NORWICH BULLETIN, TUESDAY, JULY 27

Capacity of Uncas Power Plant Fully Understood and Low Water is Outside the Province of Man—Steam Plant Has Been Used Only Six Full Days—Contract Demanding Current Would Mean a Higher Rate—Dry Spell Gives Chance for Steam Plant to be an Asset.

Because of the recent spell of dry weather and necessarily low water in the rivers causing the starting up of the steam plant at the electric light station, there have been many statements made regarding the capacity of the Uncas Power company to furnish electricity to the city.

The officials said: "We are surprised to learn and we refuse to believe that any fair minded, thinking people are indulging in any such idle talk as you report, but since you do insist upon us for information, you may say this to the public."

The Uncas Power company has made no miscalculation as to its ability to carry out its contract with the city of Norwich, both in spirit and letter.

The contract provides and the price to the city for the current is based upon this provision: "Ninth. The company shall not, except as hereinafter provided, be liable for any interruption in or cessation of the supply of electric current under this contract, caused by the act of God, by low water strikes or any other cause not attributable to the willful or gross negligence on the part of the company."

Had the Uncas Power company contracted with the city of Norwich to supply the required amount of electric current at any and all times, regardless of the season, with the expense of operating and maintaining the same. This of itself would have necessitated the increase of the price for the current to more than double the present price of 1.10 cents per K. W. H. which, according to our best information, is as low as the lowest price ever paid for electric energy in this section.

The present low water is unusually early in the season and would indicate an equally early break. In 1907 the dry season in this city occurred in August. On September 29, 1907, we had a rain of nearly twenty-four hours' duration, and gave a rise of water in the river of about six inches. On November 7, 1907, we had the greatest freshet ever known in this river at that period of the year.

The normal water in the Connecticut river has a producing capacity of upwards of 4,000,000 K. W. H. per annum. The city of Norwich will have to nearly double its present load to consume half of this amount.

As a matter of fact the city has been called upon to supply the deficiency to the extent of 100,000 K. W. H. during the last six months of the year. The company commenced operating, and all but six hours of this was caused by extreme low water.

In 1921 the lowest water occurred in December, and January, 1922, and was the most protracted and most severe low water period ever known. If the Uncas Power company was able to supply all the current consumed by the city at the low water period, the city would have no further need for its present steam electric plant, and the investment would become an absolute loss. Our contract is based upon the contingency that the city owns the plant, and the company is to supply the city being able thereby to supply in case of low water or other unavoidable occurrences. This company has the largest capacity of any power plant in the city, and is able to draw their pond down to the lowest point, but has kept some water in reserve so that in case of the city machinery breaking down, it would be able to carry the full load, the Uncas Power company has held itself in readiness to cut in and carry the load to the last drop of water available.

The United States government reports show that the lowest water in the Shetucket river between 1880 and 1927, inclusive, averaged only three to four months in each year as the low water period, and the Uncas Power company is no exception to this rule.

PICNIC ON LABOR DAY. State Affair at Odd Fellows' Home in Groton.

The preliminary steps for the state picnic at Fairview, Odd Fellows' home, were taken at the home on Sunday, when committees were appointed from the Groton lodge and subordinate lodges for the picnic, which is Monday, Sept. 2. Past President Leopold de Leeuw of the home, Mr. John C. Palmer, chairman of the general committee, President Selah G. Blakeman was present.

William Cullen of Mohagan lodge will make the chowder and Ernest S. Decker of Pequot lodge was appointed to secure tables, crockery and silverware. Mrs. E. Palmer of Hope lodge is the committee which will provide coffee and attend the tables. The athletic programme will be arranged by Fred J. Hope of Thames lodge.

The following Odd Fellows were present as representatives of the Norwich lodges: From Uncas lodge, F. E. Green, Henry M. Betting, Shetucket lodge, Frank Smith, John C. Palmer, and from Hope lodge, Mrs. Lucia Palmer, Mrs. Mary E. Green and Mrs. Ada M. Revel.

WEDDING. Whipple-Potter. Philip T. Whipple of Groton and Miss May H. Potter of Norwich were married Saturday night at 7:15 o'clock. The ceremony was performed by the Rev. Mr. Smith, John C. Palmer officiated the knot, which was performed in the ice cream parlor of L. Hallikas in Groton.

The young people went to the office of Attorney Lawless Saturday night and said that they wanted to be married. Mr. Lawless was about to perform the ceremony when he discovered that the marriage certificate had been made out in the town of Groton. All three immediately went across the river, where the justice of the peace performed the ceremony. The couple took the 7:20 o'clock car for Westerly.

The wedding was not without its romance. It is claimed that Miss Potter's parents held out objections to the marriage of the couple, which was to have taken place in September. The couple thought that as they were the ones most concerned they could not let themselves, and they lost no time in putting the matter beyond the control of the father.

TOOK COAT AND MONEY. New Haven Young Man Arrested in New York for Theft.

New York, July 26.—At the request of the New Haven, Conn., police, Brooklyn detectives tonight arrested Stanley Simons, 26 years old, who is charged with stealing a coat and a small sum in cash from his father, Severance Simons, said to be first reader of the Church of Christ, Scientist, at New Haven. The police here say the lad admits the theft and explains that he wanted the money to bring a young New Haven woman, whose photograph was found in his pocket, to New York, where they planned to marry.

TAFTVILLE

Shanty for Laborers and Office for Foreman of Bishop Company Going Up on Norwich Avenue—Postmaster Waller is Back—Local Interests.

This week the workmen of the Bishop Construction company are putting up a large shanty for the laborers who are to come very soon. An office for the superintendent, Mr. Waller, and a toolhouse are also being built.

On Lookout for Goodhart. Policeman Brennan was in Ocum and Bait Monday searching for Goodheart and Goodgreen, the young men who caused the trouble on Galloway Hill Saturday night. Officer Brennan is determined to catch Goodhart, as the people of Taffville are incensed over the trouble.

Laying New Sewer. The workmen of the Penomah company are engaged in laying a sewer for the new crosslock on Slater avenue between South A and B streets. The sewer pipe will join the main pipe on South A street.

Unclaimed Letters. There are unclaimed letters addressed to the following in the Taffville postoffice: Mrs. A. Anderson, Miss Ella Anderson, Willie Chenette, Geo. E. Campbell, Mad. Sander, Grainer, Miss Edith Lewis, Miss Alida Onellett, Fred Volpini.

Record Black Bass Caught. On a recent fishing trip on the Shetucket river Edward Duprey made a catch of a huge black bass. The bass, which was hooked at 3 o'clock in the morning, weighed two and three-quarter pounds at 6 o'clock in the evening of the same day and all the local fishermen say that if weighed when taken out of the water it would have tipped the scales at three pounds easily. This is the largest black bass ever caught in the river in many years, and Mr. Duprey, who has fished this river for several years, is greatly elated over his catch.

Personal Mention. George Waller, the general postmaster, is back at work again after a vacation of a week.

Mrs. Hampson of South A street has returned from a visit with relatives in Biddeford, Me.

Charlie O'Neil of Boston is visiting his aunt, Mrs. McCarthy, of Merchants' avenue, this week.

Miss Beale Deane of North Adams, Mass., is spending her vacation at the home of her friend, Miss Alice Stevenson, on Norwich avenue.

Ernie and Lee Fish of Hunter's avenue spent today (Tuesday) for North Grovesville, where they will visit their aunt, Miss Beauregard.

Peter Richards has moved his family and household goods from Pequot to Lebanon and is visiting at the home of Mr. Fontaine on Merchants' avenue.

Timothy Kelleher of New Bedford is visiting his father, who was attacked Saturday night. Mr. Kelleher's injuries, which are painful, are mending slowly.

George Tatro, the brother of Henry Tatro, first baseman for the former Norwich-Taffville team, with his wife and children is visiting at the home of Mr. Fontaine on Merchants' avenue.

Napoleon Roderick of New Bedford was visiting Gus Paradise and other friends in Taffville Monday. Mr. Roderick, formerly resident in Taffville and has many friends here who were glad to see him.

Nelson Raymond of the People's store has returned to work after a vacation spent in Manville, R. I. Mr. Raymond's wife and children, who went with him, have not returned yet, but will come in a few days.

Sam Taylor and John Seidel, local boys, are being paid a little this week about their fishing trip. Excited by the story of Ed. Duprey's big catch, they went fishing, and all they caught was a big mud turtle which they were afraid to take of the hook.

Miss Lettie Langenbach, the cashier in the People's store, is out this week on a vacation. Miss Flynn, also of the store, is spending the week at Block Island, after which Miss Langenbach will visit friends in New York and Hoboken.

CAN'T CONTRADICT THIS

No Matter What Skeptics Say We Have Proved That Miso-na Will Cure Dyspepsia.

"I gratefully acknowledge what Miso-na has done for me. I have taken two boxes and can say I have been cured of stomach trouble which no one on earth had it any worse than me. I have increased in weight. My weight is 135 pounds, the most I have gained in fourteen years. I think that everyone who is troubled with their stomach should try this wonderful medicine."—Tours, a very truly, Mrs. Emma Schreyer Foley, R. 0.

There are any number of thin and scrawny people in this world who are in that condition simply because the stomach is out of order and does not extract the nutritious matter from the food to supply flesh to the bones. If these people would take Miso-na tablets with or after meals for month they would take on good solid flesh just the same as Mrs. Schultz did.

Miso-na tablets are known the country over as the sure cure for indigestion, belching of gas, sour stomach, coated tongue, sick headache, heartburn and catarrh of the stomach. Leading druggists everywhere sell Miso-na. The Lee & Osgood Co. sell them in Norwich for 50 cents and guarantee them to cure or money back.

WOMEN

Cures catarrh of money-back. Just breathe it in. Complete outfit, including inhaler. Extra bottles 50c. Druggists.

Everyone would be benefited by taking Foley's Orino Laxative for stomach and liver trouble and habitual constipation. It softens the stomach and breath, gently stimulates the liver and regulates the bowels and is much superior to pills and ordinary laxatives. Why not try Foley's Orino Laxative today? Lee & Osgood Co.

William C. Smith of Franklin accompanied them.

A Norwich Town resident now at Quonochontaug writes that just before the storm the point at Quonochontaug was black with people who were watching the fishermen haul in a seine full of immense fish. On Friday and Saturday the surf was at its grandest, the result of Friday's storm. The oranges on the beach are nearly all filled and many of them are rented for the season.

Sermon by Rev. G. H. Ewing. At the First Congregational church Sunday morning the pastor, Rev. G. H. Ewing, preached an interesting and helpful sermon from the text, Luke 9: 28: "And as he prayed the fashion of his countenance was altered, and the following points were made and discussed:

Answers to our prayers do not always come as we expect, but according to the wisdom of God.

The significance of the transfigured face was a spiritual triumph, and as applied to us is a thing of our way and the finding of God's way. We all have a definite mission in life to fulfill and we must find it. Christ found his at Mt. Hermon.

The first requisite of a peaceful and triumphant life is to discover the mission God gives us, and to have the grace given us to pursue it.

The transfiguration stands for one great reality in life—communion.

The supreme fact in the life of Christ was God; the supreme duty in the life of Christ was keeping himself in harmony with God; the supreme result of his keeping himself in harmony with God was his God-likeness or the transfiguration.

Our aim should be a supreme fellowship with Jesus Christ. We all may find our Mt. Hermon, and that will be our meeting with our Saviour and our transfiguration face.
