the good work inaugurated in this diocese by the late Bishop Tierney is making itself felt. The other day a boy who took the pledge when he was confirmed reached his majority, the time limit of the promise and taxation, and he intended to keep it up. "Oh," he replied, "I know nothing about drink and I hope I never shall." This is just what Bishop Tierney predicted most young men would say who could be kept free from the vice of intemperance until they had attained the age of 21 years. —Waterbury Democrat.

Groton.—A number of the domestics employed by Morton F. Plant at Brantford house, Eastern Point, arrived from New York Wednesday to prepare the mansion in readiness for the owner's coming.

44 Stores — Open an Account — Lowest Prices

CLOTHING ON CREDIT

BUY NOW, PAY LATER
