Demurrer or Plea in Bar Sustained
Decision of Judge Wheeler in the Case Against Fox et al—Adultery Case will Go to Jury This Morning—No Evidence Offered in Defense.

Judge Ralph Wheeler on Thursday in the criminal superior court in session here, handed down his decision sustaining the demurrer to the plea in bar in the case of the state vs. Abraham Fox et al., of this city. The accused were arrested for receiving stolen copper, taken from the tracks of the New Haven road which had been bonded for use by the electric line to Central Village. In the city court, the case was heard and the accused were discharged. On another information they were again arrested, at which time a plea in bar was filed by the attorneys for the defendants, claiming that they had been in jeopardy once, and could not be placed therein again. The matter was argued on the legal question as to whether the demurrer was correct, and the plea sustained. A bench warrant was then secured by the state attorney and the accused were brought into the superior court, where the same plea in bar was filed, which the state attorney entered a demurrer. The arguments were made last week. It is possible an appeal will be taken from this decision.

The motion for a new trial in the Addie Burns case, she being in state prison serving a sentence of twelve to twenty years for the same crime, will not be heard by Judge Ralph Wheeler, as he was the judge in attendance at the session when she was tried and found guilty.

Tomlinson's Bond Called.
At the opening of court Thursday morning the bond in the case of the state vs. George Tomlinson of Groton was called.

After a consultation between State Attorney Hill and Attorney R. H. Denison, counsel for Tomlinson, it was decided that the bond should be forfeited. The bond, which was for \$2,000, was given by Tomlinson's mother, Mrs. Jane E. Lamb. Tomlinson was arrested about a year ago, charged with assault on a girl named Mary, of Norwich, who employed as a domestic for a family in Groton. After trial in the town court he was bound over to the superior court under \$5,000 bonds, which were furnished by his mother. When the case came up for trial at the next term of the superior court, Tomlinson failed to appear and through the attorney of the state the bond was held open. He had gone to Boston, where he was found and brought back to Groton. At the opening of the court Tomlinson was held in custody, but when his case came up he had disappeared from the court room and could not be found. The bond was held open by State Attorney Hill until this term of the court.

Tomlinson's case created considerable comment, as has also the manner in which the young man has acted in disappearing during the trial. His case was about to come up for trial. During the intervals between terms of the court he has been in Groton considerably.

Adultery Case Tried.
A jury was selected for the trial of the case of the state vs. Christina Felcone Ferraro, charged with adultery here with Joseph Viterito.

Antonio Ferraro, the husband of the accused, who is now living in Newark and is 37 years old, was the first witness. He testified to living in Worcester eight years, and that during that time he was married to the accused. They moved to this city later and while here the accused deserted him and went to live with Viterito. She had their child and the wife wrote the husband to come here and get it, which he did, sending his niece to the

MONTVILLE MEETING.
Feeling that a Supervisor Should Be Named.

Montville had a special town meeting Tuesday afternoon in the town hall to take action upon the number of persons who shall be elected on the town school board in future and it was voted that the board shall consist of three.

The meeting, which was fairly well attended, was most harmonious, the vote being unanimous. The meeting was presided over by First Selectman Moses Chapman, with Martin V. Brainard, clerk. The board as it has been constituted for the past few years, during which the schools have been under the management of the district superintendent, has consisted of nine members. While under town management prior to that the board consisted of six members.

The present board, which should be out of office this fall, and a new board of three will be elected.

There is a rather strong feeling in the town that a good supervisor should be appointed, and it is expected his entire time to the superintendency.

IF IT DISAPPEARS IT'S ECZEMA
How to Tell Whether a Skin Affection is an Inherited Blood Disease or Not.

Sometimes it is hard to determine whether a skin affection is a sign of a blood disorder or simply a form of eczema. Even physicians are often puzzled in their diagnosis. The best way for any one afflicted to go to Lee & Osgood's, and Smith's drug store in Norwich, Larue's in Putnam, Woodward's in Danielson and Chase-bro's in Willimantic or any good drug store, to handle pure drugs and obtain 50 cents' worth of poslam. Apply this and if the itching stops at once and the trouble is cured in a few days it may be set down as having been eczema, as this is the way poslam acts in the worst cases of eczema, and in curing acne, herpes, blotches, tetter, psoriasis, salt rheum, itching, and all other forms of itchy, scaly scalp, and all surface skin affections.

Any one who will write to the Emergency Laboratory, No. 32 West Twenty-fifth street, New York, can secure, by mail free of charge, a supply sufficient to cure a small eczema, or obtain a prescription overnight and remove simple in twenty-four hours.

Joseph Belair returned to his home on Providence street Tuesday after several months' treatment at a Norwich sanitarium. He is somewhat improved.

Hunters avenue gardens are productive this year. Hector Belle recently picked one and three-quarter pound tomato, and this week Joseph Cadourette dug a pound potato.

Stanislav Denuau of Roxton, P. O., arrived in Taftville Tuesday night and is the guest of his mother-in-law, Mrs. Marie Germain of Meriden.

Mrs. Danahy and her son are with him and all plan to make their home here.

Elmer L. Kingsley is laid up at his home No. 42 Main street, with a strained and bruised right shoulder as the result of being thrown out of a team in a runaway accident Thursday morning. With a friend he had been out to look for mushrooms and was returning along the road near Bates' ice house, when a part of the shaft gave way, striking the horse on the heels and starting him into a run. When they struck a high bank on the side of the road, the two men were thrown out. Mr. Kingsley landing on his right shoulder, but his friend escaping injury. The horse ran on a little way and was caught. The men walked home and went to the office of Dr. J. J. Donohue, who treated Mr. Kingsley's injured shoulder.

GREENVILLE
Local Mention—Telephone Company Has New Cable on Boswell Avenue—Bible Class Closes Outing.
Mrs. F. H. Gallup of Willimantic is the guest of Mrs. W. J. Malone of Central avenue.
Sergt. Richard Connell has returned from a vacation spent in New York city, and Policeman A. C. Matthews is again on the Greenville day beat.
A number of local people are making preparations to attend the Hudson-Fulton celebration, and some of them plan to leave Saturday for New York.
Bruno Pedace and the Misses Benjamin of North Main street have recently had their property on Central avenue improved by the addition of a new sidewalk.
Mrs. Pierre H. Ethier of Central avenue left for Fall River, Mass., on Thursday afternoon and after a short stay will return with her daughter, Dora, who has been attending the convent of St. Mary in that place.
The Good Will Bible class has decided not to hold a second outing this fall and instead will reserve their energy for doing better later on. The class is planning to have an interesting winter social season.

A striking result of the damp weather was seen in the grammar school on Thursday. On many of the blackboards it was almost impossible to write with the crayons and in one room some of the writing had disappeared temporarily, owing to the extreme dampness.
The Southern New England Telephone company will finish putting up one 50-foot aerial cable on Boswell avenue Saturday. The new cable, which is required by the increasing telephone service, runs from Franklin street and joins the trunk line, which runs up into North Main street, at the Point. Foreman Nichols and Lineman Kniffin have been doing the work, which has taken six weeks.

CHOOSING A HAT.
Not Difficult to Get One That is Stylish and Becoming—A Pointer for Shoppers.

Inspection and admiration of beautiful fall and winter hats went on briskly on Thursday, in spite of weather conditions, many shoppers from neighboring towns coming to get a look at the latest ideas in fashionable headwear.

A model which appealed to many was an Aiken toque in shirred olive mirror velvet, its ornamentation a beautiful gold flower with foliage.

Much attention was attracted by an elegant white kid turban with black velvet puffed brim, and trimming of four black French head tips.

A dashing continental pattern hat in black Benzeline was trimmed with black velvet, a gold military cord, white plumes, marabout and paradise feathers.

Nearly all displayed a large pink satin model, its crown of applique black lace. The effective trimming was pink plumes, a large jet still in the hair so prominent this season, soft pink loops and ogles.

Especially lovely was a miss' model, mushroom shaped, in white tulle plush, its trimming a wide loop of white moire ribbon.

Leaf tones are the fall of the season. A becoming tam o' shanter of panne in leaf greens, had for trimming a fancy brocade and quills in
