Must Have Been Cool. The Brooklyn Eagle thinks that the bride couple who tramped over the Presidential range of the White mountains, he in the high silk hat and frock coat, she in the Paris hat and high-heeled French shoes, who were on their wedding trolley, will find it satisfying in after years to realize that they did not elect to detract from the grandeur of the society. LIFE OF A PIMPLE

Complexions are Cleared and Pimples Disappear Overnight Without Trouble.

The dispensers of posium, a new skin discovery, asks that notice be given that no one is urged to purchase it without first obtaining an experimental package. Everyone who has tried it knows that the fifty-cent box, on sale at Lee & Osgood's and Smith's drug store in Norwich, Larue's in Putnam, Woodward's in Danvers and Chesedro's in Willimantic, and all drug stores, is sufficient to cure the worst cases of eczema, where the surface affected is not too large. The itching ceases on first application. It will also cure acne, blotches, scaly scalp, hives, barbers' and every other form of itch, including itching feet. Being flesh-colored and containing no grease, the presence of posium on exposed surfaces, such as the face and hands, is not perceptible. Water and soap cannot be used in connection with it, as these irritate and prevent skin troubles, sometimes even causing them.

As to the experimental package of posium, it can be had free of charge by mail of the Emergency Laboratories, 22 West Twenty-fifth Street, New York. It alone is sufficient to clear the complexion overnight, and to rid the face of pimples in two or four hours.
